historie indonesisk verdensdel oprøret i brunei sarawak guerillakrig royal ulster rifles junglekrig tawau bagholdsangreb taktikændring sikkerhedsstyrker

an account of the way in which hollywood has achieved almost total sovereignty over the world's movies it tells of a battle which has seen hollywood establish itself as a global cultural and economic force and in the process devastate the national industries of many other countries

discusses the controversy between a declared war and an undeclared war and whether or not the president and congress has a right to send troops according to the constitution the author suggests that to this very day almost all u.s. laws about the appropriate constitutional control over

using force face serious challenges from developments such as future weapons technology and information technology since they originated out of the eighteenth century

not since the second world war has there been such a gulf in wealth income and power between the rich and the rest of the population of canada the fight against the deficit has been largely won and economic growth has resumed but a deeply divided society is emerging on the one side are the winners the small minority who have struck it rich from corporate profits and stock markets on the other side is the majority facing meagre gains or even losses in income conflict between the classes has returned with a vengeance to become the most important issue of our time in the undeclared war james laxer cuts through the headlines and the conventional interpretations to reveal the truth about the new class war and what it means for north americans

sequel to entangling alliance bibliographical references included in notes p 379 471

for this new edition louis fisher has updated his arguments to include critiques of the clinton bush presidencies particularly the use of force act the iraq resolution of 2002 the preemption doctrine of the current u s administration the order authorizing military tribunals

the first comprehensive english language history of the japanese imperial army based largely on japanese language sources traces the origins evolution and impact of the army as an engine of japan s regional and global ambitions and as a catalyst for the militarization of its homeland

political scandals have always demonstrated the capacity of our executive officials for self inflicted injuries and the clinton administration was no exception unilateral warmaking claims of executive privilege and immunity and last minute pardons all tested the limits of presidential power while the excesses of the special prosecutor cast doubts on available remedies for eight years republicans and democrats engaged in guerrilla warfare aimed at destroying the careers and lives of their adversaries while tests of presidential power were resolved by the courts resulting in a reshaping of the scope and power of the presidency itself this book examines the many controversial and important battles that led to the shrinking of the presidency under the law during the clinton administration located at the intersection of law and politics it helps readers understand the dramatic changes that took place in the relationship of presidential power to the law during the clinton years and shows how one president s actions and congressional and legal reactions to them have altered presidential prerogatives in ways that his successors cannot ignore the presidency and the law offers an assessment of changes in constitutional and legal understanding of the american presidency exploring such topics as war power executive privilege pardon power impeachment executive immunity independent counsel and campaign finance in examining these collisions between president and the law its distinguished contributors bring the lessons of watergate and iran contra

into the Clinton era and contribute to a Madisonian view that presidents should not operate outside statutory and constitutional constraints while the essays offer several criticisms of that administration's exercise of power and its interpretation of constitutional provisions and law many of the authors have been supportive of Clinton and his policy pursuits and all seek to examine the potential impact of the Clinton administration without being predictive or legalistic they offer instead commentary analysis and criticism that examine the legality and constitutionality of President Clinton's actions within a broader political and historical context the presidency is constitutionally weaker and politically more vulnerable than the office Bill Clinton assumed in 1993 and it remains to be seen what impact these changes will have on the presidency in the 21st century this book points the way to assessing that impact and is essential reading for anyone concerned with the future of our democracy
