an unmissable guide to banking leadership excellence embark on a transformative journey into the realm of leadership excellence with mr v chandrasekharan s compelling book tailored mainly for those already entrusted with or likely to be entrusted with a leadership role in the banking sector and students aspiring for management careers in banks this literary gem draws inspiration from vince lombardi s timeless words of wisdom leaders are not born they are made and they are made just like anything else through hard work the book should be of interest to retired bank executives and officers too as the author s portrayal of the intricate pathways within the banking domain so familiar to these veteran bankers is bound to evoke in them nostalgic memories which have a special place in their hearts chandrasekharan a former banking professional weaves his passion for nurturing leaders into every chapter delve with him into the ins and outs of each of the all important 18 qualities and 7 crucial skills which are essential for a leader and unlock your full leadership potential

people once stood in awe of electricity writes dale zand until scientists identified and harnessed its

three basic variables voltage current and resistance likewise people marvel at the achievements of successful leaders such as Lee Iacocca at Chrysler or Jack Welch at GE and wonder how they do it in this superb volume Zand dispels the mystery surrounding leadership so that managers at all levels from the CEO to the shop supervisor can develop the skills needed to lead effectively Zand highlights the three elements required for leadership in today's information-driven organizations knowledge trust and power knowledge Zand argues is essential to decisionmaking leaders must be able to tap information about customers products and processes found throughout the organization the book brims with suggestions about how to tap this knowledge the author demonstrates for instance how a leader's attitudes and behavior can release or repress the flow of knowledge in a corporation he shows how at one failed home appliance company managers suppressed information about customer complaints and reprimanded factory workers for suggesting changes fatal mistakes he outlines how the skillful use of questions can draw out and highlight the knowledge managers and workers possess and he discusses how to avoid subtle obstacles such as the complacency of success to improve the link between knowledge and action trust the second element of the triad helps a leader achieve open collaborative communication indeed Zand shows that the degree to which people trust a leader determines how much access they will give him or her to their knowledge the book explores the key elements in the development of trust a leader must disclose relevant information share influence live up to the spirit of agreements and not abuse power and also illustrates some basic laws of trust mistrust drives out trust trust stimulates productivity and mistrusting groups self-destruct Zand then considers power showing how the leader must set the agenda for the firm select develop and motivate the people who will implement the agenda and examine and adjust individual performance equally important he shows that in knowledge-driven organizations the effective leader rarely issues directives but instead acts more as a consultant or a client to lead Chrysler's recovery effort in the 1990s for example CEO Robert Eaton senior managers and project leaders all met when a new car model was to be created or redesigned after the objectives were worked out the design group was turned loose to organize itself and get the job done freed from constant second-guessing by top bosses teams worked harder and took greater pride in their work by the mid-1990s this design-consignment process was so effective that Chrysler's speed to market and reduction of development costs far exceeded its U.S. competitors masterfully written knowledge trust and power is a down-to-earth powerful guide full of examples many from the author's consulting experience of companies from General Motors Wal-Mart and American Express to electronics manufacturing and health care organizations it offers a wealth of practical information to managers at all levels and to anyone who aspires to a leadership position

Bank Manager as Team Leader covers the entire spectrum of practical interpersonal aspects of professional management to prepare bank managers for success in leadership roles some of them might have witnessed how workforce conflicts distract the workforce from performance resulting in overall poor productivity this book will help them to learn to avoid or reduce the financial and emotional costs associated with troublesome interpersonal behaviours at work the salient features of this book include the ways how the performance review meeting can be meaningful workplace conflict management stress management for team leaders the art of positive criticism and the role of a team leader in the present digital banking environment this book covers the topics required for a team leader to reach his/her team members and release their talent into optimum performance and also discusses why team leaders are needed instead of bank managers Bank Manager as Team Leader

comprehensively shows the strategies with which the author in higher positions of responsibility has successfully overcome the hurdles of distraction it is a must read for every banker and those who aim to take a lead in their banking career as a successful team leader

there has been lots of discussion of digital and open banking banking as a service banking platforms fintech and techfin and more over the past decade this all indicates that we are in a decade of rapid cycle change that presents huge challenges and huge opportunities billion dollar unicorns appear rapidly whilst internet giants achieve global domination how are banks dealing with these changes and are any banks showing leadership well yes a few are with all the gloom merchants saying that traditional banking is doomed a few banks have made radical moves to adapt and survive chris skinner world leading commentator on banking and technology has selected five of those banks jpmorgan chase usa bbva and ing europe and dbs and cmb asia to share their experiences in detailed interviews and with wide ranging commentary he has discovered the secrets of how not just adapt and survive but how to thrive in this sea change of finance and technology learn the lessons of the leaders and learn how to become a successful digital bank by doing digital
