international organizations play an important role in the development of education around the world some have a direct impact on the rights of children and parents in education while others have an indirect impact by addressing such issues as health welfare or finance prominent among the most influential international organizations are the members of the united nations family of agencies although regional development banks and trade union organisations also play important roles and no mention of international organizations would be complete without reference to the pisa programme of the oecd although the oecd does much more in the field of education the role of international organizations in education provides an introductory background to the operation of organisations that have had a direct and lasting impact on the implementation of educational policy in an international context the accounts provided give researchers and practitioners to the field an initial account of the organizations their development over the last seven decades and their changing influence on the practice of education by including voices from countries on the receiving end of international policies the volume also introduces some of the debates that pervade in the field of international education

it has been four decades since the publication of adrienne rich s of woman born but her analysis of maternity and the archetypal mother remains a powerful critique as relevant today as it was at the time of writing it was rich who first defined the term motherhood as referent to a patriarchal institution that was male defined male controlled and oppressive to women to empower women rich proposed the use of the word mothering a word intended to be female defined it is between these two ideas that of a patriarchal history and a feminist future that the introductory text interrogating motherhood begins ross explores the topic of

mothering from the perspective of western society and encourages students and readers to identify and critique the historical social and political contexts in which mothers are understood by examining popular culture employment public policy poverty other mothers and mental health interrogating motherhood describes the fluid and shifting nature of the practice of mothering and the complex realities that define contemporary women s lives

engineering is more than a number crunching business it is a matter of life and death in 1907 when engineering errors led to a canadian bridge collapse that killed seventy five men the profession s moral obligations were stark and obvious engineers increasingly realized that technical expertise was not enough and in 1925 a group of canadian engineers formally and publicly promised to uphold the highest ethical standards to remind themselves of their pledge they fashioned iron rings to be worn on the outer finger unfortunately for decades engineers in the united states had no similar institution then on a summer day in 1970 170 engineers students and teachers met on the campus of cleveland state university for the first ceremony of what would become the order of the engineer today the stainless steel rings worn by the order s members are recognized throughout the world as the outward sign of an inward commitment to ethical engineering this 50th anniversary edition tells the story of the order s origins and growth over half a century kip a wedel teaches american history at bethel college in north newton kansas
