bookdown authoring books and technical documents with r markdown presents a much easier way to write books and technical publications than traditional tools such as latex and word the bookdown package inherits the simplicity of syntax and flexibility for data analysis from r markdown and extends r markdown for technical writing so that you can make better use of document elements such as figures tables equations theorems citations and references similar to latex you can number and cross reference these elements with bookdown your document can

even include live examples so readers can interact with them while reading the book the book can be rendered to multiple output formats including latex pdf html epub and word thus making it easy to put your documents online the style and theme of these output formats can be customized we used books and r primarily for examples in this book but bookdown is not only for books or r most features introduced in this book also apply to other types of publications journal papers reports dissertations course handouts study notes and even novels you do not have to use r either other choices of computing languages include python c c sql bash stan javascript and so on although r is best supported you can also leave out computing for example to write a fiction this book itself is an example of publishing with bookdown and r markdown and its source is fully available on github

how to write your first book and publish it online dear friend i have written seventeen books in five years considering that each book has about 80 000 words i have typed approximately 1 360 000 and if we count the ones i have deleted surely the amount is close to double jack kerouack boasted that he had written a million words and it is very clear that jack kerouack was a great writer i personally love him at the time jack kerouack wrote his works mid 20th century there was no google drive no amazon no virtual bookstores no possibility of publishing your work immediately on the entire planet now you have all that within reach of your index finger and if you have all the tools why aren t you using them already this book is the fruit of my own experience from the first sketches of something similar to a novel without any respect for the tempos to the fact that at present a new work is published every two months of course behind the result there are infinite hours of work but it is an effort dedicated to something exciting i always say that the hours of dedication to something i love don t count everything is in your favor let s go there 12 commandments of independent self publishing in this essential new guide for writers who publish their books independently joan pont delves into the 12 basic rules that will allow them to reach the goal of a literary career full of achievements and satisfactions the world of self publishing is vast complicated and inaccessible for many beginning writers and can lead to immense frustration only with the 12 commandments of independent self publishing will you be able to visualize the right approach from the start and achieve sales and market penetration like you never imagined come on you ll get it joan pont s works available on google play books serie yes i want it yes i can translated into many languages 1 how to write your first book and publish it online 2 essential advice on how to prosper economically in life 3 help my child wants to be a youtuber 4 the 12 commandments of independent self publishing 5 searching for your balance keys to stoic thinking youth series a pet for tom translated into multiple languages find joan pont at email pontailor2000 gmail com website pontailor2000 wixsite com jpjohnson twitter j p johnson facebook facebook com pontgalmes instagram j p
