this thought provoking collection brings together academics from a range of disciplines to examine modern slavery it illustrates how different disciplinary positions methodologies and perspectives form and clash together through a kaleidoscopic view to contribute a unique insight into critical modern slavery studies providing a platform to critique the legal ideological and political responses to the issue experts interrogate the construct of modern slavery and the anti trafficking discourse which have dominated contemporary responses to and understandings of exploitation drawing on a range of global real world examples this is a vital contribution to the study of modern slavery

pt 1 positive youth development in diverse contexts during economic change pt 2 interventions to support and promote positive adaptation and development pt 3 research interventions and policy needs

this book provides a critically informed and interdisciplinary global examination of the instrumental role of women as resistance actors both historically and today attention is given to the long and global histories that reveal systemic and structural oppression suffered by women while highlighting that they have been and continue to be an important force for organizing for social change whether through the employment of formal or informal strategies of resistance such as acts of dissent activism pacifism and collective action this book recognizes and highlights that women have repeatedly stood in the face of social political and cultural violence in ways that have gone unrecognized drawing heavily from existing feminist thought especially those feminist voices that exist on the disciplinary margins case studies are used to examine women s strategic resistance acts cases include women s resistance to the taliban in afghanistan chile s un violador en tu camino a rapist in your path the censoring of feminist activism in china korea s 4b movement pussy riot in russia turkey s international women s day the women s social and political union in the united kingdom and the metoo movement solidarityisforwhitewomen as well as the freedom songs of the civil rights era from the united states careful consideration is given to the role of the oppressive patriarchal state recognizing that many resistance actors and movements operate within a global order that enforces colonial carceral policies and prioritizes hetero patriarchal western ideals the book includes chapters on the broad history of women s resistance movements strategies of nonviolent and violent resistance state and feminist backlash the dominance of white feminism in resistance development and philanthropic spaces media both traditional and digital and artivism this is essential reading for scholars and students of criminology victimology feminist and gender studies sociology and international relations studies who are interested in the oft neglected role of women s resistance

today it has been said the world is flat as online media allow information to move easily from point to point across the earth international legal differences however are increasingly affecting the ease with which data and ideas can be shared across nations copyright law for example affects the international flow of materials by stipulating who has the right to replicate or to share certain kinds of content similarly perspectives on privacy rights can differ from nation to nation and affect how personal information is shared globally moreover national laws can affect the exchange of ideas by stipulating the language in which information must be presented in different geopolitical regions today s technical communicators need to understand how legal factors can affect communication practices if they wish to work effectively in global contexts this collection provides an overview of different legal aspects that technical communicators might encounter when creating materials or sharing information in international environments through addressing topics ranging from privacy rights and information exchange to the legalities of business practices in virtual worlds and perspectives on authorship and ownership the contributors to this volume examine a variety of communication based legal issues that can cause problems or miscommunication in international interactions reviewing such topics from different perspectives the authors collectively provide ideas that could serve as a foundation for creating best practices on or for engaging in future research in the area of legal issues in international settings

now available in three thematic volumes the second edition of moral issues in global perspective is a collection of the newest and best articles on current moral issues by moral and political theorists from around the globe each volume seeks to challenge the standard approaches to morality and moral issues shaped by western liberal theory and to extend the inquiry beyond the context of north america covering a broad range of issues and arguments this collection includes critiques of traditional liberal accounts of rights justice and moral values while raising questions about the treatment of disadvantaged groups within and across societies affected by globalization providing new perspectives on issues such as war and terrorism reproduction euthanasia censorship and the environment each volume of moral issues in global perspective incorporates work by race class feminist and disability theorists human diversity and equality the second of the three volumes examines issues of equality and difference and the effects within and across borders of kinds of discrimination on the basis of race ethnicity gender disability class and sexual orientation nine essays are new four of which were written especially for this volume moral issues in global perspective is available in three

separate volumes moral and political theory human diversity and equality and moral issues

making a world of difference provides a context for the whole debate about the relationship of people and computers it looks at the role of is it in a modern society and the way it impacts on people companies economics etc

world regions in global context presents a strong global sensibility and an emphasis on current concerns with models of interdependent development spatial and social inequality and questions of spatial justice the authors maintain that regions are the outcomes of a set of twin forces of globalization and regionalization therefore each regional chapter stresses the global systems of connection that drive unique regional processes making regions different by studying regions students not only learn the critical elements of different places but also come to understand the fundamental p

current social and political theories which tend to dismiss religious resurgence as a deviant occurrence in the broad sweep of history do not provide an adequate framework for the study of the dramatic resurgence of religion as a worldwide political force this book is the first to address the interplay of religion and politics systematically and on a global scale offering interpretive essays as well as quantitative comparative analyses it develops a comprehensive theoretical framework and presents the most complete comparative account available of the realities of religious politics in the contemporary world the first of the interpretive chapters focuses on the cultural factor as a means of clarifying the role of religion in the modern world system the next two chapters examine the concept of the self in the context of globalization and the absence of solidarity as a unifying force in societal systems the role of ultimate values in politics and the reasons for the emergence of militant religious movements in nation states is also considered a worldwide study of religious change between 1900 and 1980 gives a clear picture of contemporary global religious movements and formulates a tentative set of explanations of change based on data analysis the statistical links between religious beliefs and political views and between religion and democracy are explored the editor s concluding chapter looks at the implications of the authors findings for general theory in the sociology of religion the editor stresses the need for reconceptualizing basic theoretical constructs particularly the concept of religion itself an important contribution to our understanding of the religious and political forces that are shaping the modern world this work will be of interest to academics researchers and students of world religions sociology and political science
