this reference grammar provides for the first time a description of the grammar of mandarin chinese the official spoken language of china and taiwan in functional terms focusing on the role and meanings of word level and sentence level structures in actual conversations

a reference grammar of chinese is a comprehensive and up to date guide to the linguistic structure of chinese covering all of the important linguistic features of the language and incorporating insights gained from research in chinese linguistics over the past thirty years with contributions from twenty two leading chinese linguists this authoritative guide uses large scale corpora to provide authentic examples based on actual language use the accompanying online example databases ensure that a wide range of exemplars are readily available and also allow for new usages to be updated this design offers a new paradigm for a reference grammar where generalizations can be cross checked with additional examples and also provide resources for both linguistic studies and

language learning featuring bilingual term lists this reference grammar helps readers to access relevant literature in both english and chinese and is an invaluable reference for learners teachers and researchers in chinese linguistics and language processing

when laurence thompson s original vietnamese grammar first appeared in 1965 it went almost instantly to the top of the list of required reading for serious students of the vietnamese language it has stayed there ever since but in recent years the title has become almost impossible to find either in bookstores or in libraries where original copies have often grown woefully ragged and marked up or are now simply missing in the meanwhile the author has become aware of a number of minor infelicities and typographical errors requiring correction thus both demand and scholarship have dictated this re edition from the editor s note

no detailed description available for polish reference grammar

bislama is the national language of vanuatu the world s most linguistically diverse nation with at least 80 actively spoken oceanic languages used by about 200 000 people bislama began as a plantation pidgin based on english in the nineteenth century but it has since developed into a unique language with a grammar and vocabulary very different from english it is one of very few national languages for which there is no readily available reference grammar this book aims to fill this gap by providing an extensive account of the grammar of bislama as it is used by ordinary ni vanuatu it does not therefore aim to describe any kind of artificial written norm but sets out to capture a range of different kinds of ways that ni vanuatu will say things in various contexts both written and spoken formal and informal the thrust of this volume is to show that bislama has a grammar an unfamiliar concept for those educated in vanuatu it also shows that bislama is a language of considerable complexity which will come as a surprise to many of its users who have been taught to view their language as somehow simple and even deficient

current comprehensive and written by leading scholars this corpus based reference work is the definitive guide to chinese grammar
