*the untold history of the underground marijuana trade in thailand from surfers and sailors to pirates located on the left bank of the chao phya river thailand s capital krungthep known as bangkok to westerners and the city of angels to thais has been home to smugglers and adventurers since the late eighteenth century during the 1970s it became a modern casablanca to a new generation of treasure seekers from surfers looking to finance their endless summers to wide eyed hippie true believers and lethal marauders left over from the vietnam war moving a shipment of thai sticks from northeast thailand farms to american consumers meant navigating one of the most complex smuggling channels in the history of the drug trade many forget that until the mid 1970s the vast majority of marijuana consumed in the united states was imported and there was little to no domestic production peter maguire and mike ritter are the first historians to document this underground industry the only record of its existence rooted in the fading memories of its elusive participants drawing on hundreds of interviews with smugglers and law enforcement agents the authors recount the buy delivery voyage home and product offload they capture the eccentric personalities of the men and women who transformed the thai marijuana trade from a gi cottage industry into a professionalized business moving the world s most lucrative commodities unraveling a rare history from the smugglers perspective highly recommended for anyone who loves adventure cannabis surfing or all of the above it s every single bit as heady energetic and captivating as the title implies cannabis now*

*this book tracks the political history and specific political actions associated with the diffusion of state level marijuana decriminalization it provides an integrated chronology of policy diffusion to show how social and cultural changes have impacted the shift from anti to pro marijuana political platforms the main contributions are an interdisciplinary approach to analyzing policy learning and evolution an overview of the political history of marijuana criminalization a clear synthesis of the medical literature on cannabis effects and a supply and demand analysis of legal and illegal marijuana markets in america for scholars of criminal justice law political science policy studies sociology and addiction it provides an amalgam of the diverse and divergent extant research on marijuana*

*this a z encyclopedia provides a broad and evenhanded overview of america s complex relationship with marijuana examining political recreational cultural medical and economic aspects of marijuana use both historically and in the present day marijuana in america is an accessible and comprehensive exploration of the many changes in medical legal and cultural issues surrounding cannabis in the united states this multidisciplinary volume features contributions from several different fields to explain all facets of marijuana including its chemical composition evolving depictions in popular culture and historical legal and social settings in which marijuana use occurs a mix of coverage provides readers with a full and accurate understanding of the spectrum of issues and controversies swirling around marijuana today including the changing legal landscape pertaining to the sale possession and use of marijuana both at the state and federal levels the factual basis for arguments for and against so called medical marijuana claims that marijuana is a gateway drug to harder drugs changing cultural attitudes about marijuana and potheads economic arguments for and against marijuana legalization*

*and the impact of marijuana on families communities the economy and the criminal justice system*

*thailand's capital krungtep known as bangkok to westerners and the city of angels to thais has been home to smugglers and adventurers since the late eighteenth century during the 1970s it became a modern casablanca to a new generation of treasure seekers from surfers looking to finance their endless summers to wide eyed hippie true believers and lethal marauders leftover from the vietnam war moving a shipment of thai sticks from northeast thailand farms to american consumers meant navigating one of the most complex smuggling channels in the history of the drug trade peter maguire and mike ritter are the first historians to document this underground industry the only record of its existence rooted in the fading memories of its elusive participants conducting hundreds of interviews with smugglers and law enforcement agents the authors recount the buy the delivery the voyage home and the product offload they capture the eccentric personalities who transformed the thai marijuana trade from a gi cottage industry into one of the world's most lucrative commodities unraveling a rare history from the smugglers perspective*

*this work brings together a new generation of drug historians and new historical sources to uncover the history of the drug trade and its regulations while the us and mexican governments developed anti drug discourses and policies which criminalized both high profile traffickers and small time addicts these authorities also employed the criminals and cash connected to the drug trade to pursue more pressing political concerns the politics socioeconomic relations and criminal justice system of modern mexico have been shaped by these public and covert policies as well as by subnational histories of drug production and trafficking the essays in this study explore this complicated narrative and provide insight into mexico's history and the wider contemporary global drug trade*

*in the united states cannabis is currently illegal but this book investigates how big pharmaceutical companies are looking at an end game of legality controlled by them it examines how the amsterdam scene has been transformed how home growers have been manipulated into using inferior techniques and how companies with help from the drug enforcement agency dea and big pharma are patenting cannabis strains for control and profit the leadership of the cannabis industry want to legalize marijuana with taxation and regulation but the pharmaceutical industry cannot take over medical cannabis without first shutting down the scene today the book predicts that legalized production will be tightly controlled by major players using the irs and dea as a means of removing other growers regulation will also control the amount of tetrahydrocannabinol thc in each marijuana cigarette forcing stronger cannabis to be available to medical patients by prescription only a black market will still exist so people will still go to jail and the drug war will go on with history and explosive behind the scenes looks at big pharma collusion this book is both an exposé and an in depth look at the arc of freedom and probable control through use of pharmaceutical patents for marijuana*

*in the 1960s and 70s a diverse range of storefronts including head shops african american bookstores feminist businesses and organic grocers brought the work of the new left black power feminism environmentalism and other movements into the marketplace through shared ownership limited growth and democratic workplaces these activist entrepreneurs offered alternatives to conventional profit driven corporate business models by the middle of the 1970s thousands of these enterprises operated across the united states but only a handful survive today some such as whole foods market have abandoned their quest for collective political change in favor of maximizing profits vividly portraying the struggles successes and sacrifices of these unlikely entrepreneurs from head shops to whole foods writes a new history of social movements and capitalism by showing how activists embraced small businesses in a way few historians have considered the book challenges the widespread but mistaken idea that activism and political dissent are inherently antithetical to participation in the marketplace joshua clark davis uncovers the historical roots of contemporary interest in ethical consumption social enterprise buying local and mission driven business while also showing how today's companies have adopted the language but not often the mission of liberation and social change*

*what were your parents doing back then is a comprehensive in depth study of teen drug and alcohol abuse that begins in the hip days of the 1970's travels through the economic boom of the 1990's and continues on until the present time lowney combines qualitative descriptive research with statistical quantitative data over a 31 year period to present a human understanding of young people's drug use*

*celebrated for the richness of its artistic and religious traditions the island of bali has made its distinctive culture the brand image of its*

tourist product this has aroused fears among foreign observers and indigenous authorities alike who wonder whether balinese culture will survive the impact of tourism the author also explores how tourism has contributed to the shaping of modern balinese culture an in depth collection of tourism brochures advertisements postcards newspaper cartoons tourist snapshots and fine art illustrate this analysis of not only has viewed bali but also how the their visitors and the tourist industry

homesick collects many of the stories first found in lucia berlin s early books angels laundromat turtle island phantom pain tombouctou press and safe and sound poltroon press as well as her remarkable classic story manual for cleaning women

from 1920s marijuana mayhem through the cocaine storm of 70s hollywood and the heroin chic films of the 90s shooting stars looks at all the drugs films investigates the drug myths propagated in the movies and looks at the links between censorship morals and the hollywood dream machine

delightfully eclectic move over alexis de tocqueville when thurston clarke makes the ufo earthquake connection halfway through fault he elevates himself to the first rank of america s social observers los angeles times california has always symbolized the good life but social problems and natural disasters have tarnished the image of the golden state to find out what happened to the california dream clarke sets off on a remarkable journey down the san andreas fault searching for earthquakes and good news from the sensitive whose headaches predict earthquakes with uncanny precision to a determined dreamer at the salton sea who hopes someday to build a blue collar resort along the abandoned shores clarke introduces us to a memorable cast of eccentrics asking each the provocative question what is it like living in a place that no matter how beautiful might suddenly while you opened the cereal combed your hair or bathed the baby strike you dead vivid and continually surprising the author has an unerring ability to search out exactly the right despoiler utopian or local eccentric to illuminate the history and character of each stop along the way the new yorker
