first published in 1998 this is volume iii of the twenty one in the race class and social structure series looking at social consciousness in part one it focuses on biblical legends o comparer sociology and then expands to include conceptual constructs and social reality in the second section

is there a typical european class structure have power patterns left any imprint in the european societies of today has the experience of socialist revolution in eastern europe created a distinctive social structural pattern in that part of the continent these are only a few of the questions taken up by the contributors to this collection of case studies and comparative research

first published in 1998 this is volume iii of the twenty one in the race class and social structure series looking at social consciousness in part one it focuses on biblical legends o comparer sociology and then expands to include conceptual constructs and social reality in the second section

a comparison of these two presidents and presidencies examining their legacies leadership styles and places in history

the american class structure in an age of growing inequality eleventh edition reveals how social class affects our everyday lives from who we marry and how we raise our kids to where we live and how we vote dennis gilbert emphasizes the socioeconomic core of the class system a major theme running through the book is the growing inequality in american society the author describes the shift beginning in the mid 1970s from an age of shared prosperity to an age of growing inequality using fresh data on jobs wages income wealth and poverty he measures the widening gap between the privileged classes and average americans he repeatedly returns to the question why is this happening economic political and social factors are examined and the competing explanations of influential writers are

critically assessed in the final chapter gilbert synthesizes the book s lessons about the power of class and the forces behind growing inequality included with this title the password protected instructor resource site formally known as sage edge offers access to all text specific resources including a test bank and editable chapter specific powerpoint slides

in this eighth edition of his acclaimed and thought provoking text author dennis gilbert explores historical and contemporary empirical studies of class inequality in america through the lens of nine key variables focusing on the socioeconomic core of the american class system gilbert describes a consistent pattern of growing inequality in the united states since the early 1970s in his search for the answer to why class disparities continue to increase gilbert examines changes in the economy family life and politics drawing on vivid first person accounts to illustrate the human emotion wrapped up in class issues

first published in 1955 studies in class structure contains six studies in problems of social structure relating mainly to contemporary british society professor cole studies an analysis of the information about class structure contained in the british census of 1951 and he also deals with the changes in british class structure during the past hundred years he considers the structure of elites in contemporary britain with some account of their development he is also concerned with the influence of technical changes on class structures in europe these studies do not pretend to embody a comprehensive treatment of the problems of social structure each of them stands by itself as a sharply original treatment of the many facets of class structure this book will be of interest to students of economics sociology and history

facing the reality of the social transformation in contemporary china this book analyzes the structure nature and influence of social classes in contemporary china based on the new development of the theoretical paradigm of class analysis at home and abroad and the data provided by large scale social surveys this book focuses on three core issues first it explores stratification theory and stratum structure and puts forward a new perspective for analysing the stratum structure of contemporary chinese society the framework of power authority stratum the second is to study the growing and expanding middle class and its corresponding problems the third is the topic of subjective stratification which reveals the reflection of objective social changes and social structure differentiation on people s subjective cognition and values

there is still a good deal of confusion surrounding the sociology of law with regard to the subject and boundaries of the field social structure and law clarifies some

of the central issues using his own social structure model even explains the interactions between legal and non legal institutions and provides some useful theoretical guidelines for ongoing research readers will profit from studying this volume which sets forth a rationale for theoretical and empirical contributions to the sociology of law
