this volume presents eco phenomenology s role in pandemics and post pandemics and takes up the task of eco phenomenology as a unified project by not focusing on naturalizing phenomenology but rather exploring the full range of possibilities such as creative acts and self individualization in dealing with ecological threats eco phenomenological developments are based on the main concepts of phenomenology of life as created by anna teresa tymieniecka this volume also uniquely explores the covid 19 pandemic as a phenomenologically interpreted and ecological phenomenon it appeals to students and researchers working in the fields of phenomenology and environmental philosophy

teacher autonomy is a compelling exploration of the erosion of teacher independence in an era dominated by high stakes accountability rigid educational frameworks and a growing distrust of educators this thought provoking book delves into the history of autonomy in primary education examining how shifts in policy and systems have drained creativity individuality and meaningful connection from classrooms leaving educators and learners alike disengaged and unmotivated through the voices of real educators including teachers teaching assistants senior leaders and early years practitioners this book paints a vivid picture of the challenges faced by those on the frontlines of education it highlights the far reaching consequences of reduced autonomy from teacher attrition and low morale to school refusal mental health struggles and pupil behaviour issues in response to this it offers a call to action and provides practical strategies moments of reflection and actionable solutions to empower educators and leaders to reclaim their professional independence covering key topics such as ofsted observation and accountability planning and assessment teacher retention teamwork and mental health and wellbeing each chapter ignites vital conversations about the future of education this book is a must read for teachers school leaders and policymakers at any stage of their career offering valuable insights into how to rebuild trust foster creativity and rekindle meaningful connections at the

core of teaching as well as navigate the change in the current educational landscape

by defining man's vulnerability as his strength dr gruen points the way to a psychoanalysis of personal courage and social responsibility at the same time exposing the childhood split which leads man to abandon his true self

fatal autonomy is a subtle gracefully written and politically astute reading of selected plays by the canonical romantic poets jewett offers the most original and carefully circumscribed formulations to date of the interaction between language and politics as it is depicted in romantic drama julie carlson university of california santa barbara describing an enduring moral puzzle and explaining how it helped to shape a key moment in the history of poetic drama fatal autonomy represents romanticism as a reckoning with the costs of individual agency no moral calculus can ever fully determine the relation of events to an individual's actions and failures to act william jewett argues that is why the stubborn belief in such a relationship gives rise to tragedy jewett maintains that tragic drama forces its readers and viewers to confront the ways in which the use of language grants agency the romantic poets saw a moral challenge in that confrontation and followed its generic implications toward a new kind of poetry fatal autonomy thus looks to romantic drama to explain how romantic poetry came to hold a permanent grip on conceptions of moral life tracing the source of major strains in british romanticism to a politically charged body of dramatic poems jewett focuses on two historical moments 1794-97 which he describes as the political turning point in the careers of william wordsworth and samuel taylor coleridge and 1819-22 the years in which he believes percy bysshe shelley and lord byron wrote their best poetry

oxford bern berlin bruxelles frankfurt m new york wien european university studies series 1 german language and literature vol 1778 this book argues that the problem of autonomy is central to the understanding of the literary and philosophical works of hermann broch the book locates the origin of the problem of autonomy in broch's dialogue with contemporary austrian thinkers in the early years of the twentieth century and traces the problem through his major literary works from *die schlafwandler* to *die schuldlosen* using a deconstructive approach the book argues that the problem of autonomy in broch's works is best understood as a problem of writing the inability of the written word fully to capture presence contents a study of

hermann broch s philosophical and literary works from the point of view of the problem of autonomy

this book presents a series of essays by i william zartman outlining the evolution of the key concepts required for the study of negotiation and conflict management such as formula ripeness pre negotiation mediation power process intractability escalation and order responding to a lack of useful conceptualization for the analysis of international negotiation zartman has developed an analytical framework and specific concepts that can serve as a basis for both study and practice negotiation is analyzed as a process and is linked to other major themes in political science such as decision structure justice and order this analysis is then applied to negotiations to manage particular types of conflicts and cooperation including ethnic conflicts civil wars and regime building it also develops typologies and strategies of mediation dealing with such aspects as leverage bias interest and roles written by the leading exponent of negotiation and mediation negotiation and conflict management will be of great interest to all students of negotiation mediation and conflict studies in general

this third volume in the companion to medical humanities series considers the concept of treatment as an active process which produces an outcome be it effective inappropriate or inadequate it invites the reader to examine the relevance of the patients belief in any given treatment and their confidence in the practitioner against a person cent
