birth of vietnam explores the captivating history of vietnam from its early civilizations to the forging of a distinct national identity amidst centuries of foreign rule this book investigates the political social and cultural forces that shaped vietnam providing a comprehensive understanding of its unique historical journey it sheds light on the enduring impact of chinese rule and vietnamese resistance highlighting how confucianism taoism and buddhism were selectively integrated into vietnamese culture the book argues that the vietnamese people maintained a distinct

national identity through persistent resistance adaptation and the preservation of their unique cultural traditions challenging simplistic narratives of cultural assimilation the book adopts a chronological approach beginning with the geographical and cultural landscape of early vietnam and the dong son culture it meticulously analyzes the periods of chinese rule focusing on key uprisings such as the trung sisters rebellion it culminates with the formation of an independent vietnamese state examining the rise of powerful dynasties and the development of national institutions drawing upon vietnamese dynastic chronicles chinese historical records and archaeological findings this book offers valuable insights for understanding vietnam s formative years and their implications for the present

in this first in depth history of the arvn from 1955 to 1975 robert brigham takes readers into the barracks and training centers of the arvn to plumb the hearts and souls of these forgotten soldiers through his command of vietnamese language sources diaries memoirs letters oral interviews and more he explores the lives of ordinary men focusing on troop morale and motivation within the context of traditional vietnamese society and a regime that made impossible demands upon its soldiers

the first major synthesis of the war since 2001 drawing upon a host of newly declassified documents presidential tapes and overlooked foreign sources to give the most comprehensive look to date of the war that still haunts america

since the launch of the Ð  i m  i economic reforms in 1986 viet nam has achieved tremendous economic and social progress today it is well integrated on global markets has enjoyed robust growth and has seen remarkable poverty reduction

catton treats the diem government on its own terms rather than as an appendage of american policy focusing on the decade from dien bien phu to diem s assassination in 1963 he examines the vietnamese leader s nation building and reform efforts particularly his strategic hamlet program which sought to separate guerrilla insurgents from the peasantry and build grassroots support for his regime catton s evaluation of the collapse of that program offers fresh insights into both diem s limitations as a leader and the ideological and organizational weaknesses of his government while his assessment of the evolution of washington s relations with saigon provides new insight into america s growing involvement in the vietnamese civil war

asian populations are among some of the fastest growing cultural groups in the us while books on serving other target groups in libraries have been published e g disabled latino seniors etc few books on serving library users of asian heritage have been written thus the timely need for this book rather than a generalized overview of asians as a whole this book has 24 separate chapters each on 24 specific asian countries cultures of east southeast and south asia with a wealth of resources for understanding interacting with outreaching to and serving library users of each

culture resources include cultural guides both print and online language helps with sample library vocabulary asian booksellers nationwide cultural groups professional literature and more resources and suggestions are given for all three types of libraries public school and academic making this book valuable for all librarians the demographics of each asian culture numbers and distribution plus history of immigration and international student enrollment is also featured as a bonus each chapter spotlights a us public school and academic library providing model outreach to asian library users additionally this book provides a detailed description and analysis of libraries in each of the 24 asian countries the history development facilities conditions technology classification systems and more of public school and academic libraries are all discussed with detailed documentation country conditions influencing libraries and library use are also described literacy levels reading cultures languages and writing systems educational systems and more based on the author s 15 years of research and travels to asia this work is a must have for all librarians
