Empirical studies show that many lawyers are unaware of even basic information about legal ethics. The law governing lawyers: older lawyers who draw a disproportionate number of malpractice suits often have neither formally studied ethics nor kept up with developments in the law. Many malpractice suits arise out of ethics violations such as disqualification of lawyers for conflicts of interest, multi-disciplinary practice, and the attorney-client evidentiary and ethical privilege. The ethics rules are law typically adopted by court rules in the same way that the rules of civil procedure are law. These ethics rules are just as complex as the civil practice rules or the evidence rules. Many of the ethics rules cannot be known through some sort of innate or hereditary awareness automatically infused in ordinary human beings once they are admitted to the bar unless a student wants to emulate those lawyers who draw a disproportionate number of malpractice suits. He or she will need to understand the law of legal ethics and to do that one needs this book.
