the book of enoch is an ancient religious text traditionally ascribed to the judeo christian prophet enoch the ancestor of the biblical figure noah some scholars estimate that some parts of the book vary widely in age from several hundred years before

christ to the last parts in the century before the birth of jesus this text is widely considered non canonical although it is accepted that it is a genuine attempt to record information as best the authors were able in the pre christian era in the text enoch is a figure who receives direct personal revelation from god he sees the magnificence of god and begins to preach to those around him against sin he warns that the sinners will be winnowed and that god himself will appear on mount sinai to judge the humans as well as the fallen angels on earth among the more controversial material within this text is the detailed account it gives of fallen angels on earth and their cursed offspring the nephilim azazel features heavily as the instigator of metal weapon production the use of cosmetics and advocate of widespread promiscuity and fornication in this book the figure of enoch is charged with the knowledge of god s chosen and brutal punishment for the nephilim their human mothers and their angel fathers august dillman s translation from the ethiopian is part of his extensive work translating biblical era manuscripts and this particular version is augmented with his observations latin excerpts and a stunning foreword by r h charles one of the most important apocryphic works of the second temple period is enoch according to the biblical narrative genesis 5 21 24 enoch lived only 365 years far less than the other patriarchs in the period before the flood enoch walked with god then he was no more for god took him the original language of most of this work was in all likelihood aramaic an early semitic language although the original version was lost in antiquity portions of a greek translation were discovered in egypt and quotations were known from the church fathers the discovery of the texts from qumran cave 4 has finally provided parts of the aramaic original in the fragment exhibited here humankind is called on to observe how unchanging nature follows god s will the book of enoch is a pseudoepigraphical work a work that claims to be by a biblical character the book of enoch was not included in either the hebrew or most christian biblical canons but could have been considered a sacred text by the sectarians the original aramaic version was lost until the dead sea fragments were discovered

the book of enoch is not part of the biblical canon as used by jews apart from beta israel most christian denominations and traditions may accept the books of enoch as having some historical or theological interest but they generally regard the books of enoch as non canonical or non inspired it is regarded as canonical by the ethiopian orthodox tewahedo church and eritrean orthodox tewahedo church but not by any other christian groups it is wholly extant only in the ge ez language with aramaic

fragments from the dead sea scrolls and a few greek and latin fragments for this and other reasons the traditional ethiopian belief is that the original language of the work was ge ez whereas non ethiopian scholars tend to assert that it was first written in either aramaic or hebrew ephraim isaac suggests that the book of enoch like the book of daniel was composed partially in aramaic and partially in hebrew no hebrew version is known to have survived it is asserted in the book itself that its author was enoch before the biblical flood although evidently widely known during the development of the hebrew bible canon 1 enoch was excluded from both the formal canon of the tanakh and the typical canon of the septuagint and therefore also from the writings known today as the deuterocanon one possible reason for jewish rejection of the book might be the textual nature of several early sections of the book that make use of material from the torah for example 1 en 1 is a midrash of deuteronomy 33 the content particularly detailed descriptions of fallen angels would also be a reason for rejection from the hebrew canon at this period as illustrated by the comments of trypho the jew when debating with justin martyr on this subject the utterances of god are holy but your expositions are mere contrivances as is plain from what has been explained by you nay even blasphemies for you assert that angels sinned and revolted from god dialogue 79 the book of enoch was considered as scripture in the epistle of barnabas 16 4 and by many of the early church fathers such as athenagoras clement of alexandria irenaeus and tertullian who wrote c 200 that the book of enoch had been rejected by the jews because it contained prophecies pertaining to christ however later fathers denied the canonicity of the book and some even considered the epistle of jude uncanonical because it refers to an apocryphal work

fifty years after james bruce brought a copy of the book of enoch found in ethiopia to england richard laurence made a first modern translation later r h charles made another translation using some greek excerpts and more ethiopian texts then recently michael a knibb using many texts and partial texts put together an adequate translation yet all of these translations are rough obscure and confusing to christians of today the dead sea scrolls contained many copies and partial copies of the book of enoch in the dead sea scrolls there were found 17 copies comparitively there were 30 copies of psalms 25 copies of deuteronomy 19 of isaiah 15 of genesis and exodus 14 of jubilees jude validated the book of enoch with his quote from it using all of the sources now available along with an in depth study of book i have prepared this paraphrase translation along with such i have included an

commentary to help in its comparison with the bible john d ladd was raised the son of an assemblies of god pastor he attended northeast bible college in pennsylvania and later malone college in canton ohio he pastored for many years was ordained in the assemblies of god but later left to pastor independent churches preferring teaching to preaching he has spent many years studying reading books from the early church period and translating paraphrasing them for ease of use by christians of today this book of enoch s has been translated paraphrased and now is being given commentary to compare it with the bible s message to test it by the word of god how does it compare is it in agreement with the message and prophetic teachings of the bible

the book of enoch is an ancient hebrew apocalyptic religious text ascribed by tradition to enoch the great grandfather of noah enoch contains unique material on the origins of demons and nephilim why some angels fell from heaven an explanation of why the genesis flood was morally necessary and prophetic exposition of the thousand year reign of the messiah three books are traditionally attributed to enoch including the distinct works 2 enoch and 3 enoch although none of the three books are considered canonical scripture by the majority of jewish or christian bodies contents the ethiopian book of enoch slavic enoch or secrets of enoch the hebrew book of enoch the book of rabbi ishmael the high priest

the book of enoch also 1 enoch is an ancient jewish religious work traditionally ascribed to enoch the great grandfather of noah it is not part of the biblical canon as used by jews apart from beta israel it is regarded as canonical by the ethiopian orthodox tewahedo church and eritrean orthodox tewahedo church but no other christian group

introduction the books of enoch the ethiopian textthe book of enoch also 1 enoch 1 is an ancient jewish religious work ascribed to enoch the great grandfather of noah it is not regarded as scripture by jews or any christian group apart from the ethiopian orthodox church which to this day regards it to be canonical western scholars currently assert that its older sections mainly in the book of the watchers date from about 300 bc and the latest part book of parables probably was composed at the end of the 1st century bc 2 however ethiopian scholars generally hold that ge ez is the language of the original from which the greek and aramaic copies were made pointing out that it is the only language in which the complete text has yet been found 3 it is wholly

extant only in the ge ez language with aramaic fragments from the dead sea scrolls and a few greek and latin fragments there is no consensus among western scholars about the original language some propose aramaic others hebrew while the probable thesis according to e isaac is that 1 enoch as daniel was composed partially in aramaic and partially in hebrew 4 6 a short section of 1 enoch 1en1 9 is quoted in the new testament letter of jude 1 14 15 and there apparently attributed to enoch the seventh from adam 1en60 8 it is argued that all the writers of the new testament were familiar with it and were influenced by it in thought and diction 5 the first part of book of enoch describes the fall of the watchers the angels who fathered the nephilim the remainder of the book describes enoch s visits to heaven in the form of travels visions and dreams and his revelations the book consists of five quite distinct major sections see each section for details the book of the watchers 1 enoch 1 36 the book of parables of enoch 1 enoch 37 71 also called the similitudes of enoch the astronomical book 1 enoch 72 82 also called the book of the heavenly luminaries or book of luminaries the book of dream visions 1 enoch 83 90 also called the book of dreams the epistle of enoch 1 enoch 91 108

at last teaching we can trust on the book of enoch from a christian author verse by verse in depth expounding by apostle eric vonanderseck reveals the mind of god to the mind of man the book of enoch demystified classic truth that transcends cultures and generations sadly these sacred texts lay silent to modern christendom its message abandoned its hope forgotten but the tide of skepticism has changed and readers are now making a quantum leap into the neglected revelations of enoch that god meant for us to have today apostle eric vonanderseck is a frequent lecturer on the book of enoch the 28 transcripts of the verse by verse lectures are compiled in this book as a valuable resource for the student of the book of enoch to understand with ease the depth of god s treasured mysteries over 800 pages of clear cut teaching contain 500 references to the bible making it easy for you to relate to the seamless plan of god for the ages and how you play a part each chapter pulls together the many amazing threads of the book of enoch the macro and micro plan of god and true history of the human race is explained the details of fallen angels watchers transgression against god and real reason for their plot to sire children by mortal women detailed facts about watchers infiltration and acculturation of the human race are given pre flood post flood and modern day god s multiple curses upon the children born of the watchers they become mutant centaurs satyrs and giants and how they attempt to undo god s curse genetic

tempering we learn why the watchers perished in the flood of noah and how they are tied to the lost city of atlantis the pyramids ancient monuments and the industrial age in addition we learn the reason for satan s expulsion from heaven his hatred towards the human race and sworn vendetta against mankind also included in this book the transforming powers of angels is explained the connection between fallen angels and ufos and crop circles the signature and god code of the human soul is explained enoch is shown the ultimate ends of heaven the storerooms of heaven the prison houses of fallen angels enoch sees the blessings prepared for the righteous enoch is shown the end of the world in the days of noah and understands the retribution of god upon the human race for they filled the earth with the blood of violence and the wickedness of the heart is ripe for judgment enoch is also shown the end world in our time today and we come to understand why history is repeating itself

this book provides an overview of the current debate about the early enoch literature and its place in ancient judaism especially in relation to the torah of moses and to the dead sea scrolls

the book of enoch is one of the strangest of the books left out of the biblical canon filled with goetic angels and demons and visions of inconceivable lands beyond the sky the book of enoch the prophet translated by the late richard laurence modern research sees in the epistle of jude a work of the second century but as orthodox theologians accept its contents as the inspired utterance of an apostle let us diligently search the hebrew scriptures for this important forecast of the second advent of the messiah in vain we turn over the pages of the sacred canon not even in the apocrypha can we trace one line from the pen of the marvellous being to whom uninterrupted immortality is assigned by apostolic 1 interpretation of genesis v 24 were the prophecies of enoch therefore accepted as a divine revelation on that momentous day when jesus explained the scriptures after his resurrection to jude and his apostolic brethren and have we moderns betrayed our trust by excluding an inspired record from the bible reverting to the second century of christianity we find irenæus and clement of alexandria citing the book of enoch without questioning its sacred character thus irenæus assigning to the book of enoch an authenticity analogous to that of mosaic literature affirms that enoch although a man filled the office of god s messenger to the angels tertullian who flourished at the close of the first and at the beginning of the second century whilst admitting that the scripture of enoch is not received by some

because it is not included in the hebrew canon speaks of the author as the most ancient prophet enoch and of the book as the divinely inspired autograph of that immortal patriarch preserved by noah in the ark or miraculously reproduced by him through the inspiration of the holy spirit tertullian adds but as enoch has spoken in the same scripture of the lord and every scripture suitable for edification is divinely inspired let us reject nothing which belongs to us it may now seem to have been disavowed by the jews like all other scripture which speaks of christ a fact which should cause us no surprise as they were not to receive him even when personally addressed by himself these views tertullian confirms by appealing to the testimony of the apostle jude the book of enoch was therefore as sacred as the psalms or isaiah in the eyes of the famous theologian on whom modern orthodoxy relies as the chief canonist of new testament scripture origen a d 254 in quoting hebrew literature assigns to the book of enoch the same authority as to the psalms in polemical discussion with celsus he affirms that the work of the antediluvian patriarch was not accepted in the churches as divine and modern theologians have accordingly assumed that he rejected its inspiration but the extent to which he adopts its language and ideas discloses personal conviction that enoch was one of the greatest of the prophets thus in his treatise on the angels we read we are not to suppose that a special office has been assigned by mere accident to a particular angel as to raphael the work of curing and healing to gabriel the direction of wars to michael the duty of hearing the prayers and supplications of men 2 from what source but assumed revelation could origen obtain and publish these circumstantial details of ministerial administration in heaven

the books of enoch is an ancient jewish religious work ascribed by tradition to enoch the great grandfather of noah although modern scholars estimate the older sections to date from about 300 bc and the latest part book of parables probably to the first century bc it is not part of the biblical canon as used by jews apart from beta israel most christian denominations and traditions may accept the books of enoch as having some historical or theological interest or significance but they generally regard the books of enoch as non canonical or non inspired it is regarded as canonical by the ethiopian orthodox tewahedo church and eritrean orthodox tewahedo church but not by any other christian group

enoch walked with god then he was no more for god took him the book of enoch is a pseudoepigraphical work a work that claims to be by a biblical character the book of enoch was not included in either the hebrew or most christian biblical canons but could have been considered a sacred text by the sectarians the original aramaic version was lost until the dead sea fragments were discovered this is a compilation of several separate works most of which are apocalyptic its oldest portion is the apocalypse of weeks written shortly before the maccabean uprising of 167 bc against the seleucids the ethiopic book of enoch is called a

pseudepigraphical work meaning one that is not included in any canon of scripture outside of even the apocrypha the only complete extant version is an ethiopic translation of a previous greek translation made in palestine from the original hebrew or aramaic the book of the watcher tells the story of fallen angels from gen 6 1 4 that took wives created the nephilim and taught advanced technology to mankind ultimately leading to the great flood and their destruction the parables of similitude is an apocalyptic book about the son of man and the ancient of days these ancient prophecies of jesus are directly in line with what we find in the bible and are remarkably similar to the book of revelation the book of the courses of the heavenly luminaries is a detailed account of the stars and their functions the dream visions is the prophecy of all human history from the creation of mankind all the way to the end times and the final judgement the past present and future are foretold in grand detail the prophecy of weeks is similar to the prophecy structure in the book of daniel the noah fragments is the untold story of noah from the bible we learn more about his mission to save all humanity and the struggles of his father lamech and his grandfather methuselah finally included herein are all known fragments of the book of giants each work is independent but all the works are bound by a common theme the punishment of the wicked and the blessedness of the righteous

the book of enoch is an ancient jewish religious work ascribed by tradition to enoch the great grandfather of noah although modern scholars estimate the older sections mainly in the book of the watchers to date from about 300 bc and the latest part book of parables probably to the first century bc it is not part of the biblical canon as used by jews apart from beta israel most christian denominations and traditions may accept the books of enoch as having some historical or theological interest but they generally regard the books of enoch as non canonical or non inspired it is regarded as canonical by the ethiopian orthodox tewahedo church and eritrean orthodox tewahedo church but not by any other christian groups it is wholly extant only in the ge ez language with aramaic fragments from the dead sea scrolls and a few greek and latin fragments for this and other reasons the traditional ethiopian belief is that the original language of the work was ge ez whereas non ethiopian scholars tend to assert that it was first written in either aramaic or hebrew ephraim isaac suggests that the book of enoch like the book of daniel was composed partially in aramaic and partially in hebrew no hebrew version is known to have survived it is asserted in the book itself that its author was enoch before the biblical flood the authors of the new testament were familiar with the content of the story

and influenced by it a short section of 1 enoch 1 en 1 9 or 1 en 2 1 depending on the translation is quoted in the new testament epistle of jude jude 1 14 15 and is attributed there to enoch the seventh from adam 1 en 60 8 the text was also utilised by the community that originally collected the dead sea scrolls

clarifying the text and geography of one of the oldest apocalypses this study examines the travels of the patriarch enoch coblenz bautch also explores comparable and perhaps influential traditions from the ancient near east hebrew bible and world of hellenism

one might ask why there is so much interest in this obscure little apocryphal book written under the assumed name enoch if we look at the book of luke where jesus is describing for his disciples the time of his return in luke 17 26 just as it was in the days of noah so will it be in the days of the son of man they were eating and drinking and marrying and being given in marriage until the day when noah entered the ark and the flood came and destroyed them all we may want to know in greater detail just exactly what it was like during the time of noah reading the first chapter of the book of enoch we find enoch a righteous man whose eyes were opened by god saw the vision of the holy one in the heavens which the angels showed me and from them i heard everything and from them i understood as i saw but not for this generation but for a remote one which is for to come concerning the elect i said and took up my parable concerning them the holy great one will come forth from his dwelling and the eternal god will tread upon the earth even on mount sinai and appear from his camp and appear in the strength of his might from the heaven of heavens so not only does luke and mathew for that matter tell us that jesus return will come at time like the time of noah and the flood but the book of enoch begins by telling us it is written not for those of enoch s generation but for a generation in the distant future when the holy great one will tread upon the earth and he will appear in the strength of his might from the heaven of heavens from the reference in the letter of jude 1 15 quoting enoch regarding the return of jesus to the passages in mathew and luke regarding the time of christ s return to be like the time of noah and considering enoch s claim to be written for the elect of the generation alive during the time of the holy great one s coming to earth i believe the book of enoch deserves a serious read
