considering apostle paul s importance and influence and the important sources for the study of paul this second edition examines the earliest period of christianity from jesus to paul paul s life before and after his conversion his individual letters the major elements of his theology his attitude to israel and the jewish law and more

the man paul judged by the influence he has exerted in the world is one of the greatest characters in all history he is pre eminent not only as a missionary but as a marvelous thinker and writer he was a personality of vast power force and individuality there are some men who seem to be born and prepared to do a large work for the world paul makes the impression upon those who carefully read the record of his life that he stands first in this class of men the book of acts shows in a very graphic way the rapid growth and marvelous progress of christianity in the midst of great opposition we see in process of fulfillment the promise of jesus christ to his disciples that they should receive power after the holy ghost had come upon them and that they should be witnesses unto him both in jerusalem and in all judea and in samaria and unto the uttermost part of the earth those were earnest times and full of stirring events when men went forth to conquer a hostile world not with swords but by the preaching of a gospel of peace and good will as soon as this proclamation was made in judea and samaria a new instrument was chosen by jesus christ in paul to carry his message to the uttermost part of the earth he thus became at once the chief character in the larger work of planting

and developing churches outside of palestine the study of paul s life shows the difficulties encountered the doctrines taught and the organization perfected in the early churches we here watch the dawn of the gospel which the savior preached as it broadens gradually into the boundless day bible studies in the life of paul is designed to follow the author s bible studies in the life of christ and to show the work of the great apostle in carrying the gospel to a gentile world the aim is to present the work of paul in a constructive and historical way while there has been a careful consideration on the part of the author of disputed questions only conclusions upon which there is a general agreement amongst scholars and which can be consistently held are presented the great main facts of paul s life and work stand forth unchallenged and the emphasis is placed upon them this book is divided into three parts paul s preparation for his work his missionary journeys and his writings this is a text book and with the analysis of each study and questions is prepared for the use of normal and advanced sunday school classes teachers meetings schools colleges and private study this is the sixth book of the kind which the author has prepared and sent forth the large favor with which the other books have been received and the desire first of all of making the life and work of paul even better known have been the motives which have led to its preparation

can the real paul the apostle live again in a postmodern technological age paul s ministry stood at the very headwaters of the christian gospel surrounding jesus of nazareth his letters are the earliest documents contained in the new testament the current work calls upon the reader to actively engage paul in his context rather than to affirm the assumed theological paul of later christian orthodoxy the reader is thus invited to walk with a more real paul as he may be imagined from the sources we have to think paul s thoughts with him through his letters and to more fully experience the gospel of god that paul knew and proclaimed paul was a man in christ directly called by god to announce the gospel of god to both jew and gentile in the midst of a world ruled by rome he did so through two major campaigns rather than three missionary journeys he wrote pastoral letters to real first century churches the real paul did not write theology but he rather proclaimed a gospel to a world in search of a soul

wing yi au investigates paul s ways of characterizing god in romans and finds that paul s divine designations in the letter trace god s essential salvific activites meanwhile special emphasis is put on the inclusion of gentiles in god s plan of salvation
