corrected king james versioncomplete new testamentthere is a legend that thomas jefferson used to take a knife and cut out verses of the bible that he didn t like the results of his labor are known through the smithsonian museum he doubted the veracity of the biblical authors even though he believed christ to be a great moral teacher jefferson was not the only one to cut things out of his bible that caused him problems martin luther was famous for wanting to relocate the epistle of james to an appendix he did manage to find grounded logic by which the could remove the books of the maccabees from his old testament when they were invoked against his problems with indulgences most of protestantism has followed him in maintaining bibles with an old testament handed over strictly by jewish scribes while i admire jefferson s and luther s sincerity i disagree with their premise jefferson and luther decided what god must have said then shaped their canon to match i would rather determine what the canon is and use that to determine what god must have said i believe that the holy spirit has aided and guided the process of biblical development i m uncomfortable with some images of inspiration in the popular sphere the best description i ve heard for how inspiration works comes from plato s dialog ion in that plato through the caricature of socrates explains that inspiration is like a magnet and that once it touches a ring of iron the ring becomes magnetic as well i believe that god through the course of living events touches some of us when some particularly the apostles and prophets are in their closest communication with god their thoughts become divine when

those thoughts come out on ink and paper that ink and paper becomes in a sense embedded with divine thoughts to borrow an analogy from another great thinker it is like a map of a great idea the map is not the ocean it can't get me wet i can't sail my boat on it but if i want to know the safest and best places to get wet or the most efficient way to sail my boat the map is a better guide than a swimming pool i really understand where jefferson and luther were coming from i really like bacon with my breakfast and there was a point in my life that i really had to take some time and put the study in on that issue after all the bible does say and the swine though he divide the hoof and be clovenfooted yet he cheweth not the cud he is unclean to you leuiticus 11 7 and unlike jefferson i was unwilling to just cut that verse out because it was inconvenient i wanted to know what god actually said not what i wanted god to have said i hope this dispels the fear that some could have regarding my project my aim is more in line with erasmus than jefferson however poorly he got started erasmus set out to understand what the bible said in the original language so if i still end up having texts that are difficult for me and not having the clarity of text i might hope for what is the point of creating a corrected king james bible the point is to get just a little bit closer to the magnet of christ and the prophets and the apostles the point is to bring my ear just a few inches closer to god's lips so i can hear him that much more clearly i think that the king james translators got it wrong in 1 john 5 7 8 i think that they put words in the bible that were never supposed to be there no matter how convenient they are for me so i'm taking those words out so that i can more clearly hear the words that god has placed in the bible my goal is to provide a single translation of god's word according to the sources that prayer and study has convinced me is the best primary source ultimately i would like to translate all of these myself as well but in the meantime the corrected king james gives me a standardized english text to read and study from

my goal in this book is to provide a single english edition of god s word according to the sources that prayer and study has convinced me is the best primary source and a brief overview of the reasons that led me to these conclusions the corrected king james gives me a standardized english text to read and study from as i further my study in the original languages the corrected king james version is intended to be a minimal project with the aim of speculating what the king james translators would have done with the source text i prefer rather than the source text that they actually used as our understanding of the science of textual criticism has increased we have gained the tools to disprove their claim i think the best way to find the greek new testament has been in front of us the whole time the byzantine greek majority text is the best available primary source for new testament translations the byzantine greek majority text best reflects the thoughts of the apostles that authored it and by extension it is also a better reflection of god s own thoughts but i believe that the primary source for matthew should be a hebrew text rather than the typical greek text and my working theory for the development of paul s letters runs as follows paul originally wrote his letters some in greek some in aramaic the letters were then sent to their various destinations and translated to whatever people needed after paul died timothy and titus got together to collect his letters and edit them they made several decisions about which letters to choose i believe that they edited the available texts with a greater concern to preserve the most important aspects of paul s theology these edited letters were then arranged according to length then combined into a single book this book became the standard edition of paul s collected works i also believe that god spoke to us in i and ii maccabees tobit judith wisdom sirach baruch and theodotion s additions to daniel
