oscar wilde's two collections of children's literature 'the happy prince and other stories' 1888 and 'a house of pomegranates' 1891 have often been marginalised in critical accounts as their apparently conservative didacticism appears at odds with the characterisation of wilde as an amoral aesthete. in this the first full length study of wilde's fairy tales for children jarlath killeen argues that wilde's stories are neither uniformly conservative nor subversive but a blend of both. killeen contends that while they should be read in relation to a literary tradition of fairy tales that emerged in nineteenth century europe, irish issues heavily influenced the work. these issues were powerfully shaped by the folk catholicism wilde encountered in the west of ireland by resituating the fairy tales in a complex nexus of theological, political, social and national concerns. killeen restores the tales to their proper place in the wilde canon.

who says that english folk have no fairy tales of their own the present volume contains only a selection out of some 140 of which i have found traces in this country it is probable that many more exist a quarter of the tales in this volume have been collected during the last ten years or so and some of them have not been hitherto published up to 1870 it was equally said of france and of italy that they possessed no folk tales yet within fifteen years from that date over 1000 tales had been collected in each country i am hoping that the present volume may lead to equal activity in this country and would earnestly beg any reader of this book who knows of similar tales to communicate them written down as they are told to me care of mr nutt the only reason i imagine why such tales have not hitherto been brought to light is the lamentable gap between the governing and recording classes and the dumb working classes of this country dumb to others but eloquent among themselves it would be no unpatriotic task to help to bridge over this gulf by giving a common fund of nursery literature to all classes of the english people and in any case it can do no harm to add to the innocent gaiety of the nation a word or two as to our title seems necessary we have called our stories fairy tales though few of them speak of fairies footnote for some recent views on fairies and tales about fairies see notes the same remark applies to the collection of the brothers grimm and to all the other european collections which contain exactly the same classes of tales as ours yet our stories are what the little ones mean when they clamour for fairy tales and this is the only name which they give to them one cannot imagine a child saying tell us a folk tale nurse or another nursery tale please grandma as our book is intended for the little ones we have indicated its contents by the name they use the words fairy tales must accordingly be taken to include tales in which occurs something fairy something extraordinary fairies giants dwarfs speaking animals it must be taken also to cover tales in which what is extraordinary is the stupidity of some of the actors many of the tales in this volume as in similar collections for other european countries are what the folklorists call drolls they serve to justify the title of merrie england which used to be given to this country of ours and indicate unsuspected capacity for fun and humour among the unlettered classes the story of tom tit tot which opens our collection is unequalled among all other folk tales i am acquainted with for its combined sense of humour and dramatic power the first adjective of our title also needs a similar extension of its meaning i have acted on moli re s principle and have taken what was good wherever i could find it thus a couple of these stories have been found among descendants of english immigrants in america a couple of others i tell as i heard them myself in my youth in australia one of the best was taken down from the mouth of an english gipsy i have also included some stories that have only been found in lowland scotch i have felt justified in doing this as of the twenty one folk tales contained in chambers popular rhymes of scotland no less than sixteen are also to be found in an english form with the folk tale as with the ballad lowland scotch may be regarded as simply a dialect of english and it is a mere chance whether a tale is extant in one or other or both i have also rescued and re told a few fairy tales that only exist now a days in the form of ballads there are certain indications that the common form of the english fairy tale was the cante fable a mixture of narrative and verse of which the most illustrious example in literature is aucassin et nicolette

2009 choice outstanding academic title where did cinderella come from puss in boots rapunzel the origins of fairy tales are looked at in a new way in these highly engaging pages conventional wisdom holds that fairy tales originated in the oral traditions of peasants and were recorded for posterity by the brothers grimm during the nineteenth century ruth b

bottigheimer overturns this view in a lively account of the origins of these well loved stories charles perrault created cinderella and her fairy godmother but no countrywoman whispered this tale into perrault s ear instead his cinderella appeared only after he had edited it from the book of often amoral tales published by giambattista basile in naples distinguishing fairy tales from folktales and showing the influence of the medieval romance on them bottigheimer documents how fairy tales originated as urban writing for urban readers and listeners working backward from the grimms to the earliest known sixteenth century fairy tales of the italian renaissance bottigheimer argues for a book based history of fairy tales the first new approach to fairy tale history in decades this book answers questions about where fairy tales came from and how they spread illuminating a narrative process long veiled by surmise and assumption

in over 1 000 entries this acclaimed companion covers all aspects of the western fairy tale tradition from medieval to modern under the guidance of professor jack zipes it provides an authoritative reference source for this complex and captivating genre exploring the tales themselves the writers who wrote and reworked them and the artists who illustrated them it also covers numerous related topics such as the fairy tale and film television art opera ballet the oral tradition music advertising cartoons fantasy literature feminism and stamps first published in 2000 130 new entries have been added to account for recent developments in the field including j k rowling and suzanne collins and new articles on topics such as cognitive criticism and fairy tales digital fairy tales fairy tale blogs and websites and pornography and fairy tales the remaining entries have been revised and updated in consultation with expert contributors this second edition contains beautifully designed feature articles highlighting countries with a strong fairy tale tradition covering britain and ireland france germany italy japan north america and canada portugal scandinavian countries slavic and baltic countries and spain it also includes an informative and engaging introduction by the editor which sets the subject in its historical and literary context a detailed and updated bibliography provides information about background literature and further reading material in addition the a to z entries are accompanied by over 60 beautiful and carefully selected black and white illustrations already renowned in its field the second edition of this unique work is an essential companion for anyone interested in fairy tales in literature film and art and for anyone who values the tradition of storytelling

in the late 18th and early 19th centuries attitudes toward history and national identity fostered a romantic rediscovery of folk and fairy tales this is the period of the golden age of folk and fairy tales when european folklorists sought to understand and redefine the present through the common tales of the past and long neglected stories became recognized as cultural treasures in this rich collection distinguished expert of fairy tales jack zipes continues his lifelong exploration of the story telling tradition with a focus on the golden age included are one hundred eighty two tales many available in english for the first time grouped into eighteen tale types zipes provides an engaging general introduction that discusses the folk and fairy tale tradition the impact of the brothers grimm and the significance of categorizing tales into various types short introductions to each tale type that discuss its history characteristics and variants provide readers with important background information also included are annotations short biographies of folklorists of the period and a substantial bibliography eighteen original art works by students of the art department of anglia ruskin university not only illustrate the eighteen tale types but also provide delightful and sometimes

astonishing 21st century artistic interpretations of them

i have used this textbook for four courses on children s literature with enrollments of over ninety students it is without doubt the most well organized selection of literary fairy tales and critical commentaries currently available students love it lita barrie california state university los angeles this norton critical edition includes seven different tale types little red riding hood beauty and the beast snow white sleeping beauty cinderella bluebeard and tricksters these groupings include multicultural versions literary rescriptings and introductions and annotations by maria tatar tales by hans christian andersen and oscar wilde more than fifteen critical essays exploring the various aspects of fairy tales new to the second edition are interpretations by ernst bloch walter benjamin max lüthi lewis hyde jessica tiffin and hans jörg uther a revised and updated selected bibliography

the legendary folklorists jacob and wilhelm grimm are widely credited with preserving and documenting europe s oral fairy tale tradition on several extended trips collecting stories in and around germany the pair transcribed more than 200 classic folk tales this volume compiles some of the most popular and well known fairy tales from the grimms body of work
