the picatrix is the most famous grimoire of astrological magic and one of the most important works of medieval and renaissance magic with all four books of the latin picatrix complete in one volume translated annotated by the noted scholars magicians and astrologers john michael greer christopher warnock picatrix takes its rightful place as an essential occult text picatrix is an encyclopedic work with over 300 pages of hermetic magical philosophy ritual talismanic and natural magic greer warnock s complete translation is lucid and well annotated and was created by astrologers and magicians for astrologers and magicians greer warnock s translation was intended to make this incredible grimoire accessible to practitioners and has made an important contribution to the revival of traditional astrological magic

the picatrix is the most famous grimoire of astrological magic and one of the most important works of medieval and renaissance magic with all four books the complete text in one volume translated and annotated by the noted scholars magicians and astrologers john michael greer and christopher warnock picatrix takes its rightful place as an essential occult text for modern esotericists the illustrated picatrix

contains over 120 illustrations with images of the 7 planets and 28 mansions of the moon by nigel jackson as well as images of the 36 decans and 12 signs by renaissance artists this is an authentic ancient magical text lucidly translated and fully annotated with over 400 footnotes

among the various kinds of occultism popular during the russian silver age 1890 1914 modern theosophy was by far the most intellectually significant this contemporary gnostic gospel was invented and disseminated by helena blavatsky an expatriate russian with an enthusiasm for buddhist thought and a genius for self promotion what distinguished theosophy from the other kinds of mysticism the spiritualism table turning fortune telling and magic that fascinated the russian intelligentsia of the period in answering this question maria carlson offers the first scholarly study of a controversial but important movement in its russian context carlson s is the only work on this topic written by an intellectual historian not ideologically committed to theosophy placing mme blavatsky and her secret doctrine in a russian setting the book also discusses independent russian theosophical circles and the impact of the theosophical anthroposophical schism in russia it surveys the vigorous polemics of the theosophists and their critics demonstrates theosophy s role in the philosophical dialogues of the russian creative intelligentsia and chronicles the demise of the movement after 1917 by exploring this long neglected aspect of the silver age carlson greatly enriches our knowledge of fin de sicle russian culture originally published in 1993 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905

set in world established by the cunning man six stories follow hiram woolley in the intermountain west of the 1930s as he uses grandma hettie s traditional magical lore to battle demons he discovers an ancient horror that explains an oddity of utah geography helps a deceased shoshone war leader finds an unappreciated consequence of the mountain meadows massacre battles an ancient sorcerer in a secret mountaintop lookout and more other stories explore dark and somber themes including two tales set in the cthulhu mythos the weaving together of ancient egypt 1930s massachusetts and a future spaceship across time and space a traveler in the old west comes to an elaborately bad end eight more stories and three essays round out this collection

alchemists are generally held to be the quirky forefathers of science blending occultism with metaphysical pursuits although many were intelligent and well intentioned thinkers the oft cited goals of alchemy paint these antiquated experiments as wizardry not scientific investigation whether seeking to produce a miraculous panacea or struggling to transmute lead into gold the alchemists radical goals held little relevance to consequent scientific pursuits thus the temptation is to view the transition from alchemy to modern science as one that discarded fantastic ideas about philosophers stones and magic potions in exchange for modest yet steady results it has been less noted however that the birth of atomic science actually coincided with an efflorescence of occultism and esoteric religion that attached deep significance to questions about the nature of matter and energy mark morrisson challenges the widespread dismissal of alchemy as a largely insignificant historical footnote to science by prying into the revival of alchemy and its influence on the emerging subatomic sciences of the late 19th and early 20th centuries

morrison demonstrates its surprising influence on the emerging subatomic sciences of the late 19th and early 20th centuries specifically morrison examines the resurfacing of occult circles during this time period and how their interest in alchemical tropes had a substantial and traceable impact upon the science of the day modern alchemy chronicles several encounters between occult conceptions of alchemy and the new science describing how academic chemists inspired by the alchemy revival attempted to transmute the elements to make gold examining scientists publications correspondence talks and laboratory notebooks as well as the writings of occultists alchemical tomes and science fiction stories he argues that during the birth of modern nuclear physics the trajectories of science and occultism so often considered antithetical briefly merged

includes indexes for african american almanac biography chronology breakthroughs and voices

examines the left hand path and reveals the masters of the tradition explores the practices and beliefs of many left hand path groups including the cult of set the hell fire club and heretical sufi zoroastrian christian and muslim sects investigates many infamous occult personalities including helena blavatsky aleister crowley the marquis de sade and anton lavey explains the true difference between the right hand path and the left hand path union with and dependence on god versus individual freedom and self empowerment from black magic and satanism to gnostic sects and gurdjieff s fourth way the left hand path has been linked to many practices cults and individuals across the ages stephen flowers ph d examines the methods teachings and historical role of the left hand path from its origins in indian tantric philosophy to its underlying influence in current world affairs and reveals which philosophers magicians and occult figures throughout history can truly be called lords of the left hand path flowers explains that while the right hand path seeks union with and thus dependence on god the left hand path seeks a higher law based on knowledge and power it is the way of self empowerment and true freedom beginning with ancient hindu and buddhist sects and moving westward he examines many alleged left hand path groups including the cult of set the yezidi devil worshippers the assassins the neoplatonists the hell fire club the bolsheviks the occult nazis and several heretical sufi zoroastrian christian and muslim sects following a carefully crafted definition of a true adherent of the left hand path based on two main principles self deification and challenge to the conventions of good and evil the author analyzes many famous and infamous personalities including h p blavatsky faust the marquis de sade austin osman spare aleister crowley gerald gardner anton lavey and michael aquino and reveals which occult masters were lords of the left hand path flowers shows that the left hand path is not inherently evil but part of our heritage and our deep seated desire to be free independent and in control of our destinies

excerpt from stories of the occult she gave me my medicine hearing footsteps at the door she tiptoed over and faced the doctor putting up a warning finger she whispered about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
