addresses over four hundred of the most common claims made by creationists offering a rebuttal for each that is backed up by scientific facts and lists both print and online resources for further information

addresses over four hundred of the most common claims made by creationists offering a rebuttal for each that is backed up by scientific facts and lists both print and online resources for further information

have you ever wondered what charles darwin would have had on his ipod or exactly how cartman from south park fits into the theory of evolution the rough guide to evolution delves into all of this and more from the life and works of the eminent scientist to the impact of evolutionary thinking on modern times read about the evolutionary history of life on earth the stark evidence for evolution including feathered dinosaurs and how darwin s breakthrough is still denied by

creationists who have repeatedly tried to ban evolution from the classroom providing a complete and authoritative overview of one of the most controversial topics of our age the guide is an accessible one stop shop for all things darwinian while listing resources for those keen to dig deeper into our murky beginnings find out exactly how charles darwin and the origin of species have affected human life in the 150 years since its publication everything from darwinian tourism to the evolution of the simpsons as well as some new angles that make the rough guide to evolution a must have for die hard darwin fans rediscover darwin s earth shattering explanation for the diversity of life with the rough guide to evolution

presents the scientific evidence for evolution and reasons why it should be taught in schools provides various religious points of view and offers insight to the evolution creationism controversy

preaching to convert offers an intriguing new perspective on the outreach strategies of u s evangelicals author john fletcher frames these activities from door to door proselytizing to the spirited sermons of superstar televangelists as examples of activist performance broadly defined here as acts performed before an audience in the hopes of changing hearts and minds most writing about activist performance has focused on left progressive causes events and actors and if evangelicals have appeared at all they often appear as one dimensional forces of ignorance or bigotry against which brave left leaning activists must fight preaching to convert argues against such a constricted view of activism and for a more nuanced understanding of u s evangelicalism as a movement defined by its desire to win converts and spread the gospel in other words evangelicals are activist performers par excellence the book positions evangelicals as a diverse complicated group confronting the loss of conservative christianity s default status in twenty first century u s culture in the face of an increasingly secular age evangelicals have been reassessing models of outreach in acts like handing out bible tracts to strangers on the street or going door to door with a bible in hand in elaborately staged horror themed morality plays or multi million dollar creationist discovery centers in megachurch services beamed to dozens of satellite campuses and in controversial ex gay ministries striving to return gays and lesbians to the straight and narrow evangelicals are redefining what it means to be deeply committed in a pluralist world the book s engaging style and careful argumentation make it accessible and appealing to scholars and students across a range of fields

fully comprehensive textbook covering the issues methods and relations between religion and science throughout history and up to the modern day

this book is not the typical questions and answers on dinosaurs book it is not a book for children enabling them to find out the largest recorded dinosaur to discover what dinosaurs ate or even how they managed to get up after nap time

an informative book on the biology and anatomy of the mighty reptiles it is not the series of questions in this treatise of answers has arisen from meetings conducted on dinosaurs the questions have come from all kinds of people in various and sundry walks of life some of the questions were common and not much is to be learned from answers to such generalities however some of the questions are not only posited by the curious but come from hearts filled with consternation while contemplating the subject of theodicy did the creator contribute heavily to the world's landscape of tooth and claw is the canvass of god's creation not only etched in blood but filled with the stench and smell emanating from the so called mesozoic era of the past

excellent new rspb handbook jointly published with the chartered institution of water and environmental management ciwem from the publisher's announcement the handbook presents practical guidance on the restoration and creation of coastal saltmarsh and associated intertidal mudflat to help those involved in the planning and delivery of such schemes successfully realise their goals following an introductory overview the handbook covers issues arising in the project planning phase site selection scheme design formulation of management plans funding considerations the current legal and planning context the regulatory framework and the process of environmental impact assessment are addressed the handbook then describes the practical techniques available to restore and create saltmarsh it covers the engineering operations necessary to produce suitable site conditions and the establishment techniques employed to optimise enhance site development the case studies presented reflect the evolution of the approach from simple small scale single function schemes to sophisticated large scale multiple function projects and illustrate how the practical techniques described have been applied to site specific circumstances technical terminology has been kept to a minimum to make the text accessible to the widest possible audience plates and figures have been widely used to illustrate the subject matter and extensive reference has been made to other publications in the field relevant recent and on going research projects and other sources of useful information

every 3rd issue is a quarterly cumulation

presents an alphabetically arranged encyclopedia of the people organizations and places surrounding the evolution creationism controversy with lists of participants names that explain their lives and the development of their theories
