this volume extends the knowledge base supporting research informed child care for infants and toddlers while simultaneously highlighting areas of study ripe for future research the authors demonstrate from a systems perspective that the experiences and outcomes of very young children in child care are influenced by characteristics of and interactions between the children adults and settings varying methodological approaches as well as the utilization of newer data collection instruments inform the

field's understanding of current practices and procedures while offering guidance for future programming and policy in turn the chapters highlight a plethora of open questions and a need for a new generation of research to support the field of infant toddler care future challenges are evident in the recognition of the inadequate nature of our current measures of child outcomes and classroom processes the field's unmet promise to incorporate interdisciplinary perspectives and the need for newer methodological designs that blend the strengths of quantitative and qualitative approaches these issues are important given the growing demand for infant toddler care and the increasing recognition of the unique role of this age period in serving as the foundation for all later development this book was originally published as a special issue of early education and development

learn how to create and nurture communities of care for diverse children families and practitioners through responsive practice in this text the social and emotional worlds of babies and toddlers their peers and their caregivers come to life in the everyday moments of infant toddler care and education the authors show infants and toddlers as active agentic and intentional social partners from the start of life highlighting their unique capacities for social engagement with both adults and peers interwoven within each chapter's narrative are insights culled from extensive observations teacher interviews and video analyses part i emphasizes play peer friendships and humor as essential elements of infant learning illustrated throughout with anecdotes of praxis in early care and education settings building on these aspects of babies ways of being in group care part ii examines the complex roles of infant toddler professionals and the critical importance of supportive and caring environments readers will explore the elements needed for in depth and specialized professional preparation including overarching principles of relationship based practice book features illuminates particular and understudied ways that infants and toddlers actively contribute to their own social learning and development shares how teachers learn to engage with and nurture infants and toddlers social capacities and experiences within child care settings uses anecdotes and vignettes from the authors research and practice with infants toddlers and caregivers to bring their experiences to life discusses themes that are important and unique for infancy and toddlerhood such as play friendships humor and professional love presents a unique set of chapters that reveal infants and toddlers perspectives while also considering the caregiver's actions within a responsive care framework

the handbook of infant toddler and preschool mental health assessment brings together for the first time leading clinical researchers to provide empirically based recommendations for assessment of social emotional and behavior problems and disorders in the earliest years each author presents state of the art information on scientifically valid developmentally based clinical assessments and makes recommendations based on the integration of developmental theory empirical findings and clinical experience though the field of mental health assessment in infants and young children lags behind work with older children and adults recent scientific advances including new measures and diagnostic approaches have led to dramatic growth in the field the editors of this exciting new work have assembled an extraordinary collection of chapters that thoroughly discuss the conceptualizations of dysfunction in infants and young children current and new diagnostic criteria and such specific disorders as sensory modulation dysfunction sleep disorders eating and feeding disorders autistic spectrum disorders anxiety disorders posttraumatic stress disorder and adhd chapters further highlight the importance of incorporating contextual factors such as parent child relationship functioning and cultural background into the

assessment process to increase the validity of findings given the comprehensiveness of this groundbreaking volume in reviewing conceptual methodological and research advances on early identification diagnosis and clinical assessment of disorders in this young age group it will be an ideal resource for teachers researchers and a wide variety clinicians including child psychologists child psychiatrists early intervention providers early special educators social workers family physicians and pediatricians

description of a day care center run by the association

offers caregivers hands on appropriate learning activities that can be incorporated into the child s day

this publication deals with the present crisis in infant toddler care it presents information on infant toddler development and optimal caregiving paractices citing recent research on appropriate practices and the impact of poor versus quality care the book is divided into two sections in the first section development and program implications for infants toddlers and families four chapters cover 1 the baby birth to 12 months alice sterling honig 2 the second year 12 to 24 months kathryn castle 3 toddlers 24 to 36 months nancy balaban and 4 quality integrated programs for infants and toddlers with special needs david sexton the chapters in the second section issues and dilemmas confronting infants toddlers and families deal with 5 health issues in a changing society veronica d feeg 6 infant day care michael f kelley and elaine surbeck and 7 policy issues affecting infants toddlers and their families eleanor stokes szanton a postscript by elaine surbeck concludes the volume jd

the second edition of communication disorders in infants and toddlers is a compendium of information for professionals who deal with young children with special needs and includes up to date information about assessment methods implications of specific diagnoses and development through parent professional teaching

this guide explores the contribution of the naturally occurring activities of infants and toddlers to their learning and development infants and toddlers benefit greatly when they have a caregiver who is sensitive and responsive to their various needs and interests who creates developmentally appropriate environments and who introduces activities that encourage the children to explore freely and be in control of what happens ideas and insights for caregivers seeking to provide that kind of support are offered in this guide along with a listing of developmentally appropriate and inappropriate practices

the handbook of training and practice in infant and preschool mental health this comprehensive and highly useful guide offers students and practicing clinicians who work with infant and preschool populations a much needed resource for developing and honing their professional skills and clinical experiences the book contains vital information about general training issues and highlights the skills that are needed to be considered a competent professional written by top experts in the field from a wide range of disciplines the authors address basic areas of training and practice with very young children including observation assessment diagnosis dyadic therapy and reflective supervision in addition to unique areas of clinical work such as reunification and adoption evaluations the book also offers examples of innovative models of training and practice for the delivery of services in nontraditional settings such as homes day care centers and preschools and special strategies for delivering clinical

services and providing supervision in rural and remote settings including the use of technology a representative group of infant mental health professionals take a valuable look at the compelling issues in training and practice through lenses richly diverse in focus setting and intent jeree h pawl former director of the infant parent program at san francisco general hospital this provocative volume compels a broader dialogue about the critical issues related to the interdisciplinary training and practice of infant mental health specialists hiram e fitzgerald university distinguished professor psychology kellogg center michigan state university this timely and rich volume illuminates the complex issues involved both in conceptualization of infant family practice and of practitioner preparation and support a superb and valuable contribution donna r weston director graduate certificate program in infant mental health university of washington center for infant mental health and development

this comprehensive practical book is built on solid theory and evidence based practices from both the fields of special education and early childhood education when the first edition was conceived in 1980 the authors encountered students who either had a strong special education background or a strong early childhood child development background each group had a lot to learn from the other and a lot to contribute to the other the original purpose was to bring together the best from both fields into early childhood special education the book continues to take a practical âœactivity basedâ approach that is theoretically sound and current it also provides ample detail related to specific intervention strategies that enhance the effective use of embedded learning opportunities within daily curriculum activities and routines its relatively jargon free âœreadableâ approach that is built on evidence based practices make it appropriate for a wide range of readers the illustrations of techniques and strategies throughout make it sustainable as a resource it has always encouraged a family centered inclusive approach to working with young children with special needs and their families
