this book originally published in 1987 presents a broad overview of the spatial organization of the european economy providing a valuable synthesis of recently published material by geographers and other social scientists a major theme is the interdependence of economic development at various scales the three main sections look at international and european economic context detailed changes in particular sectors specific types of regional economic formations case studies are used and reference made to historical processes

offering the first in depth exploration of saudi arabia's political social and diplomatic role in the six day war this study sheds light on the kingdom's overlooked but pivotal contributions to one of the most consequential conflicts in modern middle eastern history drawing on both newly available material and a fresh analytical approach it also highlights how the war influenced saudi arabia's evolving identity and regional positioning far from being a peripheral actor saudi arabia played a crucial role in shaping arab responses to israel during and after the 1967 war from economic warfare via the oil embargo to internal shifts in leadership ideology and governance drawing on archival material and extensive analysis this book situates saudi arabia's wartime decisions within the broader framework of its internal transformations and evolving regional ambitions through a close examination of king faisal's leadership domestic tensions oil diplomacy and the kingdom's strategic recalibration this study reveals how the six day war became a pivotal moment in saudi arabia's emergence as a regional power it shows how the conflict reshaped saudi israeli dynamics and laid the foundation for the kingdom's complex and at times contradictory approach to israel in the decades that followed essential reading for scholars and students of middle east politics gulf studies and international relations this book also appeals to anyone seeking to understand the historical roots of today's saudi israeli engagement it offers fresh insights into the intersection of domestic upheaval and regional diplomacy

a new edition of christopher dawson's classic work on christian higher education

the end of the cold war ushered in an age of american triumphalism best characterized by the washington consensus the idea that free markets democratic institutions limitations on government involvement in the economy and the rule of law were the foundations of prosperity and stability the last fifteen years starting with the asian financial crisis have seen the gradual erosion of that consensus many commentators have pointed to the emergence of a powerful new rival model state capitalism in state capitalist regimes the government typically owns firms in strategic industries not beholden to private sector shareholders such firms are allowed to operate with razor thin margins if the state deems them strategically important china soon to be the world's largest economy is the best known state capitalist regime but it is hardly the only one in state

capitalism joshua kurlantzick ranges across the world china thailand brazil russia south africa turkey and more and argues that the increase in state capitalism across the globe has on balance contributed to a decline in democracy he isolates some of the reasons for state capitalism s resurgence the fact that globalization favors economies of scale in the most critical industries and the widespread rejection of the washington consensus in the face of the problems that have plagued the world economy in recent years that said a number of democratic nations have embraced state capitalism and in those regimes state backed firms like brazil s embraer have enjoyed considerable success kurlantzick highlights the mixed record and the evolving nature of the model yet he is more concerned about the negative effects of state capitalism when states control firms whether in democratic or authoritarian regimes the government increases its advantage over the rest of society the combination of new technologies the perceived failures of liberal economics and democracy in many developing nations the rise of modern kinds of authoritarians and the success of some of the best known state capitalists have created an era ripe for state intervention state capitalism offers the sharpest analysis yet of what state capitalism s emergence means for democratic politics around the world

this book gives a panoramic review of china s 70 years of modernization reveals the historical process and logic of the formation of the modernization path with chinese characteristics especially focuses on the key decision making process in the history of china s modernization theoretically compares the chinese model and the western mainstream model and summarizes the characteristics and experience of china s development model at the same time it reveals the causes of the global crisis from a historical perspective and puts forward the future of china based on historical experience the book tries to answer the following hot debating questions what is the core of chinese experience is china model a new model of modernization is china s model sustainable is this model compatible with the mainstream model what is the relationship between china s revolution and modernization how will china s development affect the world this book will be found helpful by all scholars students and the public who are interested in china s development path
