crimson dawn is the official newsletter of ananda marga in new york sector this special printed edition is on the occasion of shrii shrii anandamurti birthday anniversary shrii shrii anandamurti is the founder and preceptor of ananda marga

tantra is one of the most misunderstood of the esoteric disciplines in order to get a clear idea as to the nature of tantric ritual and belief it is necessary to go where tantra is still practiced and from where important tantric teachings originated a thousand years ago the island of java in present day indonesia this book illustrates the history of tantrism in java with more than a hundred photographs of temples statues and iconography dedicated to the system some rarely seen before including the recently excavated white temple of yogyakarta and accounts of contemporary practices in the shrines cemeteries and secret schools of java it is this tantra the tantra of java that has influenced secret societies mystics alchemists kabbalists and magicians for hundreds if not thousands of years this book tells the story of how human sexuality became a metaphor and a template for both spiritual transformation and the manipulation of reality of how various sexual acts and psycho biological states became the basis for a comprehensive cosmology that incorporates every aspect of human experience sometimes the secrets are buried where you least expect to find them sometimes they are hidden in plain sight sometimes they are both in the largest muslim country in the world we will discover a path of tantra so unique yet so vibrant and alive that we will be astonished that no one had heard of it until now

the image of the meditating yogi has become a near universal symbol for transcendent perfection used to market everything from perfume and jewelry to luxury resorts and sports cars and popular culture has readily absorbed it along similar lines

yet the religious traditions grounding such images are often readily abandoned or caricatured beyond recognition or so it would seem the essays contained in the assimilation of yogic religions through pop culture explore the references to yogis and their native cultures of india tibet and china as they are found in the stories of many famous icons of popular culture from batman spider man and doctor strange to star trek doctor who twin peaks and others in doing so the authors challenge the reader to look deeper into the seemingly superficial appropriation of the image of the yogi and asian religious themes found in all manner of comic books novels television movies and theater and to carefully examine how they are being represented and what exactly is being said

tantra considered by many as a dangerous and secret path invariably generates a tremendous amount of curiosity in this the first comprehensive book of its kind shri dharmakirti gives us a rare glimpse into the fascinating nature of tantra a practitioner of the mahayana buddhist tantra uses his intellect and moral discipline to attain buddha hood the highest state of existence how to achieve this state was first shown by the buddha and after him by various incarnations of indian and tibetan gurus such as the dalai lama the author gives us a detailed account of the moral ethical and philosophical basis of buddhist tantra he also shows how the buddhist tantric path of the highest secret mantra decisively addresses the three crucial problems that every genuine spiritual warrior must resolve3 4 problems of death sexuality and the true nature of reality the author discusses various facets of the buddhist tantric path its history its harnessing of sexual energy to access subtle levels of reality the doctrine of karma the concept of profound emptiness that is the philosophical core of the buddha dharma and the wheel of existence or the bhava chakra narrated simply and enriched with visual representations of the author s vision of tantra this is an invaluable guide for those seeking a meaningful spiritual path
