the unknown instils fear a term like psychic attack unfortunately triggers much fear among many which is a pity because fear only enhances the grip it has on you psychic attack doesn't always mean ghosts or possession in many cases it is simply about being under the influence of energies that are not your own this book gives you the knowledge on how to remove these external influences the goal of this book is trifold first it will help the reader understand psychic attacks how they work what makes us

vulnerable and it dispels some common myths about psychic attacks second it describes the symptoms of psychic attacks helping the reader identify whether or not they are affected third the book offers valuable tools and techniques to deal with psychic attacks if one is affected and to work on the energetic level so that we prevent such attacks from happening in the first place it is a very thorough book written by an experienced energy worker a book that brings light to a shadowy topic a much needed book in the present day

this book contains a description of the various kind of psychic attack along with suggestions and a few remedies for eliminating it from your life included are exercises for mental training that can make your mind impervious to psychic attack

the problem solvers alphabet was invented to help victims of psychic attack and spiritual problems the glyphs are an easy method that can be used by anyone to help themselves and others to be healed the magical system developed in the problem solvers alphabet combines hermetic magic gematria and magical alphabets as utilized by many ancient cultures you will be taught how to energize your own magical creations in such a way as to key into the vibrations colors and images of the glyphs and akashic gemstones all based on tested ancient wisdom updated and developed for students in a new magical age the alphabet is an integral part of my system to stop negative energies from harming you or others testimonials a good book is often plainly written when the writer writes from experience from a gentle kindness that wishes not to impress but to be understood a good book of wisdom is often plainer still for the words are not the writer s own and the work itself is alive the problem solver s alphabet is both elegantly simple and alive with magic as nita hickok found so many of us in our darkest hour may this book find you in yours bill i found nita through robert bruce s book i was starting to experience a real slate of bad luck no money bad guy and magical workings from others on me people say these things don t exist i am a pretty sane person i can tell you they do exist i experienced some dreadful stuff and money especially was extremely scarce i almost lost my home i contacted nita and she could see right away that the guy i was associated with had some bad stuff on him and it was affecting me very badly she also alerted me to her book the problem solvers s alphabet i found this extremely useful nita was very helpful kind generous with her help and information she was always concerned showed a genuine interest in helping me to solve my problems fight magic with magic is how i put it i am finally coming through that harsh time and it is because of nita s help she is the real deal but one thing is as nita will say you have got to help yourself as well if you have psychological problems then you must seek some outside help like psychotherapy or counselling you can protect yourself but you have to deal with the issues that caused the problem too like why was i ever associated with such a person how am i making decisions you have to work on yourself and nita does say that thank you nita for your help in not only teaching me but showing me how to take care of myself you are a real gift and i treasure you god bless you lovely lady thank you nita patty turner i first met nita when she agreed to assist me with a personal issue i was experiencing with psychic attacks since then i have realized more and more that her greatest gift is the amount of love she gives

and offers to those in need my spiritual journey has now taken a different path to that of hermetics however i have never doubted that nita has the energy of a healer and will bring her gifts and insights to many people now and in the future nita is a humble person free from the attitude that often accompanies gifted healers i recommend her whole heartedly because i trust her that is the biggest compliment i could give anyone namaste pierre du chamois primary therapist

back cover excerpt thousands of books have been written about happiness and how to achieve it but these do not consider outer influences from other humans in our life of course all of us would like to be happy and without problems but many of us have had bad experiences or some sort of problems in our daily life without them having a logical cause or a possible explanation some things did not go as expected despite all of our efforts we are sometimes victims of unforeseen accidents we sometimes are also unable to reach our foreseen immediate goals which previously were considered very simple even though we were fighting hard to achieve them we do not know why these events occur but most people attribute it to a possible bad luck at the time or something which was meant to be a second group either by superstition or rightly sustained attribute them to a third partys influence that is considered as an evil eyed person or bird of ill omen a third smaller group attributes causes to premeditated attacks from witches or sorcerers and to have been the target of curses or spells negative intentions that could be either normal or enhanced are what we call psychic attacks my idea is to give orientation on something undeniable that exists although is blindly rejected by many superstitions and myths are analyzed into a logical rational and partly scientific framework there are strong cultural differences between people from the western hemisphere and those from the orient and even between people that speak a common language but are separated by geographical or political boundaries but when common human reactions and events are observed in several different environments this makes us think that certain truth should be something underlying as the origin and outcomes of those events
