the canonical shape of the hebrew bible reveals the footprints of the communities of faith that formed that literature nancy declaisse walford explores the process by which the postexilic community selected appropriated and shaped various psalms into the hebrew psalter the psalter she concludes tells its own story of the history of ancient israel and gives its shaping community and subsequent believing communities a rationale for continued existence as a people with god as their king

a formidable and invaluable working tool for those working with the text of psalms or with hebrew poetry the hebrew text of the psalms is here set out in a unique way generally one psalm to each large format a4 page to show their poetic shape and structure in couplets triptychs and strophes the visual impact of the layout tells its own striking story demonstrating at a glance the skill and artistry with which the psalms have been composed with its introduction and notes in english this book will be a standard tool for students and it will have significant consequences for the scholarly interpretation of the psalms

reprint of the original first published in 1873 the antigonos publishing house specialises in the publication of reprints of historical books we make sure that these works are made available to the public in good condition in order to preserve their cultural heritage

providing balance to the general scholarly trend to focus on the non narrative aspect of hebrew poetry this book argues that the hebrew psalter does contain stories and their inclusion in ancient israel s worship texts contributes to the rhetorical power of the psalms in ways distinct from other poetic devices rebecca w poe hays builds on literary theory and biblical studies of narrative to establish a clear definition of story and to identify where story appears in the book of psalms the majority of the book explores how these story portions of the psalter divided into the three broad categories of retellings of history testimonies and paradigms function within their larger contexts each chapter includes a discussion of a particular category s general characteristics a close reading of representative texts and an assessment of distinctive ways each type of story functions in the psalms in which they appear these poetic psalmic stories have the rhetorical power to draw readers uniquely into narrative worlds and inspire empathy to guide readers into particular understandings of history and teach inductively and to concretize the abstract and so shape the beliefs and behaviors of the communities who regard them as sacred texts

the choice of yahweh as refuge makes a unique and creative contribution to an

emerging direction in psalms study the shape and shaping of the psalter building especially on the work of gerald wilson james may klaus seybold and gerald sheppard creach provides an abundance of helpful data and advances the discussion significantly with his judicious interpretation of the root hsh to seek refuge and related hebrew roots he shows that the arrangement of psalms 2 89 reflects an editorial interest in which ideas expressed by the hsh field are a foil for complaints of being cast off by yahweh and that ideas expressed by the hsh field are also among the primary motifs in psalms 90 106

an indispensable tool for scholars and students working on the hebrew text of the psalms for the first time the text of each psalm is presented at a glance with original poetic divisions an introduction provides the theoretical justification for the divisions

this is a reproduction of a book published before 1923 this book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process we believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide we appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book

this volume which is based on the papers given at a panel at the 2019 sbl international meeting in rome represents current discourses in psalms research the past decades have been marked by the paradigm shift from form criticism to different exegetical approaches which consider the book of psalms as the literary context of the individual psalms more recently it has been pointed out that the complex evidence given by the manuscripts from antiquity to the middle ages does not support the notion of a fixed canonical text as presupposed by some approaches the present volume combines contributions about such basic considerations with studies of individual groups of psalms with

different methodological and hermeneutical approaches they open up perspectives on the interrelation between the origin composition and reception of the psalms

an examination of the relationship between the davidic covenant and abrahamic and mosaic covenants reflected in the editorial shape and shaping of the masoretic psalter hensley proposes that the editors of the psalter understood these covenants as a theological unity whose common fulfilment centres on an anticipated royal successor to david to test this hypothesis hensley examines the psalter's references and allusions to covenant's in light of editorial evidence the book is split into three parts part i reassesses different kinds of editorial evidence their implications and their utility for discerning editorial intent it also re-evaluates the qumran psalms hypothesis championed by sanders wilson and others part ii engages in extensive survey work on references and allusions to covenant's in the psalter assessing the extent to which they gravitate around david hensley traces phraseological and intertextual allusions to covenant promises and obligations providing the first survey of its kind on the subject of covenant in the psalter part iii then investigates a strong allusion to the abrahamic covenantal promises in ps 72:17 in the context of book ii of the psalter and the psalter's fullest echoes of the grace formula exod 34:6 in psalm 86:15 103:8 and 145:8 in the contexts of books iii iv and v respectively hensley shows that rather than the davidic covenantal promises being democratized the promises and obligations of the pre-monarchic covenants are consistently royalized throughout the psalter and its books depicting the anticipated davidic figure as a moses-like intercessor and mediator of covenant renewal and the leader of a new song for a new exodus

excerpt from key to the hebrew psalter a lexicon and concordance combined wherein are all the words and particles contained in the book of psalms together with their chief inflections roots etc feeling convinced that the study of the hebrew language has been hitherto sadly neglected and that neither in our public schools nor universities has it ever reached that place in the curriculum which it deserves to occupy he hopes that in the years of the present century this reproach may be removed it has occurred to him that this neglect this ignorance of the hebrew language which exists even among clergymen may be due to a mistaken apprehension of the difficulty of its acquirement about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we

do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

When people should go to the books stores, search establishment by shop, shelf by shelf, it is truly problematic. This is why we allow the ebook compilations in this website.
