in on divine revelation one of garrigou lagrange's most significant works here available in english for the very first time he offers a classic treatment of this foundational topic it is an organized and thorough defense of both the rationality and supernaturality of divine revelation he presents a careful yet stimulating account of the scientific character of theology the nature of revelation itself mystery dogma the grace of faith the powers of human reason false interpretations thereof rationalism naturalism agnosticism and pantheism the motives of credibility and much more though written a century ago on divine revelation will restore confidence in theology as a distinct and unified science and return focus to the fundamental questions of the doctrine of revelation it also serves as a salutary corrective to contemporary theology's anthropocentrism and concern with what is relative in revelation and religious experience by reorienting our theological attention to what is most certain central and sure in our knowledge of divine revelation the triune god who has revealed his inner life and salvific will readers will see the great splendor of the gift of divine revelation radiant with credibility before the gaze of reason and drawing our supernatural assent to the mysteries through the

gift of faith as fr cajetan cuddy o p observes on divine revelation is a stunning work of inestimable value no other subsequent work on this topic has come close to meeting it much less surpassing it

this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it amazon com

does god actually do anything in baptism is it more than just a symbol most early baptists would have answered yes most baptists today would answer no how and why did this change happen and does it matter providing thorough documentation of the changing understandings of baptism among american canadian and english baptists from the 1600s to the present day the secularization of baptism demonstrates that four factors led to the symbolic only position becoming dominant these were suspicion in reaction to roman catholicism of the idea of god revealing himself through the physical the influence of the enlightenment and embarrassment with claims that god could be acting in the world today reaction against the oxford movement and reaction against the understanding of baptism advocated by the disciples of christ campbellites the now dominant symbolic only position so focuses attention on what the believer is doing in baptism that god is seen as largely absent from and doing nothing through the rite in effect believers baptism has been secularized a carefully reasoned biblical and theological argument is made for a return to the regular particular baptist view that god is both profoundly spiritually present and active in baptism while at the same time rejecting the sacramentalist position advocated by a small number of mid twentieth and twenty first century baptists such as h wheeler robinson george beasley murray stanley k fowler and anthony r cross

books for new testament study by clyde weber votaw v 26 p 271 320 v 37 p 289 352

in modernization and the structure of societies marion levy shows the interdependencies of societies as a systematic whole in matters that are relevant for international affairs he distinguishes different types of societies while simultaneously showing elements common to

all societies in a new epilogue being added to this edition titled modernization exhumed the author alleges that criticism of modernization theory has generally been ideological or otherwise nonscientific he provides a strong defense of his hypothesis in his new introduction he concentrates on the concept of interdependency modernization and the structure of societies is crucial to the understanding of contemporary international problems it is a necessary addition to the personal libraries of sociologists political scientists and scholars of international affairs levy writes so as to produce strong reactions but this does not obscure his real contribution because of his ambitious effort to synthesize a tremendous amount of available scholarship the study is certain to last for a long time as a standard reference in the field of comparative sociology morris janowitz american journal of sociology a giant book raising innumerable problems often an exasperating book yet important and likely to be much referred to by writers on comparative politics and administration fred w riggs american political science review

the cognitive science of religion is an inherently heterogeneous subject incorporating theory and data from anthropology psychology sociology evolutionary biology and philosophy of mind amongst other subjects one increasingly influential area of research in this field is concerned specifically with exploring the relationship between the evolution of the human mind the evolution of culture in general and the origins and subsequent development of religion this research has exerted a strong influence on many areas of religious studies over the last twenty years but for some the so called evolutionary cognitive science of religion remains a deeply problematic enterprise this book s primary aim is to engage critically and constructively with this complex and diverse body of research from a wide range of perspectives to these ends the book brings together authors from a variety of relevant disciplines in the thorough exploration of many of the key debates in the field these include for example can certain aspects of religion be considered adaptive or are they evolutionary by products is the evolutionary cognitive science of religion compatible with theism is the evolutionary cognitive approach compatible with other more traditional approaches to the study of religion to what extent is religion shaped by cultural evolutionary processes is the

evolutionary account of the mind that underpins the evolutionary cognitive approach the best or only available account written in accessible language with an introductory chapter by Ilkka Pyysiäinen a leading scholar in the field this book is a valuable resource for specialists undergraduate and graduate students and newcomers to the evolutionary cognitive science of religion
