fundamentals of investing helps students make informed investment decisions in their personal and professional lives by providing a solid foundation of core concepts and tools gitman and joehnk use practical hands on applications to introduce the topics and techniques used by both personal investors and money managers preparing to invest the investment environment markets and transactions investment information and securities transactions important conceptual tools risk and return modern portfolio concepts investing in common stocks common stocks analyzing common stocks stock valuation technical analysis market efficiency and behavioral finance investing in fixed income securities fixed income securities bond valuation portfolio management mutual funds professionally managed portfolios managing your own portfolio derivative securities options puts and calls commodities and financial futures investing in preferred stocks tax advantaged investments real estate and other tangible investments for all readers interested in personal investment and money management

this practical hands on blueprint to stocks and mutual funds provides a thorough overview of today s stock market from understanding how trends and policies affect markets and the basics of placing a trade to advanced issues including technical analysis short selling modern portfolio theory and more this unique and useful workbook explains the stock market in clear concise language

fundamentals of investments focuses on students as investment managers giving them information to act on by placing theory and research in the proper context the text offers a balanced unified treatment of the four main types of financial investments stocks bonds options and futures topics are organized in a way that makes them easy to apply whether to a portfolio simulation or to real life and supported with hands on activities then resources within connect help students solve financial problems and apply what they ve learned jordan s managerial perspective and superior pedagogy

combine with a complete digital solution to help students achieve higher outcomes in the course connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need when they need it and how they need it so that your class time is more engaging and effective

this is the only textbook that describes 1 how investors actually behave 2 the reasons and causes of that behavior 3 why the behavior hurts their wealth and 4 what they can do about it jacket

post the financial crash the role of regulation and the impact of regulation on all aspects of the financial industry has broadened and intensified this book offers a comprehensive review of the operations of the industry post financial crisis from a variety of perspectives this new edition builds upon the authors predecessor book fundamentals of investment an irish perspective the core of the original text is retained particularly concerning fundamental concepts such as discounted cash flow valuation techniques changes in this new text are driven by two important factors first the long shadow of the global financial crisis and the ensuing great recession continues to impact economies and financial markets second the new text adopts a more international perspective with a focus on the uk and ireland the authors present the reader with a clear linkage between investment theory and concepts the fundamentals and the practical application of these concepts to the financial planning and advisory process this practical perspective is driven by the decades long fund management and stockbroking experience of the authors investment knowledge is a core competence required by large numbers of organisations and individuals in the financial services industry this new edition will be an invaluable resource for financial advisers financial planners and those engaged in advisory and or support functions across the investment industry those taking investment modules in third level educational institutes will find this book to be a useful complement to the more academically focused textbooks

the core concepts and tools students need to make informed investment decisions fundamentals of investing helps students make informed investment decisions in their personal and professional lives by providing a solid foundation of core concepts and tools gitman joehnk smart use practical hands on applications to introduce the topics and techniques used by both personal investors and money managers the authors integrate a consistent framework based on learning goals to keep students focused on what is most important in each chapter students leave the course with the necessary information for developing implementing and monitoring a successful investment program

this text is aimed at students who have relatively little familiarity with investment it discusses the characteristics of the four basic types of financial instruments stocks bonds options and futures and assesses their risks returns and the markets in which they trade

provides an introductory text on the core concepts of finance that first connects readers with their personal financial experiences before discussing aspects of corporate finance covers subjects such as the time value of money bond pricing stock valuation capital decision making forecasting and performance evaluation includes worked examples

the need to know essentials of investing this book explains the conceptual foundations of investing to improve investor performance there are a host of investment mistakes that can be avoided by such an understanding one example involves the trade off between risk and return the trade off seems to imply that if you bear more risk you will have higher long run average returns that conclusion is false it is possible to bear a great deal of risk and get no benefit in terms of higher average return understanding the conceptual foundations of finance makes it clear why this is so and thereby helps an investor avoid bearing uncompensated risks another choice every investor has to make is between active versus passive investing making that choice wisely requires understanding the conceptual foundations of investing instructs investors willing to take the time to learn all of the concepts in layman s terms teaches concepts without overwhelming readers with math helps you strengthen your portfolio shows you the fundamental concepts of active investing the conceptual foundations of investing is ultimately for investors looking to understand the science behind successful investing

fundamentals of investments was written to focus on students as investment managers giving them information they can act on instead of concentrating on theories and research without the proper context offer strong consistent pedagogy including a balanced unified treatment of the main types of financial investments as mirrored in the investment world and organize topics in a way that makes them easy to apply whether to a portfolio simulation or to real life and support these topics with hands on activities the approach of this text reflects two central ideas first there is a consistent focus on the student as an individual investor or investments manager second a consistent unified treatment of the four basic types of financial instruments stocks bonds options and futures focusing on their characteristics and features their risks and returns and the markets in which they trade

note this edition features the same content as the traditional text in a convenient three hole punched loose leaf version student value editions also offer a great value this

format costs significantly less than a new textbook before purchasing check with your instructor or review your course syllabus to ensure that you select the correct isbn for student value editions that include mylab tm or mastering tm several versions may exist for each title including customized versions for individual schools and registrations are not transferable in addition you may need a course id provided by your instructor to register for and use mylab or mastering platforms for undergraduate courses in investments the core concepts and tools readers need to make informed investment decisions fundamentals of investing helps individuals make informed investment decisions by providing a solid foundation of core concepts and tools smart gitman and joehnk use practical hands on applications to introduce the topics and techniques used by both personal investors and money managers the authors integrate a consistent framework based on learning goals to keep readers focused in each chapter readers leave with the necessary information for developing implementing and monitoring a successful investment program the 13th edition uses a conversational tone to make the foreign language concepts and strategies of investing accessible to readers with the help of examples throughout readers learn to make informed decisions in order to achieve investment goals the book focuses on both individual securities and portfolios teaching readers to consider the risk and return of different types of investments and how to use this knowledge to develop implement and monitor goals also available with mylab finance mylab tm finance is an online homework tutorial and assessment program designed to work with this text to engage students and improve results within its structured environment students practice what they learn test their understanding and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts fundamentals of investing 13th edition is also available via revel tm an interactive learning environment that enables students to read practice and study in one continuous experience learn more note you are purchasing a standalone product mylab tm finance does not come packaged with this content students if interested in purchasing this title with mylab finance ask your instructor to confirm the correct package isbn and course id instructors contact your pearson representative for more information if you would like to purchase both the loose leaf version of the text and mylab finance search for fundamentals of investing student value edition plus mylab finance with pearson etext access card package 13 e package consists of 0134083725 9780134083728 fundamentals of investing student value edition 0134083938 9780134083933 mylab finance with pearson etext access card for fundamentals of investing
