the dissident politics in václav havel's vanek plays who is ferdinand vanek anyway focuses on

ferdinand vanek a semi autobiographical character created by václav havel and featured in a series of nine plays written by havel himself and three other dissident writers pavel kohout pavel landovský and jirí dienstbier by exploring the vanek experience carol strong details a multi episodic absurdist journey that provides an insider s view of the challenges facing those daring enough to question the status quo a view that remains relevant today strong s contention is that the lines found in these plays served as a secret language of dissent in cold war czechoslovakia which called the citizenry to contemplate the need for societal reform as the plays were written at a time when the work of havel and other dissidents were banned the plays were never performed publicly but through clandestine living room performances and the sharing of samizdat scripts the plays found an audience select phrases were indeed whispered throughout underground networks and helped forge a sense of oppositional solidarity among potential activists strong s argument is that the vanek experience metaphorically highlights how official power mechanisms are among the least insidious forms of societal power as the state must follow predictable patterns of legal jurisprudence by contrast non governmental forms of power as exercised by one s fellow citizens through informal social channels can challenge oppositional actors more because of the personal tone they adopt using this approach strong presents a timelessly relevant critique of modern society with its consumerist conformist tendencies

the early plays by václav havel and tom stoppard show a number of important parallels in the present study six plays by havel and stoppard are regarded as works which satirize in different ways the totalitarian system the comparison shows that the treatment of the political themes and the dramatic devices the two playwrights use can be described as mirror images

all life in a police state is interesting probably corrupt and potentially subversive as portrayed in this absurdist but seemingly autobiographical play by czech playwright vaclav havel as in phoenix to cite an example police don t care about guilt innocence justice or mercy if anyone is accused of a crime they want a conviction in havel s play professor leopold nettles is charged with disturbing the intellectual peace only in a police state could anyone invent such a wide ranging crime in phoenix conviction means a fine in havel s play a conviction may mean an indeterminate sentence in semi starved misery in a distant gulag once suspected leopold knows he s guilty in the eyes of the state the play portrays a variety of people who visit him proud that he speaks up in defiance of the authorities but unwilling to join him in his stand for intellectual freedom leopold like havel for much of his life is utterly alone but who are the well wishers who applaud his dissidence are they friends or secret police agents as provocateurs two police agents who visit offer a clever means to avoid prosecution in effect just agree to our falsehoods and all charges will go away really a trap are the police undermining the government they serve how can anyone trust anything such is the nature of *largo desolato* and life in a police state

the memo is one of vaclav havel s most popular plays and this new translation is by havel s most prolific translator paul wilson an office has adopted a new official language ptydepe in an attempt to make communication more scientific but the new language may truly be a tool for power havel s play was able to slip by the communist czech censors in 1965 despite its veiled political commentary part of the havel collection a series of new translations of the work of vaclav havel from theater 61 press
