divide and conquer is a study in rightly dividing the word of truth 2 Timothy 2:15 the study demonstrates the diametric opposition between the law program that the nation of israel entered into with god and god's response to her generations of rebellion to the benefit of all mankind who choose surrendering faith over their own works of righteousness for salvation there is only futility and confusion that believers suffer from when they try to apply the

program and promises from a different people to their lives what an unfortunate blow to one's faith it is to feel as though god is not answering their prayers to feel like they cannot understand the bible and to feel like something is wrong with them but most damaging is that the love they may have had for the holy scriptures at one time diminishes as they struggle from a weak understanding god himself fully intends that the excellency of his power work in our inner man through the right understanding of his word

in the development of christian theology through the centuries it has been generally believed that the theology of the bible has been settled that would be possible if there was only one true church and everyone in it believed and practiced paul's description in ephesians 4:3-16 in effect the unity of the faith and of the knowledge of the son of god however over thirty two thousand opposing contradictory christian denominations misrepresent the unity that god desires for those who should worship him in spirit and in truth john 4:23-24 the objective in presenting the seven biblical mysteries is to focus the reader's attention on the difference between what appears to be settled theology and what god's word actually teaches us the difference between the two should encourage the reader to rethink traditional views and to study the bible in more depth with the hope and expectation that god will reveal the meanings of his mysteries in his or her faith

this book is going to inspire generations to come it will wake us all up from all the deceit and lies colleges seminaries and churches have been teaching and give you sound doctrine in the times of the worst in history since the days of noah and lot migs drains the swamp by showing us all how to rely on god's word not the messengers and pastors who have taught doctrines of devils for centuries 80 percent truth with 20 percent imagination lies and allegories just won't cut it in these times of tribulation the church is going through now it's time to wake up ride out the storm and rise up mighty warriors those who have ears let them hear and those who have eyes let them see in daniel it is said there is a great awakening and a gathering and today we are in these times in this book will set us straight this book is an in depth look at the bible like you have never seen before it will show you how to read a bible in context and illuminate the conjecture and controversy because the bible never contradicts itself in the correct version there is coming a day in amos 8:11 that says you will seek the word but not find it with ai and quantum computers and all these bible versions you are just about at that point mysteries revealed is something every christian should embrace and with all readiness of mind search the scriptures daily read acts 17:11 while you still have a chance last call for alcohol because the bar is closing lol no last call for you to edify saints and see souls saved with truth and be ye not ignorant my brethren

the theme of revealed heavenly mysteries was a commonplace in judaism from which it passed on to christianity markus bockmuehl outlines how this theme developed by showing where ideas of revelation and mystery coalesce an interesting and very thorough study journal of biblical literature a thoughtful and illuminating study of a subject which rather surprisingly

in the light of its centrality to the question of christian origins has not hitherto been investigated in detail whereas both revelation and mystery have been studied separately in the context of early jewish and christian literature bockmuehl s original contribution is to examine the interconnectedness of the two ideas journal of jewish studies this book is an excellent contribution to biblical scholarship it synthesizes the light that a biblically based mystery sheds on revelation and revelation sheds on mystery bockmuehl treats admirably many difficult passages and scholarly disputes he develops the progress of biblical understanding regarding revelation and mystery carefully balancing analysis with synthesis a talent that is somewhat rare of late journal of ecumenical studies a most useful study bockmuehl has brought together material from an enormously wide range of primary and secondary literature for which we are greatly in his debt journal of theological studies for single authors like philo josephus and especially paul bockmuehl s studies significantly add to the discussion religious studies review bockmuehl examines the concepts of revelation and mystery not as distinct entities but in their theological interplay the revelation of heavenly mysteries this book s breadth and depth will repay the attentive reader journal for the study of the new testament

this book completes a series on paul s letter to the romans chasing truth focused on chapters 1 8 of the letter all israel shall be saved focused on chapters 9 11 this final installment is a discussion of chapters 12 16 which illustrates the practical application of the truths of the previous two books providing a proper conclusion to the study paul s letter to the romans lays the foundation of the faith he delivered to the christian churches he founded in the first century all subsequent assemblies in order to carry out their rightful mission should pattern their teaching and service to god according to paul s pattern it is the author s opinion that departure from the teachings in romans is the cause of weak faith in believers and inadequate preparation needed to successfully build up the church which is christ s body

important questions and answers from gospel films of the church of almighty god that are related to the truth have been excerpted in this book these classic questions and answers are all the understanding of god s chosen people regarding their experiences of the truth of god s words and they all come from the illumination and enlightenment of the holy spirit they are all in line with the truth and not only can they resolve the questions and notions of those who seek the truth and investigate the true way but they are also wonderful reference materials for god s chosen people to equip themselves with the truth and bear witness to the work of god
