this revised and extended second edition evaluates the diverse approaches to organizational change that have defined the field explaining the assumptions and implications that accompany these diverse philosophies this book demystifies the complexities of conflicting perspectives and delivers valuable insights into the research and practice of organizational change

this book provides a conceptual framework for systemic flexibility and business agility drawing on a basis of research case applications in various types of flexibility

and agility in business the selected papers address a variety of issues concerning the theme of systemic flexibility and business agility and are organized into following five parts i systemic and strategic flexibility ii information and business agility iii flexibility innovation and business excellence iv flexibility in value and supply chains and v financial flexibility and mergers acquisitions flexibility and agility in business are emerging as key dimensions of business excellence that encompass the requirements of both choice and speed the two concepts flexibility and agility have been used in multiple ways and often interchangeably both in literature and in practice the growing need for flexibility agility in business can be seen from reactive as well as proactive perspectives a business enterprise is expected to possess reactive flexibility agility as adaptability and responsiveness in order to cope with the changing and uncertain business environment it may also endeavor to intentionally generate flexibility agility as a strategic change in a variety of ways such as leadership change reengineering innovation in products and processes use of information and communication technology and learning orientation

the need for enterprise flexibility in an era of rapidly advancing technology increasing competition and globalization is apparent flexibility can be thought of as an ability of the enterprise to quickly and efficiently respond to market changes and to bring new products and services quickly to the market place beyond this definition a truly flexible enterprise should proactively change the market through its ability to create new and innovative products and services the proposed book is intended to provide a conceptual framework of flexible enterprise supported by researches case applications in various types of flexibilities exhibited by a flexible enterprise the selected papers from a variety of issues concerning the planning and operation of a flexible enterprise are organized into following four parts i enterprise and strategic flexibility ii organizational flexibility iii business process and information systems flexibility iv operations flexibility

this book discusses the development of the rural tourism industry in the himalayan region specifically in the region of himachal pradesh hp from the perspective of different stakeholders in the tourism industry it examines the current status and trends of rural tourism in hp discusses the challenges faced in response to the vulnerability of the himalayas to global climate change and evaluates the consequences of rural tourism on the socio economic structure in hp to sustainably formulate a framework for promoting financial and social inclusion this framework covers flexible strategies for planning rural tourism development assesses the role of technology in the tourism industry in achieving the objective of social and financial inclusion and identifies the factors influencing a tourist s decision to undertake rural tourism and develop a hierarchical relationship among those factors the book will be of interest to students and researchers of sustainable rural tourism and tourism economics as well as stakeholders from various sectors aiming to sustainably improve the ecological and economic fragility of the himalayas due to climate change

the topic of religious and ritual change including conversion from one modality of practices to another has emerged in recent years as a prime focus of scholarly

attention in anthropology and related disciplines such as history sociology political science and religious studies conversion to christianity is one focus that has developed within this broad and dynamic field of investigations this edited volume is a unique set of studies that explores this field further with a doubly innovative approach first the chapters represent a collaboration of leading scholars from taiwan and from the usa and europe second the studies involve a comparative dimension juxtaposing work done among indigenous austronesian minorities in taiwan and work done in the pacific islands papua new guinea and the solomon islands within this collection of essays common processes of change are evident while the importance of specific histories is revealed and analytical and theoretical issues are probed and reviewed in ways that demonstrate their relevance to the overall dimensions of comparison no other work in this arena of study has brought together scholars with such a comparative framework in mind this volume is relevant for scholars and students of religious change generally as well as those readers who are interested in the wider asia pacific region minority groups christianity indigenous movements and the socialization of the ritual body in contexts of historical and cosmological change this book is part of the ritual studies monograph series edited by pamela j stewart and andrew strathern department of anthropology university of pittsburgh a wide range of views are offered overall the book offers itself as a detailed archive of ethnographic information for further analysis and interpretation of these and other issues religion and society advances in research

discussions of mayan civilisation are still beset by questions of collapse and its causes and the upper belize valley is no exception this study examines the issue through a comparative assessment of ceramic evidence from sites in this region dating from the terminal classic to postclassic period roughly c ad 850 to c ad 1050

this vivid book of continuity and change in policy and management by pollitt and bouckaert follows in the footsteps of pollitt s previous book on the issue of time a vital but often neglected issue

eastern europe ten years after the cold war

definitive critical and engaging this is a superb introduction to the sociology of work leo mccann now in a fully updated third edition the sociology of work draws on the work of classic and contemporary theorists to provide readers with a thorough exploration of all aspects of work and employment including paid and unpaid work standard and non standard employment and unemployment the new edition includes two new chapters on work skill and the labour process and managing culture at work expanded coverage of the rise and decline of trade unions emotional labour misbehaviour and resistance at work further discussion of the gig economy and precarious work automation and the end of work globalization and human rights for sociology and business students taking modules in work employment and society

this book offers a new theory of federalism the work critically discusses traditional federal theories and builds on theories that focus on the dynamics of federalism it

offers a definition of federalism and federal organizations that encompasses both new and old types of multi tiered system unlike traditional federal theory it is well suited to research both multinational and mononational systems it also takes into account the complexity of these systems with bodies of governance at the local regional national and supranational level the book is divided into three parts the first part outlines the contours of dynamic federalism based on a critical overview of traditional federal theory the second part develops comprehensive indexes to measure autonomy and cohesion of multi tiered systems and the third part focuses on the dynamics of federal organizations with a special focus on institutional hubs for change dynamic federalism will be an essential resource for legal social economic and political scholars interested in federalism regionalism and de centralization

contributions from a wide range of disciplines are organized into sections the transition to adulthood new concepts in adult development clinical perspectives and applications of adult developmental theory to anthropology biology dream psychology literature political science and self psych

an international journal of general philosophy
