is it wrong to eat meat this book goes into the debates over the morality of meat the nature of food and man's relationship with animals in a thoughtful and rational manner since roughly 2010 the vegan movement has gained traction and by 2018 animal rights activists and vegans in the united states australia and europe had waged a full fledged war against meat and dairy this book delves into the ideology of the vegan movement its history and the arguments that are used to advocate veganism and animal rights it is the first book of its sort on this contentious topic and everyone should read it

a scorching manifesto on the ethics of eating meat by the best placed person to write about it farmer and chef matthew evans aka the gourmet farmer compelling illuminating and often confronting on eating meat is a brilliant blend of a gastronome's passion with forensic research into the sources of the meat we eat matthew evans brings his unflinching honesty and a farmer's hands on experience to the question of how to be an ethical carnivore hugh mackay intellectually thrilling a book that challenges both vegans and carnivores in the battle for a new ethics of eating this book will leave you surprised engrossed and sometimes shocked whatever your food choices richard glover how can 160 000 deaths in one day constitute a medium sized operation think beef is killing the world what about asparagus farms or golf eat dairy you'd better eat veal too going vegan might be all the rage but the fact is the world has an ever growing insatiable appetite for meat especially cheap meat former food critic and chef now farmer and restaurateur matthew evans grapples with the thorny issues around the ways we produce and consume animals from feedlots and abattoirs to organic farms and animal welfare

agencies he has an intimate expert understanding of the farming practices that take place in our name evans calls for less radicalisation greater understanding and for ethical omnivores to stand up for the welfare of animals and farmers alike sure to spark intense debate on eating meat is an urgent read for all vegans vegetarians and carnivores

why do some people choose not to eat meat is it wrong to eat an animal that was once alive these questions are complex and challenge young people's critical thinking skills and they form the backbone of this inside look at the debates surrounding vegetarianism veganism and eating meat as readers explore this topic through engaging main text accessible fact boxes a detailed graphic organizer and colorful photographs they're introduced to different points of view and the facts used to support these differing viewpoints this teaches young readers the importance of understanding differing perspectives and using facts to inform an opinion

aimed at meat aficionados and animal scientists this book represents a celebration of meat as a dietary staple and a part of human culture it is both an informative exploration of where meat sits in human history culture and a technical guide to understanding the foodstuff better the book begins with a compelling argument for why it is appropriate for humans to eat meat the constancy of meat as a food resource throughout human history and the advancement from a hunting based activity to a planned farming system it then moves onto practical topics providing a fascinating insight into the physical properties of meat including meat cuts palatability cooking processes processed meats quality evaluation and meat related terminology the content is focused upon red meats and meats which are commonly consumed in developed countries subject food production animal science

written with a mixture of science humor and ethics that will provide the facts about the meat you eat both from a humane perspective

and as a basis for getting and maintaining a healthy body inside book jacket

for many years josephine moon struggled with the question of eating meat fervently wishing to live as a vegetarian yet requiring meat in her diet from josephine s philosophical spiritual and physical battle with eating meat came buddhism for meat eaters a book for animal lovers the environmentally and ethically conscious and generally thoughtful people who eat meat but perhaps aren t entirely comfortable doing so open honest and utterly without judgement buddhism for meat eaters encourages readers to be more mindful about their choices rather than berating themselves for them and offers ways for people to live ethically honestly and guilt free whether as a carnivore vegetarian or vegan this highly practical guide also includes workbook style activities and topics for consideration to guide you in your own journey to making wiser decisions on how you consume how you live and how to change the world around you

the public outcry for a return to moral education in our schools has raised more dust than it s dispelled building upon his provocative ideas in on becoming responsible michael pritchard clears the air with a sensible plan for promoting our children s moral education through the teaching of reasonableness pritchard contends that children have a definite but frequently untapped capacity for reasonableness and that schools in a democratic society must make the nurturing of that capacity one of their primary aims as fundamental to learning as the development of reading writing and math skills reasonableness itself he shows can be best cultivated through the practice of philosophical inquiry within a classroom community in such an environment children learn to work together to listen to one another to build on one another s ideas to probe assumptions and different perspectives and ultimately to think for themselves advocating approaches to moral education that avoid mindless indoctrination and timid relativism pritchard neither preaches nor hides behind abstractions he makes liberal use of actual classroom dialogues to illustrate children s remarkable capacity to engage in

reasonable conversation about moral concepts involving fairness cheating loyalty truthtelling lying making and keeping promises obedience character and responsibility he also links such discussions to fundamental concerns over law and moral authority the roles of teachers and parents and the relationship between church and state pritchard draws broadly and deeply from the fields of philosophy and psychology as well as from his own extensive personal experience working with children and teachers the result is a rich and insightful work that provides real hope for the future of our children and their moral education
