reproduction of the original the temptation of st anthony by gustave flaubert

this study lays the groundwork necessary for establishing the validity of the thesis proposed particularly by j h yoder in his politics of jesus that the early church held a selective and unified view of the nature and content of the various temptations to which jesus was regarded as having been subjected in his lifetime this leads to a clearer view of how the early church perceived the exigencies of its lord's mission and message and provides fresh insights into such prominent new testament themes as sonship obedience faithfulness and discipleship it also opens up new possibilities for firmly establishing the occasion of those new testament writings such as the gospel of mark and even the epistle to the hebrews where notice of and appeal to the example of jesus in temptation appears as a prominent feature

a book that deeply influenced the young freud and was the inspiration for many artists the temptation of saint anthony was flaubert's lifelong work thirty years in the making based on the story of the third century saint who lived on an isolated mountaintop in the egyptian desert it is a fantastical rendering of one night during which anthony is besieged by carnal temptations and philosophical doubt this modern library paperback classic reproduces the distinguished lafcadio hearn translation which translator richard sieburth calls a splendid period piece from one of america's premier translators of nineteenth century french prose in lafcadio hearn's latinate rendering flaubert's experimental drama of the modern consciousness reads as weirdly as its oneiric original

reprint of the original first published in 1873
