what is the soul and how do we come to know it what is its journey in life and what stages and obstacles are encountered along the way these questions are explored here in detail according to the diamond approach a spiritual path that combines systematic inquiry into personal experience the practice of traditional spiritual methods and the application of modern psychological research the inner journey home is the centerpiece of the diamond approach

literature providing a complete overview of the teaching with references to the author's other books for more details on certain topics

light upon light is a book to touch the heart and awaken the spirit it takes the lives of some of the great spiritual masters of the last millennium from Rumi to twentieth century saint Darshan Singh and illuminates their inner quests more than simply biography light upon light delves into their perceptions of the world the innermost workings of their minds and the life incidents that led them to enlightenment in this sense light upon light is not about the spiritual path it is designed to take the reader and carry them into the spiritual path and perceive the wisdom of the masters from within while author Andrew Vidich PhD has exemplary academic credentials he writes from the heart and calls the reader to a direct experience a felt sense of the core of these masters' teachings he also emphasizes meditation as the universal constant taught by all masters and has provocative exercises in each chapter to stimulate self reflection contemplation and to give the reader experience of practical meditation techniques this is a book to be treasured by both long time spiritual students and those new to the great masters of the path

in the holy intimacy of strangers Sarah York explores our common yearning for deeper and more meaningful connection with one another the book presents the paradox we often observe how our seemingly casual interactions with strangers can unlock the door to our hearts and help us discover how we need and yet often resist true intimacy in our relationships this provocative book gives us a new way to look at the qualities of our exchanges with strangers once we begin this journey we can trace the outlines of our lives together in community our expressions of caring and hospitality the costs of prejudice and judgment our fears and defensiveness the tension between being inclusive or exclusive our expectations and assumptions about one another

in these interesting times when many people are searching for spiritual nourishment this book is intended to be a means of providing it rebirthing into androgyny your quest for wholeness and afterward offers to the hungry ones a familiar yet totally different feast while it sets forth an already established metaphysics it also presents a radical new idea one that has been implicit in that spiritual thought but unavailable until now and the new awareness associated with quantum physics in other words while this book provides soul searchers also known as learners with an ages old means of generating a fundamental inner change a rebirthing it also provides a new living prototype of what is being reborn thus a person's rebirthing is both a gestation and a labor

a quest producing an ever increasing knowing gnosis which gradually becomes being that can finally merge with the beloved self and the new living prototype is that of the human soul not as what a person has but as what a person is a creative energy being who generates its own bodies out of its soul substance its creative consciousness energy by means of its archetypal human energy system while always being guided by its nucleus of divinity in this book which is a textbook for soul searchers all of this transformative change is offered explored and explained in a series of carefully crafted lessons lovingly taught by a shamanic teacher healer in a stone circle classroom the ancient site of a modern teaching there is a grand feast awaiting
