built on god s word is the best hope for the future of the church this book is an exploration of the past in order to better understand our present and the importance of reviving this indispensable doctrine for the christian faith and church today the five solas historians and theologians have long recognized that at the heart of the sixteenth century protestant reformation were five declarations often referred to as the solas these five statements summarize much of what the reformation was about and they distinguish protestantism from other expressions of the christian faith that they place ultimate and final authority in the scriptures acknowledge the work of christ alone as sufficient for redemption recognize that salvation is by grace alone through faith alone and seek to do all things for god s glory the five solas series is more than a simple rehashing of these statements but instead expounds upon the biblical reasoning behind them leading to a more profound theological vision of our lives and callings as christians and churches

this engrossing book demonstrates that the cradle james barr of biblical criticism really lay in the english speaking world and that subsequent problems actually began in england in the period between the reformation and the enlightenment during this time attempts were still being made on a regular basis to reconcile the content of the bible with the questioning of it which was evolving as the result of new scientific discoveries and the development of new moral criteria in this interdisciplinary study professor reventlow leads the reader into the total context of the life and thought in which new ideas about the bible came to birth beginning with the insights of early humanism and the spiritualist movements of the reformation and moving through the puritans to a climax with the deists reventlow traces the fascinating and complex history of biblical criticism always emphasizing the close connection between theology philosophical systems and church politics he illuminates the significance of the intellectual and constitutional development in england for the modern understanding of the bible and conversely he highlights the role of the bible in that development the importance of this book is threefold it is historical it gives us insight into the way biblical understanding is achieved and it helps us understand how we ourselves work and think james barr if we are to answer the theological questions of our time it is reventlow s contention that the reply must pioneer its way out of its past for only a careful survey of the way we have come so far can clarify existing intrinsic presuppositions and help us to overcome them by making us aware of them from back cover
