Jhumpa Lahiri understands what it means to be caught between two cultures born in London to Indian immigrants she has spent most of her life in the United States but still struggles to feel American this is the challenge facing many new Indian Americans and it is the focal point of Lahiri's novels and stories which examine various aspects of the culture clashes that come from being a newcomer in a foreign land this insightful guide takes readers through Lahiri's main works giving in depth analysis along with biographical and historical context and providing insight into the compelling works of this critically acclaimed author

In the United Nations in New York Interpreter Silvia Broome by chance hears a secret conversation what she hears could destroy a government and she just needs to stay alive long enough to get someone to believe her the Interpreter is a political thriller directed by Sydney Pollack and stars Nicole Kidman as Silvia Broome

This book considers how textual interpretation has been influenced by post-Kantian philosophy and aesthetics particularly the cultural transition from the correspondence theory of knowledge and truth to Nietzschean perspectivism and the canonical transition from classicism to romanticism to modernism to postmodernism it discusses the principles of interpretation the concept of reason logos and how the West's model of mind evolved the novels of Jane Austen introduce the concept of classicism including her debt to Aristotle's thinking about tragedy and comedy in poetics the two trajectories of romanticism are discussed the philosophical trajectory through Berlin's idea of counter-enlightenment the immanent critique of metaphysics and the aesthetic

trajectory through Blake's vision of what is possible if the doors of perception can be cleansed the novels of Australia's Patrick White introduce the concept of modernism and his attempt to imagine the real the novels of Margaret Atwood introduce the concept of postmodernism tracing her literary evolution from an author focused on female identity to one concerned with the future of humanity the novels of Graham Greene and Muriel Spark are discussed as two different Catholic responses to modernism the novels of Marilynne Robinson and Douglas Wilson are discussed as two different Protestant responses to Calvinism

the practice of court interpreting describes how the interpreter works in the court room and other legal settings the book discusses what is involved in court interpreting case preparation ethics and procedure the creation and avoidance of error translation and legal documents tape transcription and translation testifying as an expert witness and continuing education outside the classroom the purpose of the book is to provide the interpreter with a map of the terrain and to suggest methods that will help insure an accurate result the author herself a practicing court interpreter says the structure of the book follows the structure of the work as we do it the book is intended as a basic course book as background reading for practicing court interpreters and for court officials who deal with interpreters

as politicians and judges argue over the original intent of our country s founding fathers the american founding itself continues to inspire a prodigious amount of research and commentary reflecting a bewildering array of methods and interpretations alan gibson now offers readers an insightful and convenient guide through this daunting and sprawling body of scholarship comprehensive and judicious interpreting the founding provides summaries and analyses of the leading interpretive frameworks that have guided the study of the founding since the publication of charles beard s an economic interpretation of the constitution in 1913 gibson argues that scholarship on the founding is no longer steered by a single dominant approach or even by a set of questions that control its direction he also examines the challenges posed to founding scholarship by this diversity and complexity and the possibilities opened by new avenues of inquiry that have recently emerged scholars of the founding including louis hartz bernard bailyn gordon wood and garry wills that best exemplify different schools of interpretation gibson focuses on six approaches that have dominated the modern study of the founding progressive lockean liberal republican scottish enlightenment multicultural and multiple traditions approaches for each approach he traces its fundamental assumptions revealing deeper ideological and methodological differences between schools of thought that on the surface seem to differ only about the interpretation of historical facts while previous accounts have treated the study of the founding as the sequential replacement of one paradigm by another gibson argues that all of these interpretations survive as alternative and still viable approaches each has simultaneously illuminated and masked core truths about the american founding he renders a

balanced account of the current debate over the origins and foundations of the american republic and offers solid footing on the path to understanding the vast literature devoted to this important subject
