the handbook of conflict resolution second edition is written for both the seasoned professional and the student who wants to deepen their understanding of the processes involved in conflicts and their knowledge of how to manage them constructively it provides the theoretical underpinnings that throw light on the fundamental social psychological processes involved in understanding and managing conflicts at all levels interpersonal intergroup organizational and international the handbook covers a broad range of topics including information on cooperation and competition justice trust development and repair resolving intractable conflict and working with culture and conflict comprehensive in scope this new edition includes chapters that deal with language emotion gender and personal implicit theories as they relate to conflict

this clearly articulated statement offers a hopeful and workable approach to conflict that eternally beleaguered human situation john paul lederach is internationally recognized for his breakthrough thinking and action related to conflict on all levels person to person factions within communities warring nations he explores why conflict transformation is more appropriate than conflict resolution or management but he refuses to be drawn into impractical idealism conflict transformation is an idea with a deep reach its practice says lederach requires both solutions and social change it asks not simply how do we end something not desired but how do we end something destructive and build something desired how do we deal with the immediate crisis as well as the long term situation what disciplines make such thinking and practices possible this title is part of the little books of justice and peacebuilding series

this major handbook comprises cutting edge essays from leading scholars in the field of conflict analysis and resolution car the volume provides a comprehensive overview of the core concepts theories approaches processes and intervention designs in the field the central theme is the value of multidisciplinary approaches to the analysis and

analyzes the nature of international disagreements and conflict resolution in terms of game theory and non zero sum games

effectively fills a long standing void and will no doubt be hailed as a much needed new addition to the literature this text very much exemplifies the strength of ho won jeong as a theorist and one of the more prolific writers in the larger peace and conflict studies field the final three chapters on de escalation dynamics which includes a brief section on third party intervention on conciliation strategies and especially the one on ending conflict which provides a range of outcomes beyond the usual focus on third party intervention read mediation epitomizes the value of this new text journal of peace research an awesome tour d horizon of modern war violence and confrontation within and between nations illustrating via just about every conflict in every corner of the world the author invokes an endless array of insights and interpretations ranging from the micro to the macro beautifully written in a seamless sequence of closely linked and discursive essays professor j david singer university of michigan ho won jeong has written an illuminating analysis of the dynamics of conflict he lays out the tools we have to analyze conflict in a literate and comprehensive way a valuable book for anyone interested in a more comprehensive understanding of conflict its sources and its deescalation and termination janice gross Stein belzberg professor of conflict management director munk centre for international studies university of toronto jeong has successfully combined behavioral and structural analysis of the dynamics of social conflict this volume covers the multiple dimensions escalation entrapment de escalation termination and resolution both of violent and non violent confrontation between adversaries as well as the utility and limitations of external intervention for students of the social sciences it should serve as an excellent introduction to the complex realities of social conflict milton esman john s knight professor of international studies emeritus cornell university by examining the dynamic

forces which shape and re shape major conflicts this timely book provides students with the knowledge base needed to successfully study conflict sources processes and transformations broad in focus it addresses the multiple social political and psychological features central to understanding conflict situations and behaviour a range of both recent and historical examples including the arab israeli conflict the war on terrorism the cold war and the civil wars in sudan former yugoslavia and sri lanka are discussed illustrating the application of concepts and theories essential to the analysis of inter group inter state and intra state conflict and conflict resolution in a wider context understanding conflict and conflict analysis is key reading for students of international relations peace and conflict studies conflict resolution international security and international law

praise for the handbook of conflict resolution this handbook is a classic it helps connect the research of academia to the practical realities of peacemaking and peacebuilding like no other it is both comprehensive and deeply informed on topics vital to the field like power gender cooperation emotion and trust it now sits prominently on my bookshelf leymah gbowee nobel peace prize laureate the handbook of conflict resolution offers an astonishing array of insightful articles on theory and practice by leading scholars and practitioners students professors and professionals alike can learn a great deal from studying this handbook william ury director global negotiation project harvard university coauthor getting to yes and author the third side morton deutsch peter coleman and eric marcus put together a handbook that will be helpful to many i hope the book will reach well beyond north america to contribute to the growing worldwide interest in the constructive resolution of conflict this book offers instructive ways to make this commitment a reality george j mitchell former majority leader of the united states senate former chairman of the peace negotiations in northern ireland and the international fact finding committee on violence in the middle east chairman of the board walt disney company senior fellow at the school of international and public affairs columbia university let s be honest this book is just too big to carry around in your hand but that s because it is loaded with the most critical essays linking the theory and practice of conflict resolution the handbook of conflict resolution is heavy on content and should be a well referenced resource on the desk of every mediator as it is on mine johnston barkat assistant secretary general ombudsman and mediation services united nations

offering an assessment of the theory and practice of conflict resolution in post cold war conflicts this book addresses a number of questions it explores the nature of contemporary conflict and the development of conflict resolution

conflict sadly is part of our everyday life experienced at home in the workplace on our tv screens but is it an inevitable part of the fabric of our existence in this volume eight experts examine conflict at many levels from the workings of genes to the evolution of galaxies evolutionary biologist david haig examines why we disagree with ourselves and psychologist simon baron cohen asks whether differences between the average male and

female mind must necessarily lead to misunderstanding anthropologist richard wrangham explores why chimpanzees and humans have evolved to kill while archaeologist barry cunliffe examines the roots of warfare political scientist lisa anderson analyses conflict in the middle east and broadcaster kate adie reflects on television reporting of war the book concludes with industrial economist william brown s discussion of conflict in labour relations and an exploration of the creative and destructive effects of cosmic violence by physicist p c w davies

the sage handbook of conflict resolution demonstrates the range of themes that constitute modern conflict resolution it brings out its key issues methods and dilemmas through original contributions by leading scholars in a dynamic and expanding field of inquiry this handbook is exactly what it sets out to be an indispensable tool for teaching research and practice in conflict resolution peter wallensteen professor of peace and conflict research uppsala university and university of notre dame bercovitch kremeruk and zartman are among the most important figures in the conflict resolution field they have pieced together with the help of more than 35 colleagues from numerous countries a state of the art review of the sources of international conflict available methods of conflict management and the most difficult challenges facing the individuals and organizations trying to guide us through these conflict ridden times the collection is brimming with penetrating insights trenchant analyses compelling cases and disciplined speculation they help us understand both the promise of as well as the obstacles to theory building in the new field of conflict resolution lawrence susskind professor and director of the mit harvard public disputes program the last three sentences of this persuasive book we conclude this volume more than ever convinced that conflict resolution is not just possible or desirable in the current international environment it is absolutely necessary resolving conflicts and making peace is no longer an option it is an intellectual and practical skill that we must all posses if you are part of that we intellectually or professionally you will find this book a superb companion thomas c schelling professor emeritus harvard university and university of maryland conflict resolution is one of the fastest growing academic fields in the world today although it is a relatively young discipline having emerged as a specialized field in the 1950 s it has rapidly grown into a self contained vibrant interdisciplinary field the sage handbook of conflict resolution brings together all the conceptual methodological and substantive elements of conflict resolution into one volume of over 35 specially commissioned chapters the handbook is designed to reflect where the field is today by drawing on the contributions of experts from different fields presenting in a systematic way the most recent research and practice jacob bercovitch is professor of international relations and fellow of the royal society at the university of canterbury in christchurch new zealand victor kremeruk is deputy director of the institute for usa and canada studies russian academy of sciences moscow he is also a research associate at iiasa i william zartman is jacob blaustein professor of conflict resolution and international organization at the nitze school of advanced international studies of johns hopkins university

understanding conflict resolution is a comprehensive introduction to the study of peace and conflict studies it explores both the historical roots of

the study of conflict management as well as the contemporary settings and the tools available to states regional and global organizations where these core ideas apply drawing on cutting edge research and examples from around the world the fifth edition includes three new chapters on the key threats and hopes emerging post 2010 one sided violence including genocide and terrorism gendering international affairs and climate challenges stemming from global warming and the danger of nuclear war brand new case studies focusing on contemporary events and issues isis brexit nuclear arms race refugees as a weapon of war learning features such as graphs data sets a glossary annotated further reading lists and access to a companion website full of online resources this is an essential text for all students lecturers and researchers of peace and conflict resolution in international relations global politics and political science

conflict management is an easy to read and high powered tool for understanding and managing conflict situations conflict can spiral out of control but if you understand how the spiral works you may be able to prevent it from even beginning in this book you will find many options for managing conflict including planning goal setting compromise mediation expert communicator baden eunson also takes an in depth look at negotiation skills he offers a visual and fresh approach to the work of strategies and tactics negotiation styles the importance of listening and questioning skills the reasons why the location of negotiation can affect its outcome and why the phrase win win is not a cliché but a technique for success

broadly defining conflict resolution james a schellenberg gives systematic coverage to five main ways people may try to resolve their conflicts coercion negotiation adjudication mediation and arbitration the main theories of conflict both classic and contemporary are reviewed under four main categories individual characteristics theories social process theories social structural theories and formal theories

in recent years there has been confusion in the field of conflict analysis and resolution as to the future directions of research and practice this book argues that traditional understanding of conflict resolution does not adequately discuss structural conditions needed for intervention strategies for conflict de escalation and post conflict peace building strategies in this text scholars introduce a set of issues which reflect recent thinking in the field

the seventeen key principles for transforming conflict in a beautiful package from the creator of the 48 laws of power from joost elffers the packaging genius behind the huge new york times bestsellers the 48 laws of power the 33 strategies of war and the art of seduction comes this invaluable manual that teaches seventeen fundamentals for turning any conflict into an opportunity for growth beautifully packaged in a graphic two color format changing the conversation is written by conflict expert dana caspersen and is filled with real life examples spot on advice and easy to grasp exercises that demonstrate transformative ways to break out of destructive patterns to create useful dialogue in difficult situations

and to find long lasting solutions for conflicts sure to claim its place next to getting to yes this guide will be a go to resource for resolving conflicts

this is a book on conflict and consensus aimed at the general reader in active plain and direct language it makes the seemingly abstract and complex issues simple its view of peace is well rounded tough minded one that well understands the difficult world of social and personal violence and conflict at its heart is a simple finding to wage peace we need to foster freedom the human race can best achieve that simple aim by leaving people alone to form their own communities the conflict helix avoids the ambiguous in favor of the categorical the hedged qualified statement for the direct rummel presents a series of basic principles each concerning an aspect of conflict and peace psychological interpersonal societal international and each aspect having its own master principle these principles are not mere organizational props but are deeply theoretical and empirically fundamental the volume expresses the core ideas results and conclusions of rummel s major five volume work on understanding conflict and war in discarding technical material and focusing on principles and meaning the conflict helix presents an executive summary of a lifetime of work in a digestible form in light of recent events in europe asia and latin american this work takes on a special poignancy for the developing no less than the industrialized worlds hence this book should be of value to the general reader as well as professionals and advanced students of international politics

this book presents a simple set of tools and models for analyzing diagnosing and resolving conflicts in a variety of situations it shows mediators negotiators and business people how to simply and effectively assess the conflicts they face and offers specific guidance on resolving them step by step conflict resolution guidelines illustrative examples and handy tips and advice make this a good resource for anyone involved in conflict resolution

this comprehensive and highly regarded book provides a framework for analyzing diverse social conflicts the fourth edition of constructive conflicts maintains the book s synthesis of theories about conflict with key updates throughout these include a more reader friendly first chapter new examples such as the arab spring expanded discussions of recovery from violence and oppression of reconciliation and of moral concerns and new discussions of social media and other ways conflicts are waged constructive conflicts draws from relevant academic disciplines and empirical analyses of diverse conflicts to discuss the emergence escalation de escalation transformation and settlement of conflicts throughout the authors examine the strategies that partisans and intermediaries can use to minimize the destructiveness of conflicts and foster constructive ways to wage and resolve them
