sunday after sunday liturgical organists are faced with the challenge of providing music for liturgy while hymns psalms musical settings of liturgical texts choral anthems and responses are often made clear in their choice due to the marriage of text and music choosing music outside of those parameters is a challenge music that happens prior to worship as the community gathers music to accompany ritual actions such as the presentation of the offering or the distribution of the eucharist and music that sends people on their way at the end of the service is not something to be taken lightly such choices are important and can have a significant effect on the over all tenor of the liturgy many organists have concluded the most efficient and effective solution is to seek pieces which are based on the hymns sung by the assembly and trust that a cohesive liturgical whole has been created this essay attempts to move beyond that notion into the realm of solo organ literature that is not derived from a chorale or hymn melody each piece of music carries its own aesthetic characteristics and the task of the liturgical organist is to determine how those characteristics can best be incorporated into a given religious celebration

studies in english organ music is a collection of essays by expert authors that examines key areas of the repertoire in the history of organ music in england the essays on repertoire are placed alongside supporting studies in organ building and liturgical practice in order to provide a comprehensive contextualization an analysis of the symbiotic relationship between the organ liturgy and composers reveals how the repertoire has been shaped by these complementary areas and developed through history this volume is the first collection of specialist studies related to the field of english organ music
