always be closing glengarry glen ross 1992 never be closing a sales book title 2014 salespeople everywhere 2017 for decades sales managers coaches and authors talked about closing as the most essential most difficult phase of selling they invented pushy tricks for the final ask from the take delivery close to the now or never close but these tactics often alienated customers leading to fads for the soft close or even abandoning the idea of closing altogether it sounded great in theory but the results were often mixed or poor that left a generation of salespeople wondering how they should think about closing and what strategies would lead to the best possible outcomes anthony iannarino has a different approach geared to the new technological and social realities of our time in the lost art of closing he proves that the final commitment can actually be one of the easiest parts of the sales process if you've set it up properly with other commitments that have to happen long before the close the key is to lead customers through a series of necessary steps designed to prevent a purchase stall iannarino addressed this in a chapter of the only sales guide you'll ever need which he thought would be his only book about selling but he discovered so much hunger for guidance about closing that he's back with a new book full of proven tactics and useful examples the lost art of closing will help you win customer commitment at ten essential points along the purchase journey for instance you'll discover how to compete on value not price by securing a commitment to invest early in the process ask for a

commitment to build consensus within the client's organization ensuring that your solution has early buy in from all stakeholders prevent the possibility of the sale falling through at the last minute by proactively securing a commitment to resolve concerns the lost art of closing will forever change the way you think about closing and your clients will appreciate your ability to help them achieve real change and real results

one good thing about a recession is that we need to go back to making our own fun games are in the brandreth's blood they have spent thousands of weekends and rainy holidays playing them and now gyles saethryd and eight year old rory want to share the very best with you the lost art of having fun picks out over 250 games guaranteed to make even the grumpiest child or adult laugh and then with all kinds of interesting stories and lovely illustrations it shows you clearly and very entertainingly how to play them there are classic parlour games alongside all kinds of interesting ones you might not have come across yet nine chapters cover pretty much every eventuality rainy day games car journey analogue fun in a digital world music and drama word games and brainteasers racing games party games split between children's birthday parties and dinner parties country house weekend and last but not least seasonal games christmas new year and easter forget consoles and board games this beautiful book is all you need and queen victoria whose favourite games are here too would be amused very amused

in a world gone crazy one might wonder if simple acts of civility are worth the trouble dressing with dignity writing letters and innocent courtship are just some of the lost arts of kindness and integrity that dr mitchell kalpakgian tries to dig up and dust off imploring us to regain the honor and worth our society once had these noble habits of living fill common life with an abundance of simple pleasures that adorn day to day existence the lost arts of modern civilization will inspire you to seek out and nourish the simple joys that lift the spirit rejoice the heart and enliven the mind

acclaimed british novelist hensher provides a droll and eclectic tour of handwriting history booklist rediscover the joys of writing like a charming dinner guest hensher brims with fun facts good humor and amusing reminiscences he enlivens his musings about penmanship's demise with sharp insights and wry wit the new york times book review when philip hensher realized that he didn't know what a close friend's handwriting looked like he felt that something essential was missing from their friendship it dawned on him that having abandoned pen and paper for keyboards we have lost one of the ways by which we come to recognize and know another person people have written by hand for thousands of years how hensher wondered have they learned this skill and what part has it played in their lives the missing ink tells the story of this endangered art investigating historical changes in script the role handwriting plays in the novels of charles dickens and the claims made by the practitioners of graphology that penmanship can reveal personality hensher also celebrates the physical act of writing paying tribute to the warmth and personality of the handwritten love note postcards sent home and daily diary entries with the teaching of handwriting now required in only five states and many expert typists barely able to hold a pen the future of handwriting is in jeopardy or is it hugely entertaining witty and

thought provoking the missing ink will inspire readers to pick up a pen and write a winningly casual mix of cultural history and personal anecdote san francisco chronicle the wisest and wittiest argument imaginable for the preservation of handwriting i am compelled to recommend it to everyone the literary review

aimed at people who feel that there must be more to prayer than they ve so far discovered this book has been specifically written to help readers deepen their prayer life and through it their relationship with god the focus of the book is the link between prayer and meditation

it is possible for the average person to remember names numbers facts and information in exquisite detail students can learn semesters worth of material quickly and recall it at will people in business can deliver complex presentations without the use of notes you can rapidly learn whatever you want using the lost art of human memory systems for remembering were developed in africa india asia and all over the world long before there was a written language historians and philosophers such as cicero quintillian and socrates documented these techniques this amazing skill so common in ancient times is all but lost today the human mind however still retains all of the traits that made this skill possible in fact in today s world of changing careers and lifelong education a trained memory is nothing short of magic the modern application of that magic is the subject of this book
