a course in miracles can be difficult to understand on first reading as it is written on quite a high intellectual level it can help to read some introductory material alongside a study of the course this series of articles and diagrams is presented with that in mind this ebook begins with some brief introductory material covering how a course in miracles came what it is and a summary with charts it is followed by a collection of 33 articles and diagrams i have written over recent years they explore many of the themes found in the course including the metaphysical and practical teachings at the end of this book you will find two bonus chapters healing ourselves and the ladder of forgiveness excerpts from two of my other books healing the cause and the findhorn book of forgiveness a course in miracles has been the inspiration for this book what i have written is my own interpretation of some of the principles in the course and as such it cannot match the depth and purity of the original teaching

if you find my writings of interest i would encourage you to study the course s teaching for which there can be no substitute

health is inner peace healing involves an understanding of what the illusion of sickness is for healing is impossible without this from a course in miracles identification with the body as our home is the origin of all our physical and psychological suffering whilst we desire to remain separate from our true spiritual identity we create sickness to reinforce our belief in the reality of the body to re experience god s love joy and peace we need to begin the process of forgiving ourselves and others this will allow the presence of spirit to enter into our mind and heal it the cause of all disease lies in the mind and not the body disease is a shadow on the body of the guilt in our mind as we practise forgiveness the truth of who we really are will dawn upon our minds and we will discover our true home which we never left michael dawson s inspiration for writing this book comes from his study and teaching of a course in miracles healing the cause can be read as an introduction to a course in miracles especially with regard to its teachings on sickness healing forgiveness and prayer
