the pastoral search can be a mysterious process this book helps you solve the mystery the role of the pastoral search committee is a crucial one this book assists leaders to conduct a pastoral search well using a spirituality model rather than an administrative one step by step spiritual guidance is beneficial to members of the search team it includes a unique candidate tracking chart to assist in an orderly search the book includes spiritual retreat models written for leaders governing bodies search committee members pastors interim pastors seminarians and church members

a wide array of renowned scholars and practitioners share their ideas for teaching about god from a jewish perspective in this comprehensive collection this enlightening yet practical resource includes ready to use lessons for preschool through adult and family education as well as background material to enrich the teacher s own sense of god and spirituality chapters include writing a personal theology by dr neil gillman the changing perceptions of god in judaism by rabbi rifat sonsino the spiritual condition of american jews by dr david ariel the image of god as teacher by dr hanan alexander spiritual mentoring by dr carol ochs tell me a story by rabbi sandi eisenberg sasso

in innumerable discussions and activities dedicated to better understanding and helping teenagers one aspect of teenage life is curiously overlooked very few such efforts pay serious attention to the role of religion and spirituality in the lives of american adolescents but many teenagers are very involved in religion surveys reveal that 35 attend religious services weekly and another 15 attend at least monthly 60 say that religious faith is important in their lives 40 report that they pray daily 25 say that they have been born again teenagers feel good about the congregations they belong to some say that faith provides them with guidance and resources for knowing how to live well what is going on in the religious and spiritual lives of american teenagers what do they actually believe what religious practices do they engage in do they expect to remain loyal to the faith of their parents or are they abandoning traditional religious institutions in search of a new more authentic spirituality this book attempts to answer these and related questions as definitively as possible it reports the findings of the national study of youth and religion the largest and most detailed such study ever undertaken the nysr conducted a nationwide telephone survey of teens and significant caregivers as well as nearly 300 in depth face to face interviews with a

sample of the population that was surveyed the results show that religion and spirituality are indeed very significant in the lives of many american teenagers among many other discoveries they find that teenagers are far more influenced by the religious beliefs and practices of their parents and caregivers than commonly thought they refute the conventional wisdom that teens are spiritual but not religious and they confirm that greater religiosity is significantly associated with more positive adolescent life outcomes this eagerly awaited volume not only provides an unprecedented understanding of adolescent religion and spirituality but because teenagers serve as bellwethers for possible future trends it affords an important and distinctive window through which to observe and assess the current state and future direction of american religion as a whole

widely regarded as the definitive reference this volume comprehensively examines the psychological processes associated with religion and spirituality leading scholars from multiple psychological subdisciplines present developmental cognitive social psychological cultural and clinical perspectives on this core aspect of human experience the forms and functions of religious practices and rituals conversion experiences and spiritual struggles are explored other key topics include religion as a meaning system religious influences on prosocial and antisocial behavior and connections to health coping and psychotherapy new to this edition two chapters on cross cultural issues chapters on spiritual goals emotional values and mindfulness reflects significant theoretical and empirical developments in the field many new authors and extensively revised chapters robust index amplifies the volume s usefulness as a reference tool a choice outstanding academic title

this is a book about the utterly obvious it s about the spiritual search and the frustrations surrounding it it s about those ultimate goals we set ourselves enlightenment awakening liberation and how those goals can never actually be reached because and here s the great discovery the person who seeks them has no more reality than a presently arising belief that is to say you are just a thought happening now a sequel to the bestselling life without a centre awakening from the dream of separation this book is packed with clear and vibrant expressions of nonduality time and time again the text gently points back to the futility of both the spiritual search and the search to end the search another game the mind loves to play with great humour compassion and clarity the book will draw you into a direct confrontation with your own absence an absence which paradoxically is also a perfect presence this may be the last book a spiritual seeker will ever need

paloutzian experimental and social psychology westmont college and park psychology u of connecticut provide a 33 chapter handbook on the psychology of religion and spirituality for social and clinical psychologists pastoral counselors and students and researchers in psychology and religious studies psychologists and a few religious studies specialists from the us and some countries in europe address the foundations including definitions core issues measurement assessment research methods psychodynamic psychology and religion and evolutionary psychology as a foundation for the psychology of religion religious and spiritual development across the lifespan and the neural and cognitive bases of religion and connections to emotion personality culture and social behavior they discuss religious practices and rituals conversion experiences prayer spiritual struggles fundamentalism forgiveness values and morality and implications for individual and collective well being in terms of health mental health coping psychotherapy workplace spirituality research terrorism and other areas new topics in this edition include cross cultural issues spiritual goals emotional values and mindfulness most chapters have been redesigned or rewritten with 25 new and eight revised chapters the main themes of the book are more integrated and the introductory and concluding chapters argue that the application of religious meaning systems and the multilevel interdisciplinary paradigm can allow reconceptualization of the field and expand research annotation 2013 book news inc portland or booknews com

it was once taken for granted that peer assisted groups such as alcoholics anonymous had no real value in recovery from addiction more recently evidence based medicine is recognizing a spiritual component in healing especially when it comes to addiction the newest edition of recent developments in alcoholism reflects this change by focusing on the 12 step model of recovery as well as mindfulness meditation and other spiritually oriented activity more than thirty contributors bring together historical background research findings and clinical wisdom to analyze the compatibility of professional treatment and nonprofessional support day to day concepts of relapse prevention the value of community building in recovery and much more among the topics covered 1 how and why 12 step groups work 2 the impact of the spiritual on mainstream treatment 3 the impact of aa on other nonprofessional recovery programs 4 aa outcomes for special populations 5 facilitating involvement in 12 step programs 6 methods for measuring religiousness and spirituality in alcohol research whether one is referring clients to 12 step programs or seeking to better understand the process this is a unique resource for clinicians and social workers developmental psychologists too will find volume 18 research on alcoholics anonymous and spirituality in addiction recovery a worthy successor to the series

though not a systematic theologian thomas merton spent a lifetime writing in an immensely appealing way about the monastic tradition and mystical theology one of the fundamental questions he examined was that of the self for merton the recovery of the true self is the liberation of the image of god in us this study explores that process in the context of a few of merton s works showing his own development from pious hostility to the world to a more humbling acceptance of humanity the first full length appraisal of merton as theologian this is well written but contains a few too many abstract phrasessomething merton in his best work eschewed

dr gary collins provides a path through the spiritual maze that confronts readers today beginning with a look at modern approaches to spirituality including the new age and the many new spiritualities it has spawned collins guides readers away from society s spiritual overload to a special intimacy with god along the way he answers questions such as how do people play games with the spiritual and what keeps the spiritual journey alive

is the doctrine of the holy spirit in christian theology good news or bad news for women is the holy spirit in traditional christian doctrine the guardian of the status quo or does it offer the dynamic possibility for change how do the gifts of the spirit ecstatic and relational inform feminist thinking of the christian god opinions on these key questions vary wildly but are often formulated without coherent theological argument feminist theology has a history of questioning god the father and god the son this study begins the theological questioning of god the holy spirit searching for the holy spirit brings feminist pneumatology into discussion with more traditional doctrine of the spirit notably the very significant early christian treatise by basil of caesarea de spiritu sancto the results offer exciting new possibilities for both theology and the place of women in the church

coaching with meaning and spirituality aims to help coaches with those occasions where a clients search for meaning needs to be addressed and explored working with spirituality in a coaching context can be difficult and unfamiliar for coaches but in this book peter hyson provides a vocabulary to facilitate this exploration and ultimately to help coaches to address their clients doubts and worries especially in an economic climate where old certainties may be lost part i of this text argues the case for why coaches should be willing and able to explore areas of meaning and spirituality with coachees it provides definitions and terminology part ii uses case studies and activities to help coaches apply these definitions to specific contexts

that we might face as coaches the final part provides some deeper skill development and extended resources this book looks at motivation legacy drive to succeed increasing profit maintaining work life balance stress breakdown and crises and qualities of effective leadership it will be especially useful for professional coaches both the experienced and the relatively new who coach in a variety of contexts it aims to stimulate a new area of discussion across the wider coaching profession

focuses on the developmental process of religion and spirituality across the human life span this encyclopedia joins a recent trend in research and scholarship aimed at better understanding the similarities and differences between world religions and spiritualities between expressions of the divine and between experiences of the transcendent
