traces the background and contribution of black composers instrumentalists and vocalists in america from colonial times

as shaw correctly states no single volume covers the history of black popular music in its entirety and most studies have focused on the white mainstream american pop music is in fact a blend of black and white musical influences that can be better understood if explored from a black perspective shaw examines five key black stylesminstrels spirituals ragtime jazz and blues analyzing the origins and developments of each profiling important artists and songs and exploring the white synthesis often the synthesis has amounted to little more than a soulless white imitation of inspired black stylistic innovations

an authoritative fascinating study of the origins of black music reflecting the author's own life experiences growing up in ethiopia first hand knowledge acquired through field work in africa and a wealth of research findings in the united states this book traces the development of songs instrumental music dance blues and jazz included are biographical sketches of some of the most outstanding musicians of africa and north america bringing rare insight to his subject professor kebede goes beyond the limitations of many introductory texts treating in considerable depth the construction tuning and use of various musical instruments roots of black music covers both eastern and sub saharan cultures in one volume and is designed to further one's understanding of the music of african and african american peoples this is a book that will increase your appreciation of music through the pleasures of listening

first published in 1999 in what the music said mark anthony neal provides a timely study of from be bop to hip hop this book looks at the last fifty years of black popular music and provides an intriguing portrait of the existential and social forces that drove black communities to make music in protest reaction and to fulfil their material and spiritual needs

revised and expanded this important text is designed to introduce the beginning scholar to various types of pan african music from africa to the americas with an emphasis upon the african american composer this survey uses musical examples and illustrations to pinpoint beginning influences the slave era the emergence of the black professional and contemporary trends discussions center upon classical and popular forms and offer the music of william grant still alongside that of such jazz personalities as edward duke ellington ferdinand jelly roll morton rap artist m c hammer and rock star michael jackson suitable for use in semester length courses on african american music the book captures the fascinating story of a proud heritage whose roots grew centuries ago and whose influences serve as a backdrop not only for african american music but as a cornerstone for other american music as well

when jimi hendrix transfixed the crowds of woodstock with his gripping version of the star spangled banner he was building on a foundation reaching back in part to the revolutionary guitar playing of howlin wolf and the other great chicago bluesmen and to the delta blues tradition before him but in its unforgettable introduction followed by his unaccompanied talking guitar passage and inserted calls and responses at key points in the musical narrative hendrix's performance of the national anthem also hearkened back to a tradition even older than the blues a tradition rooted in the rings of dance drum and song shared by peoples across africa bold and original the power of black music offers a new way of listening to the music of black america and appreciating its profound contribution to all american music striving to break down the barriers that remain between high art and low art it brilliantly illuminates the centuries old linkage between the music myths and rituals of africa and the

continuing evolution and enduring vitality of african american music inspired by the pioneering work of sterling stuckey and henry louis gates jr author samuel a floyd jr advocates a new critical approach grounded in the forms and traditions of the music itself he accompanies readers on a fascinating journey from the african ring through the ring shout s powerful merging of music and dance in the slave culture to the funeral parade practices of the early new orleans jazzmen the bluesmen in the twenties the beboppers in the forties and the free jazz rock motown and concert hall composers of the sixties and beyond floyd dismisses the assumption that africans brought to the united states as slaves took the music of whites in the new world and transformed it through their own performance practices instead he recognizes european influences while demonstrating how much black music has continued to share with its african counterparts floyd maintains that while african americans may not have direct knowledge of african traditions and myths they can intuitively recognize links to an authentic african cultural memory for example in speaking of his grandfather omar who died a slave as a young man the jazz clarinetist sidney bechet said inside him he d got the memory of all the wrong that s been done to my people that s what the memory is when a blues is good that kind of memory just grows up inside it grounding his scholarship and meticulous research in his childhood memories of black folk culture and his own experiences as a musician and listener floyd maintains that the memory of omar and all those who came before and after him remains a driving force in the black music of america a force with the power to enrich cultures the world over

bold and original the power of black music offers a new way of listening to the music of black america and appreciating its profound contribution to all american music striving to break down the barriers that remain between high art and low art it brilliantly illuminates the centuries old linkage between the music myths and rituals of africa and the continuing evolution and enduring vitality of african american music inspired by the pioneering work of sterling stuckey and henry louis gates jr author samuel a floyd jr advocates a new critical approach grounded in the forms and traditions of the music itself he accompanies readers on a fascinating journey from the original rings of dance drum and song shared by people across africa through the ring shout s powerful merging of music and dance in the slave culture to the funeral parade practices of the early new orleans jazzmen the bluesmen in the twenties the beboppers in the forties and the free jazz rock motown and concert hall composers of the sixties and beyond in the power of black music floyd clearly shows that black folk culture remains a driving force in the black music of america a force with the power to enrich cultures the world over

on music and black ethnicity

black popular music in britain since 1945 provides the first broad scholarly discussion of this music since 1990 the book

critically examines key moments in the history of black british popular music from 1940s jazz to 1970s soul and reggae 1990s jungle and the sounds of dubstep and grime that have echoed through the 2000s while the book offers a history it also discusses the ways black musics in britain have intersected with the politics of race and class multiculturalism gender and sexuality and debates about media and technology contributors examine the impact of the local the ways that black music in birmingham bristol liverpool manchester and london evolved differently and how black popular music in britain has always developed in complex interaction with the dominant british popular music tradition this tradition has its own histories located in folk music music hall and a constant engagement since the nineteenth century with american popular music itself a dynamic mixing of african american latin american and other musics the ideas that run through various chapters form connecting narratives that challenge dominant understandings of black popular music in britain and will be essential reading for those interested in popular music studies black british studies and cultural studies

the transformation of black music explores the full spectrum of black musics in the diaspora spanning four continents and a full millennium authors samuel floyd melanie zeck and guthrie ramsey discuss how these musics have blossomed permeated existing traditions and created new practices a companion to the power of black music this book brilliantly situates emerging morphing and influential black musics in a broader framework of cultural political and social histories filling in critical gaps thus far virtually ignored this book will not only explore the inestimable value of black musics but also the relevance of black music research to all musical endeavors

surveys the history of black music in america from early slave songs through jazz and the blues to soul classical music and current trends

in the harlem renaissance of the 1920s jazz music was performed everywhere black musicals were presented on broadway black composers wrote prize winning works and the harlem symphony orchestra played to harlem concert audiences often viewed as a period of literary explosion for african americans the harlem renaissance saw the emergence of many musical greats dinah washington duke ellington fats waller and louis armstrong these essays examine the music of this period as a central aspect of african american life and the intellectual scrutiny of one of african american music s most famous forms jazz the book features essays on a variety of subjects regarding the music of african americans vocal concert music musical theater duke ellington and the relationship of the music to literature and art an extensive music bibliography lists works composed during the period

discusses modern jazz movements and musicians including ornette coleman john coltrane sonny rollins cecil taylor eric dolphy archie shepp and sun ra

issues in african american music power gender race representation is a collection of twenty one essays by leading scholars surveying vital themes in the history of african american music bringing together the viewpoints of ethnomusicologists historians and performers these essays cover topics including the music industry women and gender and music as resistance and explore the stories of music creators and their communities revised and expanded to reflect the latest scholarship with six all new essays this book both complements the previously published volume african american music an introduction and stands on its own each chapter features a discography of recommended listening for further study from the antebellum period to the present and from classical music to hip hop this wide ranging volume provides a nuanced introduction for students and anyone seeking to understand the history social context and cultural impact of african american music

black music of two worlds is a classic text showing the vast influence of african music on musical cultures throughout the world first published in 1972 the book forecast today s interest in world music and the cross pollination of musical cultures in this new edition the author has thoroughly revisited the text adding new information about recent musical styles the book begins with a study of african roots and then shows how these musics were preserved and transformed on the north american continent in the caribbean and in south and central america it then traces the flow of musical styles back from the new world to africa this is the only book to show the pervasive influence of african styles on a wide variety of musics from traditional folk and blues to jazz to salsa calypso reggae and rap book jacket jacket
