first published in 1978 the nag hammadi library was widely acclaimed by critics and scholars alike containing many of the writings of the gnostics since the time of christ this was the work that launched modern gnostic studies and exposed a movement whose teachings are in many ways as relevant today as they were sixteen centuries ago although some of the texts had appeared in other translations the 1978 edition was the first and only translation of these ancient and fascinating manuscripts to appear in one volume this new edition is the result of ten years of additional research and editorial and critical work every translation has been changed or added to many have been thoroughly revised unearthed in 1945 near the town of nag hammadi in upper egypt the texts literally begin where the dead sea scrolls end their discovery is seen as equally significant bringing to light a long hidden well of new information sources and insights into early judaism and the roots of christianity each text is accompanied by a new and expanded introduction also included are a revised general introduction and an afterword discussing the modern relevance of gnosticism from voltaire and blake through melville and yeats to jack kerouac and science fiction writer philip k dick the translations and introductions to the nag hammadi texts are by members of the coptic gnostic library project which includes such scholars as helmut koester george mcrae and elaine pagels

the gnostic discoveries opens with a thrilling adventure story the discovery of the ancient papyri at nag hammadi hidden in sealed jars and lost for centuries the papyri have revealed much about early christianity including alternative views that were suppressed by the early church author marvin meyer traces the history and impact of this great find on the church right up to our current beliefs and popular cultural fascination with this officially suppressed secret knowledge about jesus and his followers marvin meyer is one of the foremost scholars on gnosticism the nag hammadi library and texts about

jesus outside the new testament he is griset professor of bible and christian studies and director of the albert schweitzer institute at chapman university orange california among his more recent books are the gospels of mary the gospel of thomas the hidden sayings of jesus the gnostic bible and secret gospels essays on thomas and the secret gospel of mark the author s concise presentation will appeal to many readers meyer writes clearly bringing both the people and the times of the early gnostic writings to life and making them accessible to scholar and layperson alike publishers weekly

the nag hammadi scriptures edited by marvin meyer is the most complete up to date one volume english language edition of the renowned library of gnostic manuscripts discovered in egypt in 1945 which rivaled the dead sea scrolls find in significance it includes the gospel of thomas the gospel of mary and the recently discovered gospel of judas as well as other gnostic gospels and sacred texts this volume also includes introductory essays notes tables glossary index etc to help the reader understand the context and contemporary significance of these texts which have shed new light on early christianity and ancient thought the compilation of ancient manuscripts that constitute the nag hammadi scriptures is a discovery that challenges everything we thought we knew about the early christian church ancient judaism and greco roman religions

this important tool will greatly facilitate research into the relationship of biblical texts and the materials that make up gnosticism to date no exhaustive scripture index to nag hammadi has been prepared one of the significant features of this volume is that it fills this lacuna

the gnostic library continues where the dead sea scrolls left off it is based on the nag hammadi codices which were unearthed in 1945 a discovery considered as significant as the dead sea scrolls themselves the coptic gnostic library contains all the texts of the nag hammadi codices both in the original coptic and in translation it sheds an invaluable light upon early judaism and the roots of christianity now available in paperback

this is the first comprehensive study on mary magdalene in those second and third century gnostic texts in which jesus most famous female follower gains a prominent position special attention is paid to the way mary is presented in relation to other disciples and to how her portrait pertains to gender imagery used in the writings detailed text analyses based on a careful philological study show that no uniform picture and use of the figure of mary can be traced contrary to a common supposition the book also demonstrates that the positive view of mary displayed in the texts does not automatically imply a positive attitude towards women in general the work provides a basis for all further discussion of mary magdalene in the nag hammadi and related documents

includes excerpts from the texts includes online resources and a bibliography for further reading many people interested in biblical themes know about the dead sea scrolls and their guardians the mysterious essenes the sect of judaism that hid its priceless library in caves before marching against the romans in an end time war certain that god would intervene at the decisive moment the ancient texts found in their rock cabinets have produced tons of literature fewer people know about an equally fascinating finding in the same region of the planet made only a few months apart a collection of hitherto unknown christian codices buried in the 4th century ad and found accidentally by peasants near the city of nag hammadi upper egypt among the old codices was the gospel of thomas lost for sixteen centuries and other unfamiliar titles such as the gospel of philip and the acts of peter and the twelve apostles in this case it was not essenes who had entrusted them to the protection of the caves and the centuries but monks who followed a now forgotten variant of christianity called gnosticism the gnostics were mystics who had no real use or hope for the world their writings became forbidden when the church defined the canon of the books authorized to be read in the congregation for some reason instead of burning them the monks of nag hammadi decided to entrust them to posterity perhaps waiting for better times the library of nag hammadi egypt is as significant in the study of early christianity as the writings of the essenes to the understanding of judaism during the time of the roman occupation considering the history of religions they were composed at the opposite

sides of that watershed that was the 1st century ce which witnessed the birth of christianity and the destruction of the temple of jerusalem the dead sea scrolls belonged to a community that lived before the traumatic destruction of holy city and its temple at the hands of the romans the library of nag hammadi was produced and buried by a group of christians whose ancestors had left their place of origin many years before although all the titles of the nag hammadi library are not known many people have heard about its most famous components the gospel of thomas at one time it was discussed whether it should be included in the new testament and the gospel of philip which tried to revive the debate around the identity of mary magdalene why do you love her more than all of us asks a disconcerted peter to jesus finally the nag hammadi texts have led many scholars to reconsider the rigid canons imposed by the early church and the readers to find a more intimate religion that turned upside down many postulates of christian orthodoxy along with the history of their discovery in 1945 the analysis of the main texts that form this collection the exposition of their most important beliefs and the reasons for their suppression in the 4th century ce you will learn about the unknown gospels and the gnostic texts of nag hammadi like never before

this volume contains the critical edition of the five tractates in nag hammadi codex vii with codex introduction by frederik wisse introductions coptic text and english translations and notes of the paraphrase of shem wisse second treatise of the great seth gregory riley apocalypse of peter m desjardins and james brashler the teachings of silvanus malcolm peel and jan sandee and the three steles of seth james goehring and james m robinson

this volume contains 22 papers originally delivered at the society of biblical literature s 1995 commemoration of the 50th anniversary of the discovery of the nag hammadi library of these papers five focus on the theme past present and future research on the nag hammadi codices j m robinson s emmel b a pearson h m schenke e m yamauchi thirteen stem from three seminars respectively devoted to the apocryphon of john m waldstein f wisse k l king and s laporta the gospel of

thomas and the thomasine tradition p h poirier p h sellew j m sevrin i dunderberg s r johnson a deconick and the gospel of philip e pagels e thomassen m turner and two deal with the valentinian school c markschies l painchaud t janz

this is a sequel to the immensely useful nag hammadi bibliography 1948 1969 which was the first volume to appear in the nag hammadi studies series the volume provides a complete integration of supplements i xxiv to the bibliography as published in novum testamentum 1971 1997 with additions and corrections in total the update contains over 6092 entries nag hammadi and gnostic studies continue to be of critical importance for the study of ancient religions in the graeco roman world and for the study of the world of early christianity and the present bibliography provides an indispensable reference tool for work in these fields

Getting the books **The Nag Hammadi Library** now is not type of challenging means. You could not on your own going gone book hoard or library or borrowing from your links to gate them.
