the history of ideas combined with political social and psychological theory a new synthesis of approaches invaluable to students both of contemporary politics and of modern particularly european history

the nature of fascism has been hotly contested by scholars since the term was first coined by mussolini in 1919 however for the first time since italian fascism appeared there is now a significant degree of consensus amongst scholars about how to approach the generic term namely as a revolutionary form of ultra nationalism seen from this perspective all forms of fascism have three common features anticonservatism a myth of ethnic or national renewal and a conception of a nation in crisis this collection includes articles that show this new consensus which is inevitably contested as well as making available material which relates to aspects of fascism independently of any sort of consensus and also covering fascism of the inter and post war periods this is a comprehensive selection of texts reflecting both the extreme multi faceted nature of fascism as a phenomenon and the extraordinary divergence of interpretations of fascism

many of the foremost experts in the study of european fascism unite to provide a contemporary analysis of the theories and historiography of fascism essays discuss the most recent debates on the subject and how changes in the social sciences over the past forty years have impacted on the study of fascism from various perspectives

this is the first detailed and definitive study of the development and initial success of fascism as it originated in italy right after the first world war

elazar examines the social and political processes that determined the character of fascist organization in italy and its seizure of state power first in the provinces and then in the nation she argues that the fascists modus operandi shaped the political struggles they engaged in and reflexively determined their own political significance employing both primary and secondary historical sources elazar reveals the crucial internal political struggles and inner

contradictions through which fascism was invented the political strategy of paramilitary organization and assault on labor and the socialists carried out by the fascist action squads in collusion with men of property was crucial in determining their seizure of power but this also determined the ideological and organizational contours of fascism itself the fascist squads alliances with men of property made them a formidable faction within the fascist organization that could and did challenge mussolini s authority the making of fascism is thus marked by the irony of the relationship between mussolini and his political power base the squads the very element of paramilitary organization that was decisive in the fascists seizure of power in the provinces had to be submerged by mussolini if he was to preserve his power historical and comparative sociologists political sociologists and students of italian fascism and italian history will find this new explanation of the making of fascism both provocative and fascinating
