the deep ocean is by far the planet's largest biome and holds a wealth of potential natural assets human exploitation of the deep ocean is rapidly increasing whilst becoming more visible to many through the popular media particularly film and television the scientific literature of deep sea exploitation and its effects has also rapidly expanded as a direct function of this increased national and global interest in exploitation of

deep sea resources both biological e g fisheries genetic resources and non biological e g minerals oil gas methane hydrate at the same time there is a growing interest in deep sea contamination including plastics with many such studies featured in high profile scientific journals and covered by global media outlets however there is currently no comprehensive integration of this information in any form and these topics are only superficially covered in classic textbooks on deep sea biology this concise and accessible work provides an understanding of the relationships between biodiversity and ecosystem functioning both at the seafloor and in the water column and how these might be affected as a result of human interaction exploitation and ultimately environmental change it follows a logical progression from geological and physical processes ecology biology and biogeography to exploitation management and conservation natural capital and exploitation of the deep ocean is aimed at marine biologists and ecologists oceanographers fisheries scientists and managers fish biologists environmental scientists and conservation biologists it will also be of relevance and use to a multi disciplinary audience of fish and wildlife agencies ngos and government departments involved in deep sea conservation and management

discover the secret to turning the world upside down jesus spoke these words lifted up his eyes to heaven and said that they may be one just as we are one john 17 1 22 division feeds powerlessness the longer the church remains divided and disconnected from each other the longer it will take to accomplish the work jesus has assigned us to do you may be thinking i m just one person what can i do to bring god s people together and promote unity in the body of christ joey letourneau s book shows you how to become a catalyst that releases uncommon unity in your unique sphere of influence recognize your identity and essential role in

the global community of god receive and release vision that transforms culture position yourself to sow into future generations and empower emerging leaders it is time for you to access the secrets to walking in the same dynamic presence and power of god that were normal for the first century church and play your part in turning the world upside down
