first published in 2005 routledge is an imprint of taylor francis an informa company ranging from the georgia coast to the tennessee mountains from the power brokers to tenant farmers ayers depicts a land of startling contrasts ayers takes us from remote southern towns revolutionized by the spread of the railroads to the statehouses where democratic redeemers swept away the legacy of reconstruction from the small farmers trapped into growing nothing but cotton to the new industries of birmingham from abuse and intimacy in the family to tumultuous public meetings of the prohibitionists he explores every aspect of society politics and the economy detailing the importance of each in the emerging new south central to the entire story is the role of race relations from alliances and friendships between blacks and whites to the spread of jim crows laws and disfranchisement the teeming nineteenth century south comes to life in these pages

the age of information has spawned a critical focus on human communication in a multimedia world particularly on theories and practices of writing with the worldwide web impacting increasingly on academic and business communication the need has never been greater for advanced study in writing communication and critical thinking across all genres sectors and cultures in recent decades the definitions of new rhetoric have expanded to encompass a variety of theories and movements raising the question of how rhetoric is understood and employed in the twenty first century the essays collected here represent variations on these themes with each attempting to answer the title s deliberately provocative question addressing particularly how the classical art of rhetoric is still relevant today how it is directly related to modern technologies and the new modes of communication they have generated how rhetorical practice is informing research methodologies and teaching and learning practices in the contemporary academy

valuable above and beyond a case study because it remarkably grounds what can be very illusive alchemical imagery into psychological experience margaret johnson editor psychological perspectives a testament to the healing capacities of the imagination the humble star in man that connects us to the unconscious to unknown and unexpected developments in ourselves literary aficionado i suspect that far more would be resolved and much of the world s suffering wouldn t be in vain if only we could transform the wars in the middle east and elsewhere in this world into the likes of randy s sand trays war of the ancient dragon transformation of violence in sandplay is a major contribution to jungian psychology sandplay therapy and to the world at large i urge you to read and to tell others about this

powerfully moving book mel mathews publisher fisher king press six year old
randy conducts bloody wars in the sandtray calling them world war one world war
two and the war of the ancient dragon he burns fires and bombs helpless victims
killing some and saving others what could possibly be going on in his imagination
the contents of his imagination what the alchemists call the realm of subtle bodies
are revealed in his sandplay from one session to the next and there we see the raw
autonomous dynamism that motivates randy already branded a bully and nearly
expelled from first grade we see fiery destructive conflict part his part his culture s
part lived part projected a conflict of archetypal opposites that engulf randy s
personality and fuel his violent behavior but also from randy s imaginal world out
of the very war between opposites that drives him the unknown third possibility
unfolds allowed to exist and be seen with a paradoxical healing aim the war fights
itself out over time in the safe container of the sandtray finds its unpredictable
resolution and gradually releases randy from its grip he finally emerges calling
himself king of the bloodfire returned to the rule of his own emotional life he has
adapted to school proud of his achievements a star student in math randy s lively
narratives animate his dramas and reveal the distinct hallmarks of an alchemical
opus over the course of 24 therapy sessions he remarkably echoes the words of
the ancient sages such as zosimos who centuries ago in his own imagination
witnessed the torture of transformation in fire randy s process is thoroughly
documented and amplified unveiling the alchemical stages of transformation
nigredo albedo and rubedo in a way that helps us relate to those chapters in our
own individuation struggles psychological perspectives editor margaret johnson
writes that the work is valuable above and beyond being a case study because it
remarkably grounds what can be very illusive alchemical imagery into
psychological experience war of the ancient dragon guides us through the gritty
realities of the alchemical process helping us realize how they can manifest in
everyday life dream images and fantasy above all the book is a testament to the
healing capacities of the imagination the humble star in man that connects us to
the unconscious to unknown and unexpected developments in ourselves
