in everyday violence simone kolysh analyzes interviews with initiators and recipients of catcalling and lgbtq directed aggression and recasts public harassment as everyday violence they argue that gender and sexuality shaped by race class and space are violent processes reproduced through these interactions and demand an end to this pervasive social problem

this volume discusses a short history of british colonial policy with all its faults the book represents much reading and some thought in writing what is to some extent a history of opinion it has been impossible altogether to suppress my own individual opinions i trust however that i have not seemed to attach importance to them in dealing with the

later periods i remembered sir walter raleigh s remark on the fate which awaits the treatment of contemporary history but obscurity may claim its compensations and atleast i am not conscious of having written under the bias of personal or party prejudice
