the games comprised gladiatorial fights staged animal hunts venationes and the executions of convicted criminals and prisoners of war besides entertaining the crowd the games delivered a powerful message of roman power as a reminder of the wars in which rome had

acquired its empire the distant regions of its far flung empire from where they had obtained wild beasts for the venatio and the inevitability of roman justice for criminals and those foreigners who had dared to challenge the empire s authority though we might see these games as bloodthirsty cruel and reprehensible condemning any alien culture out of hand for a sport that offends our sensibilities smacks of cultural chauvinism instead one should judge an ancient sport by the standards of its contemporary cultural context this book offers a fascinating and fair historical appraisal of gladiatorial combat which will bring the games alive to the reader and help them see them through the eyes of the ancient romans it will answer questions about gladiatorial combat such as what were its origins why did it disappear who were gladiators how did they become gladiators what was there training like how did the romans view gladiators how were gladiator shows produced and advertised what were the different styles of gladiatorial fighting did gladiator matches have referees did every match end in the death of at least one gladiator were gladiator games mere entertainment or did they play a larger role in roman society what was their political significance

a recollection of more than thirty years of watching professional sport across britain and europe the memories cover more than a thousand games of football rugby league cricket ice hockey and rugby union

lists prices for more than 75 000 publishers from 1961 to the present
