e c innocent calls it success without brain you can call it money without brain if you have ever thought of how people loose their hard earned money success without brain will show you how to create and secure your wealth in this contemporary age and how to take charge of your destiny success without brain is all about real life experience and how great entrepreneurs achieve their success which is not taught in conventional schools the author is a product of street business school which is the best business school for entrepreneurs success without brain is a revolutionary book for entrepreneurs it will show you the trade secret of many great men and women across the globe it will give you the knowledge and courage to recreate your financial future mostly you will learn how to re educate yourself success without brain is a must read for every entrepreneur and any person aspiring to become one

after d michael quinn s death in april 2021 his children found his remarkable unpublished memoir in his home and entrusted signature books with its publication relying on his journals primary research and reminiscences quinn shares his life story as few have heard it from his father s hiding of his true name and mexican identity to his

upbringing by his abusive grandmother to his choice to closet his homosexuality to his undying commitment to his faith and its history from the age of nine quinn felt convicted he would one day serve as an apostle of the church of jesus christ of latter day saints he chose the path he believed would take him there eventually living as a straight lds family man in a mixed orientation marriage in the 1970s and 1980s he became a byu professor and one of mormonism s most promising prolific and respected historians but his uncompromising commitment to total honesty about his religion s history along with his homosexuality set him on a collision course with church leaders and the end of his seemingly idyllic mormon life throughout his telling quinn unflinchingly opens up about his feelings and experiences that shaped his enigmatic life

this book explores the latter day saint legal tradition it begins by locating latter day saint discourse within the landscape of contemporary legal theory part one analyses divine law in latter day saint theology the place of natural law in latter day saint thought the concept of legal obligation and concepts of freedom and equality in the latter day saint tradition including the fraught relationship of mormonism with race while part one addresses abstract legal concepts with a focus on the relationship to debates in the philosophy of law it is throughout informed by a sophisticated engagement with mormon history and theology the second part of the book examines latter day saint legal experience it first turns to how mormonism navigated american s so called first disestablishment in the 19th century it next provides an account of the rise and fall of the latter day saint judiciary provided by publisher

converts to joseph smith s 1828 restoration of primitive christianity were attracted to the non hierarchical nature of the movement it was precisely because there were no priests ordinances or dogma that people joined in such numbers smith intended everyone to be a prophet and anyone who felt called was invited to minister freely without formal office not until seven years later did mormons first learn that authority had been restored by angels or of the need for a hierarchy mirroring the pauline model that same year 1835 a quorum of twelve apostles was organized but their jurisdiction was limited to areas outside established stakes dioceses stakes were led by a president who oversaw spiritual development and by a bishop who supervised temporal needs at smith s martyrdom in 1844 the church had five leading quorums of authority the most obvious successor to smith illinois stake president william marks opposed the secret rites of polygamy anointing endowments and the clandestine political activity that had characterized the church in illinois the secret council of fifty had recently ordained smith as king on earth and sent ambassadors abroad to form alliances against the united states the majority of church members knew nothing of these developments but they followed brigham young head of the quorum of the twelve who spoke forcefully and moved decisively to eliminate contenders for the presidency he continued to build on smith s political and doctrinal innovations and social stratification young s twentieth century legacy is a well defined structure without the charismatic spontaneity or egalitarian chaos of the early church historian d michael quinn examines the contradictions and confusion of the first two tumultuous decades of lds history he demonstrates how events and doctrines were silently retroactively inserted into the published form of scriptures and records to smooth out the stormy haphazard development the bureaucratization of mormonism was

inevitable but the manner in which it occurred was unpredictable and will be for readers fascinating

winner of the special book award from the john whitmer historical association excavating mormon pasts assembles sixteen knowledgeable scholars from both lds and the community of christ traditions who have long participated skillfully in this dialogue it presents their insightful and sometimes incisive surveys of where the new mormon history has come from and which fields remain unexplored it is both a vital reference work and a stimulating picture of the new mormon history in the early twenty first century

the classic reference guide for book authors has been completely revised and updated with the names and specific areas of interest of thousands of editors at over 500 book publishing houses
