in this pathbreaking work the author integrates questions of justice and stability through a model of deliberative democracy in the plural polity  
deliberative democracy and the plural polity provides a realistic but critical reform agenda that can animate struggles for justice in an enormously diverse world

the voting rights act of 1965 which originally was intended to prohibit barriers to black registration and voting has been hailed as a triumph for civil rights and as a catalyst for the election of minorities to public office in both the deep south and the urban north to advance its objective federal courts

instructed many cities to change from at large to single member district electoral systems as a way to ensure that minorities had a reasonable chance to elect representatives of their choice in the first book to critique the implementation of this landmark legislation in a major american city ruth morgan examines its effect on local governance over forty years in dallas and shows that it had unintended consequences for racial politics representation and public policy breaking from studies that measure the success of the vra in terms of increased minority representation morgan assesses the consequences of the act for dallas city government and for the wider interests of minorities as well while endorsing the original intent of the vra morgan believes that this intent was subverted by subsequent amendments to the act and by the courts attempts to advance the political standing of particular minority groups she argues that court imposed single member districts have created in dallas a city council infected with parochialism and careerism a result of members no longer having to compromise to win citywide votes and have had an adverse impact on governmental effectiveness and voter turnout with corruption and cronyism now rampant voting rights legislation and litigation have ultimately failed to fulfill the hopes and aspirations of the unempowered and the district system has created an incentive for continued racial separation governance by decree offers a pointed assessment of the complexities and contradictions produced by the voting rights law while at the same time calling for the federal judiciary to exercise restraint in imposing its will when it lacks the capacity to make choices that are inherently political morgan s powerfully argued case study should inspire much debate and inform forthcoming congressional deliberations over the renewal of the preclearance section of the vra in 2007

covering the fundamental theories of organizational communication studies this collection focuses in particular on the development of the field through articles that influenced agenda setting and charts the course of the research

contains entries that provide information about some of history s greatest philosophers and philosophical works arranged alphabetically from freud to oakeshott

analyses new political economy theory and its role in bringing about radical social change

brecht and death addresses fundamental issues in brecht s relationship to death from his own personal approach to death to the complex ways that death is addressed or evaded in his major literary and theatrical works as well as in his theoretical writings brecht s status as a revenant a wiedergänger in contemporary society is explored the various ways in which brecht as a cultural signifier continues to exist over five decades after the

death of brecht as a person essays ask how a materialist and atheist like brecht was or was not able to find consolation in aesthetic political theories and practices that for him replaced religious beliefs and rituals that he rejected the volume includes essays by some of the leading figures in international brecht scholarship among others jost hermand hans thies lehmann marc silberman karen leeder and tom kuhn

emancipation s addresses the question of how the changes of the last decade together with the transformation in contemporary thought have altered the classical notion of emancipation as formulated since the enlightenment

philosophical ideas about the mind brain and behavior can seem theoretical and unimportant when placed alongside the urgent questions of mental distress and disorder however there is a need to give direction to attempts to answer these questions on the one hand a substantial research effort is going into the investigation of brain processes and the development of drug treatments for psychiatric disorders and on the other a wide range of psychotherapies is becoming available to adults and children with mental health problems these two strands reflect traditional distinctions between mind and body and causal as opposed to meaningful explanations of behavior in this book which has been written for psychiatrists psychologists philosophers and others in related fields the authors propose a radical re interpretation of these traditional distinctions throughout the discussions philosophical theories are brought to bear on the particular questions of the explanation of behaviors the nature of mental causation and eventually the origins of major disorders including depression anxiety disorders schizophrenia and personality disorder

educators and scholars discuss the roles of invented and presented representations the kind the child creates versus the kind the teacher gives to students as an aspect of the internalization of mathematical reasoning representations are the devices which people use to help them gain insights and by examining the interplay between modeling and representation the roles for representation can be defined

the most comprehensive overview of indian politics to date the companion incorporates the best social science knowledge available on the developments in indian politics and provides an analytical perspective of how such issues are best understood
