much of the recent literature on political perfectionism has focused on dealing with objections to this view this book adopts a different approach it attempts to highlight the intuitive appeal of liberal perfectionism by presenting a positive prima facie argument in its favour the book starts by clarifying the relation between political perfectionism a conception of politics and prudential perfectionism and ethical perfectionism a conception of the good life and a type of ethical theory it is crucial to start by selecting a plausible form of ethical perfectionism as it makes an important difference to the plausibility of the political conception based upon it once appropriate distinctions are drawn and a plausible form of liberal perfectionism is endorsed many of the standard objections to perfectionism are shown to fail to reach their target different arguments in favour of liberal perfectionism are then proposed and critically examined but the resilience of some pragmatic arguments against liberal perfectionism is conceded the book ends by showing that perfectionism can be surprisingly relevant for discussions of social justice and proceeds to draw a sketch of the perfectionist implications for questions of distributive justice

although formal barriers to women s social and political participation have crumbled society remains to a significant degree gendered in the roles that women and men play women s and men s choices regarding work and family are largely responsible for maintaining and reinforcing the differences while feminists recognize the need to criticize women s choices too often they focus on restrictive conditions rather than the choices themselves kimberly a yuracko argues instead that encouraging women to make choices in accordance with a grounded and well defined conception of perfectionism a philosophy concerned with human flourishing is the most effective way to redress persistent gender inequality to this end yuracko seeks not only to expose the perfectionism underlying current choice critiques but to articulate a concrete set of feminist perfectionist principles that would improve the quality of individual women s lives and improve the social standing of women as a whole
