this agenda setting text explores a broad range of value perspectives and their impact on and contribution to social work thinking on ethics including new perspectives such as islam and drawing on international contributors this is essential reading for all social work students studying ethics and values

this expanded third edition of a popular textbook provides a completely revised and updated overview of the theories models and therapies that inform direct social work practice the text is grounded in generalist social work principles and values and promotes a problem solving model of social work practice as a framework for the eclectic use of theory as well as for integrating the artistic reflective elements of practice it provides in depth coverage of select psychodynamic cognitive behavioral humanistic critical and postmodern theories the third edition features a new section on critical theories where a new chapter on empowerment theory is included with a completely revised chapter on feminist theory a new chapter on strengths based social work has been added to the section on meta theories for social work practice other new chapters include emotion focused therapy and collaborative therapy these revisions

are based on suggestions from an extensive survey of professors new to the third edition a new section on critical theories new chapters on strengths based social work emotion focused therapy empowerment theory and collaborative therapy updated research on the debate about the importance of theory technique versus common e g relationship factors and on the critique of the empirically supported treatment movement key features grounds direct practice firmly in the principles and values of generalist social work promotes a problem solving model of social work as a flexible structure for integrating the eclectic use of theory with the artistic reflective elementsof practice organizes direct practice theories into like groupings and provides an overview of the main characteristics of each grouping provides in depth coverage of topics in a clear logical and consistent format includes editors and contributors from the u s and canada

the book offers new practice frameworks that help to make sense of people s mental distress and recovery in relation to their social experience it explores the impact of social factors such as power abuse ethnicity gender and sexual orientation on the causes and experiences of mental health problems

seeing society offers an eclectic and comprehensive approach to sociological concepts and principles it shows how social organization affects social behaviour and identity classic statements concerning the nature of social life are balanced with contemporary selections which examine salient sociological issues and controversies

human behavior theory for social work practice provides an in depth examination of human behavior theories and helps students apply each theory to social work practice authors terry koenig rick spano and john thompson cover a broad spectrum of theories including ecological psychological and sociopolitical before applying them to a wide range of case examples that represent different stages across the human lifespan drawing from their extensive knowledge and experience in social work practice and teaching the authors also feature scholarly research and writing to support the understanding of the theoretical overview in each chapter

social perception and social reality contests the received wisdom in the field of social psychology that suggests that social perception and judgment are generally flawed biased and powerfully self fulfilling jussim reviews a wealth of real world survey and experimental data collected over the last century to show that in fact social psychological research consistently demonstrates that biases and self fulfilling prophecies are generally weak fragile and fleeting furthermore research in the social sciences has shown stereotypes to be accurate jussim overturns the received wisdom concerning social perception in several ways he critically reviews studies that are highly cited darlings of the bias conclusion and shows how these studies demonstrate far more accuracy than bias or are not replicable in subsequent research studies of equal or higher quality which have been replicated consistently are shown to demonstrate high accuracy low bias or both the book is peppered with discussions suggesting that theoretical and political blinders have led to an odd state of affairs in which the flawed or misinterpreted bias studies receive a great deal of attention while stronger and more replicable accuracy studies receive relatively little attention in addition the author presents both personal and real world examples such as stock market prices sporting events and political elections that routinely undermine heavy handed emphases on error and bias but are generally indicative of high levels of rationality and accuracy he fully embraces scientific data even when that data yields unpopular conclusions or contests prevailing conventions or the received wisdom in psychology in other social sciences and in broader society

this addition to anissa rogers bestselling human behavior in the social environment expands the original text with new chapters on spirituality families and groups organizations and communities written in the compact concise manner of the original text the new chapters cover

mezzo and macro contexts and offer additional material valuable to two and three semester hbse courses

social work with the aged and their families presents the functional age model fam of intergenerational treatment an integrative theoretical framework for social workers practicing with older adults and their families in keeping with the council on social work education s curriculum mandate of 2015 social workers are now encouraged to use human behavior theories in working with their geriatric clients this fourth edition incorporates much needed additional techniques to address the mental health assessments of the elderly fam addresses the assessment of older adults biological psychological socio cultural and spiritual age it also incorporates an evaluation of the family system family roles and family development in this assessment interventions at the individual family group and community levels are discussed this volume augmented with recent concepts related to successful aging spirituality and resiliency presents the major converging conceptual trends that constitute a model for twenty first century social work practice in the field of aging it is an indispensable text for those training in social work practice with the elderly or those currently in practice

this book is a useful companion to every social science student who desires an understanding of classical theoretical developments in and evolution of the disciplines

which citizens have fought america s wars which ones should fight in the future and how should they be recruited should military or other national service be an obligation for every citizen david segal s probing look at the complex issues behind these questions tells us much about the changing manpower needs of our armed forces and about the evolution of civil military relations in the united states segal analyzes the mobilization contributions and limitations of drafted reservist and volunteer forces from the early days of the republic to the present in the process he shows how americans have come to separate the benefits of citizenship from service to their country symptomatic of this separation is the current reliance on an all volunteer military a system that treats military service more as an occupation and opportunity for self advancement than as a civic duty and obligation drawing on a vast interdisciplinary literature in american history sociology political science and economics segal illuminates the ways demographics weapons technology international relations scientific management and social policies have all affected the composition of america s armed forces he also shows how the military anticipated and expanded the american welfare system and played a pivotal role in creating better opportunities for minorities and women the capabilities and performance of u s armed forces in future conflicts will depend on a thorough understanding of and informed response to the crucial manpower issues segal discusses his thoughtful study should be required reading for military professionals and policymakers and will be of interest to anyone concerned about the future of this country s armed forces

the author presents a two tiered analysis that views postmodern legal thought as both a collective intellectual movement and as the work of particular theorists notably friedrich nietzsche michel foucault jacques derrida francois lyotard and richard rorty he concludes that even though postmodern thought does not give rise to a normative theory of right that can be used as a framework for deciding cases it can focus attention on genealogy and discourse and can empower those who have been denied a voice in the legal system annotation copyrighted by book news inc portland or

Right here, we have countless books **The Person And The Situation Perspectives Of Social Psychology** and collections to
