beauty and grace david grann bestselling author of killers of the flower moon drew

cement floor that he cracked his skull in three places and suffered a catastrophic brain
hemorrhage for two weeks he remained in a coma the world was gone to him and him
to it in his long recovery from his injury including understanding what his family and
friends went through as he lay there dying coming to terms with his now permanent
disabilities and trying to find some lesson in this cosmic accident he leaned on the one
sure thing that he knows and that didn t leave him his writing drew takes a deep dive

into what it meant to be a bystander to his own death and figuring out who this new drew is a drew that doesn't walk as well doesn't taste or smell or see or hear as well and a drew that is often failing as a husband and a father as he bounces between grumpiness irritability and existential fury but what's a good comeback story without heartbreak eager to get back what he lost drew experiences an awakening of a whole other kind in this incredibly funny medically illuminating and heartfelt memoir
