charles darwin a reference guide to his life and works provides an important new compendium presenting a detailed chronology of all aspects darwin s life the extensive encyclopedia section includes many hundreds of entries of various kinds related to darwin people places institutions concepts and his publications the bibliography provides a comprehensive listing of the vast majority of darwin s works published during and after his lifetime it also provides a more selective list of publications concerning his life and work includes a nearly year by year chronology detailing charles darwin s life family and work the a to z section includes many entries on concepts and people important in charles darwin s life and his work emphasizing during his lifetime but extending somewhat backwards and forwards from there the bibliography includes all of charles darwin s articles and books published in his lifetime in english and other languages as well as a selective list of works about him and his work the index thoroughly cross references the chronological and encyclopedic entries

quammen brilliantly and powerfully re creates the 19th century naturalist s intellectual and spiritual journey los angeles times book review twenty one years passed between charles darwin s epiphany that natural selection formed the basis of evolution and the scientist s publication of on the origin of species why did darwin delay and what happened during the course of those two decades the human drama and scientific basis of these years constitute a fascinating tangled tale that elucidates the character of a cautious naturalist who initiated an intellectual revolution

a single man stands behind the greatest deception in history charles darwin s ideas still penetrate every aspect of our culture including science religion and education and while much has been made of his contribution to the evolutionary hypothesis little has been publicized about the dark side of the man himself and how this may have impacted the quality and legitimacy of his research this daring and compelling book takes its readers behind the popular facade of a man revered worldwide as a scientific pioneer and unveils what kind of person darwin really was the book reveals disturbing facts that will help you perceive darwin firsthand through the eyes of family and friends and his own correspondence discern this darkly troubled man struggling with

physical and mental health issues uncover his views on eugenics and racism and his belief that women were less evolved than men thoroughly documented this book reveals darwin's less than above board methods of attempting to prove his so called scientific beliefs and his plot to murder god by challenging the then dominant biblical worldview

this calendar is a catalogue of the letters the editors of the correspondence of charles darwin have found to date information on the source and location of each letter is given together with a brief summary of the content first published in 1985 the calendar has been amended to take account of recently discovered material and re interpretations or re dating of known letters a new supplement lists over 1000 amendments to the main body of the text together with over 500 addenda relating to newly discovered material
